

retired, thus making in all 107. The membership in Jan., 1893, was 791; now it is 800. There have been 31 Baptisms—one adult and thirty infants.

In conclusion the Session feel deeply grateful to Almighty God for His sustaining goodness in the midst of all the work undertaken in the various departments in the congregation. In everyone of these good service has been rendered.

The S. S. entered into its new home in February last. The Session are thankful that after much faithful work on the part of the Building Committee such satisfactory results have been reached in the completion of the S. S. Room. In a word there has been great cause for encouragement in all the organizations of the church. May the years to come in College St. be signalized with much nobler service than ever we have seen in the past, to the glory of Christ who is Head over all.

### Managers' Annual Report.

In presenting the annual report of the Board for the year eighteen hundred and ninety-three, we have every reason to be thankful for God's goodness to us. The various reports which will be presented this evening, and which you have a synopsis of in your hands, indicate a very considerable increase in the work of the various departments, and we have every reason to believe from a spiritual standpoint that a satisfactory advance has been made, and we commence the new year with good prospects for the future, and it is the sincere wish of the Board that these hopes will be realized.
