P. liner Empress of Scotland in rescuing the crew of the Newfoundland ship Clontarf in the North Atlantic on January 6, 1923, was recognized yesterday afternoon.

ST. JOHN BOXERS TO MARITIMES

Several Will Go to Halifax for the Championship Meet.

St. John will be represented at the Maritime boxing championships at Halifax next week by Louis Donovan, present 126-pound Maritime champion, James Sands, 118 pounds, and Joseph Farrell, 138 pounds, and Joe Yeno, featherweight. As Donovan is to box this year in the 126-pound class it is probable that Farrell will go over and make another try against Ray Kennedy, Maritime champion. There is a possibility that Murray Young, son of "Jimmy" Young, also will go over. Young, who annexed the New Brunswick 112 pound class, is a greatly improved boy, and should make a good showing if he meets the younger, who was pitted against Harold Warnock, St. Mary's A. C., at the recent tourney in the 118 pound class, and gave him such a tussle that Warnock was unable to go on in the finals.

SAID HE TOOK COAL TO SELL IT

Boy Admits Matter in Court and Magistrate Gives Warning.

Two juveniles appeared in the police court this morning charged with stealing coal from cars in the C. P. R. yard off Mill street. Gordon Costello, of the Investigation Department of the C. P. R., said that the boys had opened one of the cars and deliberately taken the coal. Questioned by Magistrate Henderson, one of the two acknowledged that he had taken coal but was caught with it before he got away. He said he had intended to sell it. The other acknowledged taking it. One appeared for the first time, but his companion had been in court on other occasions. The latter was sent below and warned that he would be allowed to return home with his mother, but if he ever violated the law again the charge would stand against him. Magistrate Henderson said he would dispose of the other boy later in the day. He said the C. P. R. were disposed to make an example of these cases in an effort to put a stop to these thefts and also as a warning to those who purchase goods from boys knowing them to be stolen.

LOCAL NEWS

HE DID NOT RETURN. One man who was arrested last night on a charge of drunkenness was later allowed out on a deposit and failed to appear before Magistrate Henderson this morning the money was forfeited.

WAS THIS ACT OF GOOD CITIZEN?

Report to Building Inspector Raises Question in Police Court.

During a case in the police court this morning in which Building Inspector James Carleton appeared to lay a complaint against H. C. Robertson for making repairs to his building in Waterloo street without having secured a permit a question arose as to "a good citizen." The inspector said that in consequence of information he received from a neighbor of the defendant he had investigated and discovered that renovations were made without a permit as required by the law and as a result he had made out the information. He said he considered a person who would give the authorities information of that type a good citizen.

Magistrate Henderson said if the latter course had been followed the person referred to might have been a better neighbor, but it would not imply that he was a better citizen. He explained that it was not, however, a case of morals vs. legality. Mr. Robertson said that he had made the renovations, but was ignorant of the fact that he was violating the law by not applying for a permit. He said that he knew a permit was necessary for work on the outside of a building, but he did not think work such as he was doing required a permit. Magistrate Henderson said he would set the case over until Wednesday and that in the meanwhile satisfactory arrangements might be made.

THEY'RE JOINING FOR TOURIST WORK

C. B. Allan Reports on Drive—Association May Convene in St. John.

The success attending the campaign of the New Brunswick Tourist and Resources Association for increased membership has been most heartening. C. B. Allan, secretary-treasurer, said this morning. "Provincial centres have rallied splendidly to assist us. In Moncton we went out 400 personal letters and received responses to 275, while at St. Stephen we received support from 116 people out of an appeal to 200. It has been this way all along the line."

May Convene Here. Mr. Allan said it was highly probable that the annual convention of the association would be held this year in St. John about the first week in June. Consideration is being given to a proposition to hold the convention on a steamer on the St. John river, but it is doubtful if arrangements suitable for the members could be made regarding this plan. Last year, the convention was held on the steamer Governor Dingley on the way to Boston and was a notable success.

Owing to the fact the Canadian Good Roads Association will hold its annual convention at St. Andrews in June and because C. C. Avar, president of the Tourist Association, will leave for England about the middle of June, Mr. Allan thought the date for the 1924 annual would be set for the first week in June.

BRINGS MORE PLANS. Gilbert Townsend, representative of Ross & McDonald, architects on the new Admiral Beatty Hotel, arrived in the city today with further plans and specifications of the new structure. These will be available for contractors who desire to figure on the plumbing heating and electric wiring in the hotel.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "did you see the Premier in Fredericton?" "I did so," said Hiram. "We got a bill out there to the Settlement that ain't fit to take a team on. The road is washed out every spring an' gits worse an' worse. I went to Peter an' I told him to come an' see it fer himself. Well, sir, he says to me, says he: 'Hiram, I know all about that there road. I got a letter about it four or five years ago. I had the supervisor make an estimate on it an' told him to get the work done. He hired you fellers out there to do the work. Whenever anybody come in sight you stood up an' your shovel an' talked about him till he went past an' was out of sight—then you waited fer the next feller. If you Settlement fellers had earned your money that there bill 'ud be all right today—but you used up the money an' didn't do the work—ain't that so?' And when Peter put that way I 'ud to own up he was right—By Hen!"
