New Outrages By Mexican Rebels Reported To The U. S. Government

Death of Five Americans, Two Girls and Three Men—Constitutionalists Investigate Killing of British Subject and Disappearance of German-American—American Government Awaiting Result Before Taking Further Steps

(Canadian Press) Washington, March 5.—Dr. J. H. Wittgenstein, naturalized American physician, is here from Mexico. He will today report to United States government three deaths of five Americans, two girls and three men, slain in Mexico.

He said in Zapata command, attacked the home of R. F. Bender, American farmer, six miles north of San Juan, Sinaloa, at night. They set fire to barns and houses. As Bender's two sons rushed out of the house they were shot dead. Defending her sick husband, Mrs. Bender, killed one of the invaders. She dragged herself to San Juan and organized a rescue party, of whom I was one.

Washington, March 5.—The apparent full on the part of the United States in pursuing its inquiry into the death of William S. Benton, a British subject, and into the mysterious disappearance of Gustave Bauch, an American citizen, is only temporary, according to those well informed on the intentions of the Washington administration. The United States, it was explained today, simply is awaiting the outcome of the investigation initiated by General Carranza's determination to supply information about the Benton case through the right to ask it, was favorably received here and his prompt ordering of the inquiry into the Bauch case likewise welcomed.

There is every likelihood, too, that if Bauch was wantonly murdered as reported, a satisfactory explanation and the punishment of the offenders will be demanded. The disposition of the administration officials is to give Carranza an opportunity to carry out his announced purpose of investigation without being hindered by any other investigating commission of Americans. The latter commission, however, has not been received by the state department. Governor Colquhoun's efforts to force Carranza's disappearance, are being watched here with much interest by Washington officials.

Persons familiar with the inaccessibility of the territory through which General Carranza will be isolated for the next ten days or more during his overland journey to Chichuashua City, do not expect that there will be any report on the subject for another fortnight. Though the Huerta government has promised a full and complete explanation of the reported killing of Clemente Vergara, an American citizen near Hidalgo, Mex., nothing of a satisfactory nature has as yet been received by the state department. Governor Colquhoun's efforts to force Carranza's disappearance, are being watched here with much interest by Washington officials.

GRAVE CHARGE AGAINST PROMINENT PARRISBORO DOCTOR

Case Arises From Death of Young Woman—Criminal Operation Alleged—Doctor a Former Mayor

Word received in the city today from Parrisboro, N. S., said that excitement was intense in that town over a case of alleged murder in which the death of a young woman, Mrs. Frank Wheaton, aged 21 years, was said to have been caused after a criminal operation by a leading physician of the place. Her funeral was to have been held on Sunday last night at her residence, but the services were assembled in her late home waiting for the last farewell to the corpse, a dramatic conclusion was made that she was, until recently, mayor of that place. In his present embarrassing and serious situation he has the sympathy of many friends who say that he can present arguments to refute the finding of the coroner's jury which held that he was guilty of a crime.

When the announcement that the funeral had been halted for a day or two was made, about eight o'clock, he was waiting outside the home for the cortege to proceed for Mrs. Wheaton and her people, which he held in high regard by many friends who are amazed at the kaleidoscopic order of the events which have transpired since the receipt of anything out of the ordinary was received. The sudden disclosure caused a shock to the community, and the coroner's jury, who are awaiting the outcome with eager interest, is not until Tuesday, but permission was given for the burial of Mrs. Wheaton.

EXPRESS COMPANY CANNOT COMPLETE

United States Company Faces Liquidation PARCELS POST THE CAUSE

Stockholders Likely to Receive Less Than Market Value For Their Holdings

New York, March 5.—The advance of twelve points in United States Express stock on Friday gave rise to a number of rumors seeking to account for it. In some quarters it was suggested that a well-known tourist agency was endeavoring to secure control of the company to enable it to better handle its Panama Exposition trade. Another rumor said that a division might be made of the fact that in the first four months of the present fiscal year, the company earned less than \$40,000 or 0.5 per cent on operations, this seems utterly absurd and may be the distance to the stockholders.

President Appeals To Congress For Repeal of Panama Canal Tolls

Declares Exemption For American Ships Not Only a Mistaken Economic Policy But in Contravention of Treaty With Great Britain—Shortest Presidential Message on Record—Administration Leaders Promise Prompt Action

(Canadian Press) Washington, D. C., March 5.—President Wilson personally appealed to congress, assembled in joint session today, to sustain the national honor of the United States in upholding treaty obligations by repealing the Panama Canal Exemption against which Great Britain protests. He asked congress to do that, "in support of the foreign policy of the United States," and added that an exemption for American ships not only was a "mistaken economic policy" but was in contravention of the Hay-Pauncefote treaty.

It is intended to merge the counties of Digby and Yarmouth in the west part of the province, and Antigonish and Guysboro in the east end. Richmond county will be added to South Cape Breton, but this will not affect the representation of the island, as the united constituency will return two members, which with Inverness and Cape Breton, North Victoria, will still give Cape Breton Island the four members to which it is entitled on the basis of population. The population of both of the united counties of Antigonish and Guysboro and Cape Breton South and Richmond, will be Roman Catholic by a considerable majority. It would appear in consequence that either W. F. Carroll, M. P., or G. W. Kye, M. P., would retire from the latter constituency, as does the fact will be to run a Protestant and a Catholic for the two seats and both gentlemen belong to the latter class.

The case of Whitcomb vs. the St. John's clergy is now before the court. The defendant did not appear and it was claimed that he was not served with papers. After some delay, the case was adjourned to next Tuesday.

F-RAYS AGAIN PROVE SUGGEST

Madrid, March 5.—Iglesias Blanco, an engineer, made a successful experiment yesterday with an ultra-violet ray similar to the F-rays used by Signor Uvini, the Italian inventor. Blanco succeeded in exploding a case of dynamite buried in the ground, at a distance of half a mile.

Blanco claims that by his invention he can explode the magazines of warships or the gasoline tanks of aeroplanes and dirigible balloons.

BONAR LAW NOT ELIGIBLE

Dublin, March 5.—The corporation of the city of Dublin yesterday sanctioned the naming of streets, "Carson," "O'Brien's" and "Redmond," after the Ulster Unionist leader and two Irish Nationalist leaders respectively, but refused to allow a street to be called "Bonar Law" because he is a Scots-Canadian.

The name of Carson is allowed because Sir Edward is an Irishman.

MRS. LAURENCE MACLAREN

Within two months of her ninety-first birthday, Mrs. Jane Murray MacLaren, widow of Dr. Laurence MacLaren, passed away last night at her residence, 76 Charlotte street. Mrs. MacLaren had been frail during the last few months, but retained her keen interest in everything till near the end.

Mrs. MacLaren, daughter of John Jardine, of Liverpool, England, was born at Richmond, N. B., in 1823. She married in 1844 Dr. Laurence MacLaren. Three sons and three daughters, besides one brother, survive her, namely, J. S. MacLaren, inspector of customs, of this city; Mrs. P. J. Turner, of Toronto; Miss C. J. MacLaren, of Miss J. MacLaren, of London. David Jardine, another brother, of Liverpool, died in 1911.

Mrs. MacLaren was a member of St. Stephen's church. Her loss will be deeply regretted by many friends.

THE "BABY MYSTERY" RESULT OF DECEPTION

Winnipeg, Man., March 5.—The "Baby Mystery" turns out to be no mystery at all. Mrs. J. B. Jones who carried off her half hour old child has admitted no child was born to her and that the story was merely intended to delude her husband who had been told a child was coming.

It appears Jones desired a child and his wife told him one was coming. Unable to continue the deception she planned with an unregistered midwife Mrs. Anderson to adopt an infant and present it to Jones as his own. They were apparently unable to find a child. When Jones went home one afternoon a week ago his wife was in bed and told him a child had been born and taken away by Mrs. Anderson. When the child was not returned Jones notified the police whose search revealed nothing. Finally the facts came out and Mrs. Jones admitted no child had been born.
