**THE RING**  
Johnson.  
Boston American.—It would surprise nobody to see Johnson soundly beaten by almost any big fellow with a punch. A man who has hit the high places so often and so long as Johnson has would hardly be fit to race around a prize ring for an hour or so, to say nothing of scrapping with a lightly heavyweight, too. If Johnson can "come back" after more than two years' of disputation he is different from most men. Nearly every young man thinks he can hold the pace that no other man could—wherefore nearly every young man is a fool. Johnson never showed that he could go farther and faster than the rest.

**KENNEL**  
Pays \$20,000 for Bulldogs.  
London, Jan. 20.—When Arnold Lawson, son of Thomas W. Lawson, of Boston, sailed for America this week he will take with him what is probably the most valuable collection of champion bulldogs that ever crossed the Atlantic. Although the young sportsman refused to say the exact amount paid for the collection he said it would probably approach \$20,000.

Lawson's trip to Europe was not solely for the purpose of buying dogs. He came on business for his father primarily, he said, "but father told me if I found any exceptionally fine specimens of English bulldogs to purchase them for our kennels at Dreamworld." He added:  
"To say that I was successful would be putting it rather mildly." "For I can say without fear of contradiction that I am taking back with me the best bred bulldogs in England, if not the best in Europe."

**BASEBALL**  
Frederickton Gleaner.—The figurative bolt of the New Brunswick & Maine Baseball League was started rolling on the 1913 way yesterday when J. J. McCauley, frey, the local baseball mogul, had a conference at St. John with D. B. Donald, the secretary of the league.

The Marathon manager has been laid up at his hotel in St. John for some time with a recurrence of an attack of nervous trouble which he had last fall, but hopes to be around again all right in a few days. The conference was of an informal nature, but it was decided to go ahead with the reorganization of the New Brunswick & Maine League for 1913 and not to go into the Northeastern League with New England clubs.

With this idea in view Mayor Hooper, the president, will probably soon authorize a call for the postponed annual meeting of the N. B. & M. League to be held in this city the first week in February. In the meantime McCauley, Donald, McNeil, and the St. Stephen-Calgary parties will be communicating with and asked to have representatives present at the meeting. Frederickton Gleaner.

**Diamond Sparkles.**  
Both the American and National leagues want Hank O'Hay for umpire.

Jimmy Barrett, one of the greatest fielders ever in baseball, is to retire and go into business in Detroit.

**Evers Wants New Style.**  
Johnny Evers, manager of the Chicago Cubs, says he is in favor of increasing the hitting by allowing a runner to advance a base whenever a pitcher gives a free pass, no matter what bases are occupied, and by reducing the number of balls from four to three. He is quoted as saying:

"When a twirler deliberately passes a heavy hitter to get a weaker one, the fans are disgusted. Often in a contest men will reach third and second with a strong batter coming to the plate. He is passed for a weak batsman. Under the proposed rule this would be abolished. Should a pitcher purposely pass the strong hitter, the man on third would be permitted to score and the man at second go to third. The scheme is to make the pitcher put the ball over the plate and encourage more practice for better control."

**Lou Kruger.**  
St. Louis, Jan. 20.—The veteran catcher, Lou Kruger, has not passed out of the game yet. He has signed to coach the St. Louis Browns' young pitchers in Waco during the spring training trip. After the training season Kruger will scout for new material.

## "JAKE" GAUDAUR AND HIS BRIDE

Canada's veteran carman and former champion sculler of the world, who was married recently in Halifax, to Miss Alice Grace Hemming, of Yorkshire, England. The marriage is said to be the culmination of a romance which began years ago, when Mr. Gaudaur was rowing in one of his best races in the old country.

1,003 opponents at bat, who made 211 hits, twenty-one
