

## ANNUAL MEETING OF WOMAN'S AUXILIARY

St. John's Honors Miss Woods  
—Needs of Columbia  
Coast Mission

The annual meeting of St. John's branch of the Woman's Auxiliary to missions, held Tuesday afternoon in St. John's hall, Herald street. A pleasant feature of the gathering was the presentation to Miss Woods by Rev. Percival Jones, rector of St. John's, of a life membership on the Diocesan Board as a mark of appreciation of her many years of useful work in the parish. Miss Woods was also the recipient from the congregation and the W. A. members of a framed life membership certificate and the Winchester gold cross (badge of the W. A.) with her work as president engraved on the back. Mrs. Burns pinned on the badge and Mrs. R. H. Walker presented Miss Woods with a beautiful bouquet of rose carnations. The recipient was completely taken by surprise and, in a few words, expressed her great appreciation of the honor done her. Mrs. Toller, the organizing secretary, gave a most interesting address on mission work, and was followed by Miss Murray Thain who spoke on "The Ladies Branch of the Mission Work." The officers elected were: President, Mrs. R. H. Walker; treasurer, Mrs. Randall; corresponding secretary, Mrs. Sanborn; recording secretary, Mrs. T. Walker; Dorcas secretary, Mrs. Norrish; C. C. secretary, Miss Coates; leaflet secretary, Miss E. Woods; literature secretary, Mrs. A. L. Burns. Mrs. Burns, who is retiring after five years' work as president, was elected honorary president.

Rev. A. J. Stanley, A. C. curate of St. John's, presided over the meeting with prayer, took the chair during the election of officers, and dismissed the gathering with prayer and the doxology.

Cathedral Branch.  
The sixth annual meeting of the Cathedral branch of the Woman's Auxiliary to Missions took place on Monday, upwards of 40 members being present. The Very Rev. Dean of Columbia occupied the chair. Reports were read, showing how satisfactory the year's work had been.

The dean gave an encouraging address, dwelling at length on the needs of the Columbia Coast Mission and urging the members of the W. A. to read more missionary literature.

The treasurer's report showed receipts to be \$800.00, and disbursements \$804.27, leaving a balance in hand of \$111.52. The Dorcas work of the branch was particularly good, bales being sent to the C. C. mission at Valparaiso, Chile, school at Hay River, the Indian school at Alert Bay, and to Saanich and Cumberland.

After the meeting adjourned tea was served by the committee in charge.

Board Meeting.  
The board meeting of the Woman's Auxiliary to Missions, Columbia diocese, will be held in St. Mark's school-room on Friday at 2.30 p. m. A large attendance is most necessary, as it is the last meeting before the annual one in May.

ALASKA COAL CASES.

Northern Merchants Fear Delay Will Result in Hardship.

Cordova, Alaska, April 28.—No action of decision by the federal government regarding Alaskan matters in recent years has dealt such a death-blow to the hopes of residents of the northern territory as the decision just made postponing the hearing of the coal cases by the Supreme court until next October, news of which has been received here. For months many business men have been extending their credits with wholesale houses in the belief that an early settlement of the coal cases would be made and that a new era of prosperity would begin. Merchants of this city and mine owners of the surrounding country yesterday sent cablegrams to President Taft urging him to hurry the investigation so that the question involved can be settled and the development of Alaska's resources made possible.

Local business men say that if the coal cases are not decided in May there is no hope of native coal being available for the local markets until 1913. It is asserted that many local business men will find this a severe hardship, as the excessive prices demanded for foreign coal are a severe drain. The messages sent to Mr. Taft urge him to use his influence to have the hearing of the coal cases advanced to an early date. The case in question is the government's appeal from the decision of Judge Cornelius H. Hanford, in the United States district court at Seattle, quashing the indictment against the defendants in the English or Stracey group of claims.

MAY EXTEND ARMISTICE.

Madero Willing to Continue Truce if Negotiations Appear to Be Under Way.

El Paso, Texas, April 28.—Francisco I. Madero, Jr., the Mexican insurrection leader, reiterated today his expressed willingness to extend the existing armistice when it expires next Friday if negotiations appear to be under way. Madero said that the railroad leading south out of Juarez would not be repaired pending the conclusion of the armistice, unless they were in the hands of the insurrectionists. The repair of the road between Juarez and Chihuahua, in particular, he said, would afford a means of bringing federal reinforcements to Juarez if peace negotiations should fail. He was willing, however, that repairs be made to the track of the Mexican Northwestern road, now being operated by the insurrectionists to a point within twenty miles of Juarez. The same cable, out again today, and with an abundance of provisions brought from the American side the insurrectionists spent the day in idle enjoyment of bodily comforts.

## CANADIAN TROOPS FOR CORONATION

Contingent to Undergo Drill  
Before Embarking for  
England

Ottawa, April 28.—A militia order issued this morning announces that the coronation contingent will concentrate for eleven days' drill and instructions at a depot of the arm of the service to which they belong and for three days at Quebec prior to embarkation for England, as follows:

From Western Ontario and all points in the immediate vicinity of Toronto, at Toronto, commencing May 22.

From points east of Toronto, at St. Jean, Que., commencing May 22.

Artillery, horse, at Kingston, commencing May 22.

Artillery, field, at Kingston, commencing May 22.

Artillery, garrison, at Quebec, commencing May 22.

Infantry, and all other dismounted branches of the service at Quebec commencing May 23.

LOSERS HOLD ON YARD  
AND FALLS INTO SEA

Seamen on Abner Coburn  
Drowned—Heavy Sea Pre-  
vented His Rescue

San Francisco, Cal., April 28.—The schooner Americana, now out 71 days from Newcastle, Australia, for this port and fully due, has been chartered by J. J. Moore & Co. to load lumber on the Sound or Willapa Harbor for Sidney.

In coastwise business the only charterers were the schooner Nokomis to load lumber at Tacoma for San Pedro at \$4.50, she having sailed from San Pedro for Tacoma April 19, and the schooner Mindoro from Columbia river to Honolulu, \$5.00. The Mindoro is now at Rendonolo.

The ship Abner Coburn, Capt. Murray, which has arrived in port with coal from Newcastle, Australia, reports the loss of one seaman and a difficult voyage. Very heavy weather was met by the windjammer at various stages of the voyage from the British colony port. During one of the severe squalls while northwest gales kept the hands busy on the canvas, Isaac Walker, 22 years of age, and a native of Ireland, lost his hold on the fore-upper-topsail yard and fell into the sea. The waves were running high and although Capt. Murray immediately ordered a boat launched to the assistance of the sailor, he sank from sight before he could be rescued. Capt. Murray reported that about 18 and 19 the command was taken through a quantity of lumber, evidently from the deckload of some vessel which had met with stormy weather. The lumber measured 12x12 feet and was mostly of 50-foot lengths.

Upon her arrival from the Mexican coast the Pacific Mail steamship City of Sydney still bore evidence of a collision she had with the German ship Verrucchi in the harbor of Corinto, Nicaragua, on March 10. While coming to an anchorage in the Central American port, the Sydney fouled the windjammer and had her starboard quarter raked by the sailing ship. The vessel's lifeboats and the davits and a portion of the rail were badly damaged by the impact.

REBEL TRIBESMEN REPULSED.

Tangiers, April 28.—Advices from Fez under date of April 19, states that 2,000 rebel tribesmen attacked the city from the north but were repulsed by a heavy infantry and artillery fire. Provisions have arrived in the city, which has held out for some time. European consuls in this city have decided to urge the Europeans at Fez to leave for this place as soon as possible.

CHICKENS BURNED.

San Jose, Cal., April 28.—Ten thousand birds were burned in a fire at the California Chicken Company's yards, near Los Altos, Saturday night. Three hundred feet of one of the principal buildings was destroyed and 100 incubators and other valuable property was burned.

## IMMIGRATION RETURNS SHOW LARGE INCREASE

(Special to the Times.)  
Ottawa, April 28.—The total immigration into Canada for the fiscal year ending March was 311,084. Immigration from United States was 121,451, and by ocean ports 189,633. The total immigration for the previous fiscal year was 208,764, the number from United States being 103,798, and by ocean ports 104,966, an increase for the year of 49 per cent.

THE VETO BILL.

Two Proposed Amendments Defeated  
in House of Commons.

London, April 28.—The House of Commons sat very late last night in its discussion of the second clause of the parliament bill, which relates to the curtailment of the powers of the House of Lords, and rejected numerous amendments seeking to exclude all sorts of measures from the operation of the bill.

An anti-home rule amendment, proposing to exclude "any bill to establish a separate parliament and government for Ireland," which was moved by John B. Lonsdale, Unionist, was defeated by a vote of 284 to 190. The division on this amendment showed no cross voting, but a few Liberals, including Neil Primrose, the youngest son of the Earl of Rosebery, did not vote.

John George Butcher, Unionist, moved an amendment exempting from the operation of the bill any bill affecting the continued existence of the crown's prerogatives.

In opposing this amendment Sir Robert B. Findlay, the attorney-general, said the security of the crown rested on the loyalty of the people, and it would be an evil day for the crown when it depended for existence upon the Lords veto.

Another amendment was defeated 278 to 168.

THREE MEN KILLED;  
FIVE OTHERS INJURED

Vancouver, April 28.—Three men were killed and five others badly hurt last Wednesday at midnight when the bunkhouses of the Jumbo mine near Sulzer on Prince of Wales Island were swept away by a snowslide.

The only name of the dead known here is that of James Flagg, a young engineer from Tottenham, London, England. He has a brother in Vancouver or Victoria.

WANT ANOTHER LIGHTSHIP.

Vancouver Shipping Men Ask to Have  
One At Pt. Atkinson.

Vancouver, B. C., April 28.—The meeting of the Vancouver Shipmasters' association on Friday night dealt with the need for improved lights in local waters and the principal aid to navigation. The association is now engaged in establishing a lightship off Point Atkinson. The skippers stated in the course of the discussion that the light-house at Point Atkinson was not satisfactory, as inbound vessels could not get their exact position and the course to the Narrows.

A lightship, it was stated, would enable vessels to run along the coast with direct and exact course laid into the Narrows. Another improvement to navigation asked for was a diaphane at Prospect Point. These demands were forwarded to the Department of Marine.

TREK TO PEACE RIVER.

Vancouver, April 24.—With ox, horse and mule teams, with even cattle and horses hitched together, settlers are making their way into the Peace River country in the region of Grande Prairie, says C. S. Arnold, who has just returned from a trip to the head of Lesser Slave Lake. He states that the influx is at present by way of Edmonton and not by the Peace River, as was formerly the case. Arnold, who has been in the region of Lesser Slave Lake the winter weather broke and he was forced to come south again, the snow having started to melt and the ice on the rivers threatening to break up.

Mr. Arnold considers the land around the head of Lesser Slave Lake quite suitable for agricultural uses. At the present time there is quite a large French colony at the head of the lake, and there is a thriving English settlement on the Swan River.

Transportation facilities are to be provided this summer by the addition of another steamer on Lesser Slave Lake as well as a new steamer on the Peace River. It is also expected that the C. N. R. will be built into Athabasca Landing this year.

TWO BURNED TO DEATH.

Topfield, Mass., April 28.—Trapped in the centre of a forest fire in Boxford, near here, Frank Simmons, Jr., aged 15, of Boxford, and Albert Morgan, of Beverly, were burned to death yesterday. Their bodies were recovered later.

Frank Simmons, father of the dead boy, and William Simmons, 17 years old, a brother, fought their way through the fire and both were so seriously burned they may not recover. A brush fire started by a farmer caused the blaze, which swept over more than 100 acres.

AUSTRALIAN LABOR LAWS.

Melbourne, April 28.—New labor legislation is to be brought forward by the Commonwealth government. According to Mr. Holman, wages boards will be created, together with a court of industrial arbitration, to settle appeals. All strikes will be prohibited and strikers who refuse to recognize the courts provided for the settlement of disputes will be heavily fined.

## NEW WIRELESS RATE FOR SHIP BUSINESS

The Dominion Government Announces Big Reduction for  
Ten Word Message

Important reductions in the charges made by the Dominion Government Radio-Telegraph service for transmitting messages, have been announced and are effective from April 28. A ten word aerogram may now be sent for 50 cents whereas in the past \$1.20 has been the rate.

This new rate which has just come into force only applies to ship business, in cases where a captain wishes to inform the manager of the company of his position or the manager wishes to dash orders to the skipper of any of the vessels under his control. Shipping companies welcome the news of this reduction and it will undoubtedly draw a great business to the Dominion Government stations on the coast. In carrying out the new rate, equipped nine stations along the British Columbia coast, which chain is looked upon as the finest and most up-to-date in the world, the government is now making the changes to be made for the sending of messages to vessels and interchanging with them.

KIDNAPPED LAD  
MAKES HIS ESCAPE

Man Overcome by Fumes of  
Chloroform He Was Administering to Captive

Omaha, Neb., April 28.—Dazed by the influence of chloroform, Bernard Smyth, 18 years of age, was a remarkable story of his escape from kidnappers. In fulfillment of many blackmailing letters demanding ransom from the boy's father, C. J. Smyth, former attorney-general, two masked men seized the youth early in the evening while he was walking home from a tennis club. They bound and gagged him, threw him into a closed carriage and took him to a deserted shack in a little suburb. According to young Smyth's statement, one man departed saying he was going to get Frances Hostetter, a 16-year-old girl and a chum of Smyth's and who also had been threatened. The remaining kidnapper threatened the remaining kidnapper with a pistol and administered to his captive. At that juncture he had escaped to a street car, which took him home. He is in a serious condition of nervous fright and stupor.

The affair marks a climax to a mystery which has alarmed the city for three weeks. Letters demanding \$2,000 on threat of kidnapping the boy and his sister had been persistently received on Sunday, and detectives guarded both the threatened families.

SHOPLAND-ARMSTRONG.

Popular Young Saanich People United  
in Marriage.

A wedding of very general interest to the people of North Saanich took place in the North Saanich Methodist church on Wednesday, April 19, at 2.30 o'clock, when Mr. Norman Shopland, Comox, formerly of North Saanich, and Miss Marjorie Letitia Armstrong, daughter of Mr. and Mrs. Armstrong, of the more popular young ladies of the community, were united in marriage.

The church was very appropriately decorated for the occasion and the ceremony was performed by the Rev. H. S. Hastings, pastor of the church, in the presence of an assembly larger than the seating capacity.

The bride party entered the church to the strains of the Bridal March. The bride, Miss Letitia Armstrong, was approached the altar leaning on her father's arm, attired in a beautiful costume of silk chiffon over ivory satin. She wore a pretty little flower girl's train, made in London, Eng., and carrying a bouquet of bridal roses and lilies of the valley. The bridesmaid, Miss Aggie Shopland, and the maid of honor, Miss Bertha Shopland, sisters of the groom, were gowned in white silk, wore white picture hats trimmed with blue, and carried large bouquets of carnations. Miss Jean Critchley, a reception was held at the groom's residence, where the groom was supported by Mr. William Armstrong, brother of the bride.

At the close of the ceremony the wedding party retired while the wedding march was being played by Mrs. Critchley. Reception was held at the home of the bride's parents, when a host of friends took occasion to offer their congratulations and best wishes. About one hundred and twenty-five guests sat down to a sumptuous repast, at the close of which short congratulatory speeches were made by the Rev. Dr. Reid and Rev. J. A. Wood, Victoria, and Mr. S. Hastings and Mr. J. Critchley of Sidney. The groom replied in appropriate terms.

The happy couple left the same evening for Victoria and Seattle. The bride's going-away gown was of grey cloth. Her large picture hat with willow plumes and her box of wedgewood blue ostrich feathers were the gifts of her cousins, Mr. and Mrs. Ernest Toye, London, Victoria. The groom's gift to the bride was a gold watch and chain; to the bridesmaid gold brooches; and to the flower girl a gold ring. The bride's gift to the groom was a signet ring. Mr. and Mrs. Shopland will leave in the near future for their new home in Alberta, carrying with them the best wishes of their many friends for a prosperous and happy life.

Among the numerous wedding gifts were the following:

Carving set, Jack Roberts, Sidney. Carving set, Miss Lizzie Stephens, Victoria.

Carving set and dozen knives and forks, Mr. and Mrs. Mitchell and family, Kamloops.

Silver photo frame and photo, Dr. Reid, Victoria.

Silver knives and forks, Mr. and Mrs. North, North Saanich.

## WHITE ENSIGN FOR CANADIAN NAVY

Naval Officers Are Opposed to  
Any Change Being  
Made

(Special to the Times.)  
Halifax, April 28.—Notable utterances were made by Rear-Admiral Kingsmill, Col. Denison of the Royal Canadian Regiment, and Capt. MacDonald of H. M. C. S. Niobe, at the dinner of St. George's Society last night in reference to the flag that they believe should be flown by ships of the Canadian navy. There has been some talk of a change in the white ensign for the Canadian navy, but these officers are against any change. They all spoke in favor of retaining the white ensign of England and against any changes in embellishment or mutilations in it whatever.

"To-day we have in the harbor," said Admiral Kingsmill, "the Niobe flying the white ensign. I hope it will always remain so flying. It did not seem creditable to him, he said, that that flag should ever be done away with in any manner or changed in any form, if we are to have a great navy or be a part of the British navy."

He did not know that anything of the kind was being considered by the authorities here or in Britain, but he believed it had been considered in Australia. He sincerely hoped it would not be in Canada, if such a change were to become effective it would be the end of our navy.

Col. Denison dwelt particularly on the fact that our army and navy as expressed on the coast list were Imperial, not local or auxiliary.

Captain MacDonald, the commander of the Niobe, said he was pleased that his ship was filled with men who are a credit to any nation. Many of them were French-Canadians and none of them did themselves or their nationality more honor as sailors than they.
