

CANARIES AND THE NET WORK WARN RESCUE PARTIES OF DANGER IN MINE

Birds Play Important Part in Operations in Tennessee

Washington, D. C., Dec. 13.—Canary birds made possible the rescue of five men who were taken from the Cross Mountain mine at Bryceville, Tenn., the bureau of mines here was informed today by Dr. Holmes, head of the bureau. This is the first big mine disaster in which live birds have played a life-saving role, although experiments have been made with them in a number of smaller accidents. The canaries, most sensitive to the atmosphere which will not support life, were taken into the mine by the netted rescuers for the purpose of detecting gases. As soon as the volunteers showed symptoms of dizziness they were not allowed to go far. Bells found beyond this point are brought back as far as the danger line, where they are carried out by the volunteers.

St. Petersburg, Dec. 13.—The Russia says the Russian troops, now concentrated at Kasr, eight days have elapsed, unless extraordinary events cause the Russian minister to order them to march toward Teheran at an earlier date.

Waterbury, Conn., Dec. 13.—Street cars for men only as a feature of the rush hours in this city are asked for in a petition submitted to the city council by several hundred suburban residents. The petition asserts that it is impossible for a man to retain a seat during the rush hours, because of large numbers of women passengers who regard themselves entitled to seats and subject the men who are seated to all kinds of criticism.

COUNTERFEITERS ARE SENTENCED

Chief of Band Had Plant in Interior of Nootka Island

Chicago, Dec. 13.—Albert Leon, Rudolph Marne and Swanson, who have manufactured thousands of dollars in counterfeit notes, according to their confessions, pleaded guilty in the United States district court yesterday. Leon and Marne were sentenced to ten years each and Swanson to five years. Leon, the chief, is said to be a Russian refugee, his activity for years having been the thorn in the side of the United States secret service. The notes were made in a dense forest on Nootka Island, B. C. From there the cities of the west, especially the Pacific coast, were flooded with notes. Swanson was the first arrested here, then Marne, and later Leon was arrested in New York, just as he was about to board a steamer for the West Indies. From Leon's confessions, the foot was found, also several thousand dollars of spurious money was recovered near a tree in a city park here.

REVOLUTIONISTS AGAIN ON MOVE FORCE IS MOVING TOWARD HANKOW

Division Organized at Canton Will Be Dispatched to the North

San Francisco, Cal., Dec. 13.—The forces of the revolutionists, who have lately been engaged in the attack on Hankow, moved today toward Hanchow, in the province of Hubei, in the imperial control, is situated, according to a dispatch received from Shanghai by the Ching Sui Yat Po. Another division of the rebel troops has been organized at Canton, it is also stated, with General Chan Kwing Ming as commander. This division will also be sent immediately for service in the north.

Tong Shu Yi, the personal representative of Minister Yuan Shi Kai, was reported to have arrived at Hankow on his way to Shanghai, where he will meet the rebel leaders in a peace conference. The Chinese national association in America, which has its headquarters here, sent dispatches to-day to the secretary of the Washington office to the ministers of foreign affairs of Great Britain, France and Belgium, asking them to use their influence to prevent a loan by any of the financiers of these respective countries to the imperial government at Peking. They stated in the dispatches that such a loan would be construed as an unfriendly act toward the new Chinese republic.

Fighting Reported.

Amoy, China, Dec. 13.—Fighting is reported to have occurred at the north gate of Chuan Chow. Troops were dispatched yesterday from here to Chuan Chow to restore order in the nearby districts.

Funds for Revolutionists.

New York, Dec. 13.—The Tonges of New York's Chinatown, which have in the past indulged in prolonged feuds of a murderous nature, have combined and extended the right hand of fellowship to each other in the furtherance of a common cause—the contribution of funds toward the support of the revolutionary forces in China. Under the guidance of the Chinese merchant association, the leaders of the Tonges have subscribed \$10,000 each and pledged their tongues to larger sums. Old Tow Lee, so-called mayor of Chinatown in a proclamation of peace says: "Brethren, we have buried the hatchet in the breast of the Manchu dynasty." He hopes to send \$100,000 to the rebel leaders in China next month. More than half of this sum is already in sight.

National Convention.

Shanghai, Dec. 13.—Tang Shao Ya's declaration that the peace negotiations shall be carried on at Shanghai is well learned here with much satisfaction in leading republican circles. It is believed that Tang, after conferring with General Li, the revolutionary commander, will be ready to make the best terms possible for the Manchus.

The revolutionists are prepared to give the most liberal guarantees for the future care of the royal family and for the safety of the Manchu prince. Preparations are now going on for the national convention at Nanking. Strengthening Guard.

Pekin, Dec. 13.—A Russian detachment of 350 men and two guns has arrived here to reinforce the legation guard.

SUFFRAGETTES ARE SENT TO PRISON

Convicted of Maliciously Damaging Property During Recent Demonstration

London, Dec. 13.—Twenty-two of the suffragettes arrested with 200 companions in connection with the demonstration at the House of Commons on November 21, were indicted at the London session yesterday. Nearly 200 have been summarily sentenced before the police magistrate at the Bow street court. Those sentenced yesterday had on their first appearance been committed for trial at the sessions and were called upon to answer the more serious charge of maliciously damaging property. The women entered the prisoners' enclosure by twos and threes throughout the day. The evidence was monotonously identical and sentences of two months in prison were awarded to all the suffragettes, with the exception of two who were discharged.

"REDEEMS" HER DAUGHTER.

Chicago, Dec. 13.—Mrs. Martha Mann, wife of a civil engineer on the Panama canal, "redeemed" her own daughter here for \$500. Mrs. Mann allowed the child to be adopted twenty-two years ago when she was unable to care for it as her husband's death had left her penniless. When she married again she took possession of her comparative wealth, her mother-in-law sent her on a quest for her daughter. She found her daughter with the woman to whom she had given her to be adopted. An agreement was reached whereby the girl, now 15 years old, was to be returned to her mother. Mrs. Mann explained to Judge Rickney, in the juvenile court, that the exchange of money was an estimate for the care of the child, and the court allowed the girl to go with her mother.

TAFT INSTIGATOR DYNAMITE INQUIRY

FACTS SUBMITTED TO HIM AT LOS ANGELES

Los Angeles, Cal., Dec. 13.—President Taft personally set in motion the government's present investigation into the dynamite case in which the McNamara brothers figured. The president, when he visited Los Angeles on October 16, was apprised by Oscar Lawler, then an associate of District Attorney John D. Fredericks, of the strong case built up by the latter against the McNamara brothers.

The president's action in the matter following his conference with Mr. Lawler was taken 48 hours after he left here. The McNamara trial was not but five days old, but the president was convinced, it is said, of the array of facts gathered by the state and was told that the McNamara brothers were not the only guilty parties.

Details of alleged tampering with witnesses and evidence in various parts of the country and the inability of the state authorities here to bring all the offenders to justice, were related to the president. It was up to the people to ask the nation's chief executive to assist them in a matter in which they were being balked on many sides. Local federal authorities had declined to take any steps in the matter, pending orders from Washington and District Attorney Fredericks was unable to go to Washington to present the facts.

It was through Mr. Lawler, a friend of the president, that the federal action was instituted. The investigation here will be finished in a few days. This can be stated authoritatively. Indictments will not be returned here, however, until the Indianapolis investigation is well under way and after consideration of all the testimony gathered. Then a definite programme of indictments can be determined upon. The term of the grand jury expires January 1, but it is believed the Indianapolis work will be completed before then.

The department of justice, it is said, is anxious to have Mr. Lawler go to Indianapolis to assist United States District Attorney Miller there. Mr. Lawler's familiarity with the voluminous confessions of Orrie E. McNamara, admittedly the government's star witness, is given generally as the reason for asking him to go to Indianapolis to interrogate McNamara and get into the record thereof the essential facts about the alleged conspiracies.

DETERMINED TO SUPPRESS CRIME

Spokane, Dec. 13.—The county commissioners yesterday offered a reward of \$500 for the arrest and conviction of the murderer of Chauncey R. Simmons, who met his death at the hands of a burglar on Monday. This offer does not apply to the city police force. At least twenty-five special plain clothes detectives are to be sworn in for duty immediately, 500 to 1,000 citizens are to be deputized and allowed to carry firearms, if necessary. Every person in the residence districts after dark is to be required to give an account of himself. Every available police officer in the city is to be dispatched to the districts where crime is reported. These are precautions taken by Chief of Police Doust, in view of the recent prevalence of crimes of violence.

DEADMAN'S ISLAND.

Vancouver, Dec. 13.—The Dominion government will not take over Deadman's Island for military purposes, it will not cancel the lease, and, in fact, it will not take possession of the island in any way whatever, according to B. L. Kinman, who has returned from Ottawa with Mr. Theodore Ludgate, owner of the lease of the island. The two went to the capital to oppose such a proceeding as the above, and Mr. Kinman states that the visit has necessarily changed his former opinion on the subject.

RIOT INTERRUPTS PEACE MEETING

Police Called to New York Gathering in Support of Arbitration Treaties

New York, Dec. 13.—A riotous outbreak interrupted a large mass meeting held at Carnegie hall last night in support of the arbitration treaties which President Taft has proposed with England and France. Twenty-eight reserve police were hurried to the hall. The outbreak occurred after Nicholas Murray Butler, president of Columbia University, had read resolutions urging the senate to ratify the treaties, and Alonzo Koelbe, of the German American Citizens League of the state of New York, moved that the majority resolution of the United States senate committee on foreign relations be adopted as a substitute for the Butler resolution.

"This declaration is not a promoter of peace, but a seedbed breeder of war," he exclaimed. "There can be no words were scarcely out of his mouth when men jumped to each side of the stage and raised their hands in an apparent signal, whereupon pandemonium was let loose in the upper galleries. Catcalls, yells, groans and hisses made it impossible for Chairman Joseph H. Choate to proceed with the meeting. One man on the platform jumped and shouted, "That packed gallery is composed of a lot of cowards." At this the shouts became louder and messages were brought into use. In the midst of the confusion, Chairman Choate announced that the Butler resolution had been unanimously adopted. Andrew Carnegie was down on the programme as the next speaker, but he sat in apparent amazement at the demonstration, and in his place Rabbi Stephen Wise asked for a hearing. He met with such cries as "shut up" and "throw him out," from the galleries. "I warn you that no people in the world will feel as badly at the result of this meeting to-night as the Irish leaders in the British parliament."

His reference brought forth an even greater combination of groans and hisses. Koelbe, whose resolution had precipitated the outbreak, called in vain to the people in the gallery to show a spirit of fair play. Finally police reserves entered the gallery and ejected the leaders, but no arrests were made. Chairman Choate, in announcing the adjournment of the meeting, said: "The action here to-night has done more to cause the ratification of the peace treaties than any of the speeches. As chairman, I declare the meeting adjourned without the audience having listened to the speeches of the other two gentlemen."

TRIBUTE PAID TO FAMOUS LAWYER

The Late Sir George Lewis Was Associated With Many Celebrated Cases

London, Dec. 13.—The English newspapers are still commenting regretfully on the death of Sir George Lewis. The press is unanimous in calling him the most famous English solicitor. As head of the firm of Lewis and Lewis, founded by his father, James Graham Lewis, more than ninety years ago in the house at 90 Ely Place, Holborn, where Sir George was born, he knew the secrets of thousands of important persons, yet he never kept a diary. He did not retire from actual business until the last part of 1901, when he was sixty-six years old. His only son, George J. G. Lewis, is now the head of the famous firm and succeeds to the baronetcy. Sir George was associated with nearly all the celebrated cases of the last 50 years and throughout the sitting of the Farnell sessions he acted for Mr. Farnell. It was he who discovered that the famous Parnell letter had been forged by Pigott, keeping this secret from the public until Pigott got entered the witness box. He also was engaged in the great Baccarat case which arose out of the play at Cranby Croft and he called King Edward, then the Prince of Wales, as a witness. Renowned for his secretiveness and the extra caution of his speech, before he retired from his firm Sir George destroyed with his own hands a great number of papers relating to secrets divulged to him. He was an inveterate first-nighter, and enjoyed race meetings. He was a collector of China and porcelain, and the latest case in which he acted was the latest action brought by Hon. Lloyd George, and which resulted in a retraction of all the charges against Mr. George and a verdict of \$54,000 damages and costs.

POISONED AT BANQUET.

London, Ont., Dec. 13.—Thirty-five medical students and doctors who attended a recent medical school banquet are ill with what is believed to be ptomaine poisoning. The classes at the medical college are practically unattended, as the students are in bed. Oysters are blamed for the poisoning. One student named Scott is exceptionally ill as the result of taking morphine to relieve his pain. All are expected to recover.

DISCRIMINATION AGAINST AMERICAN CITIZENS VIOLATED TREATY

Congressman Says There Can Be No Arbitration of Passport Question

Washington, D. C., Dec. 13.—Abrogation of the Russian treaty of 1832 because of race and religious discrimination in the granting of passports to American citizens, demanded in resolutions framed by Representative Sulzer of New York, and Senator Culberson of Texas, was discussed in a speech in the House today by Representative Sulzer. Mr. Sulzer is chairman of the foreign affairs committee, which unanimously reported this bill favorably. He declared that for nearly half a century Russia had persistently refused to live up to the treaty of 1832 in respect to the rights of American citizens without discrimination on account of race or religious prejudices. He declared it was a violation of the treaty of 1832 that affected the rights of all American citizens and that Russia not only refused to recognize American passports held by Jews, but those by Baptist missionaries, Catholic priests and Presbyterian divines. The United States, he said, must adhere tenaciously to the fundamental principle that the rights of citizens at home or abroad shall never be impaired on account of race or religion. He said the United States government had carefully lived up to its treaty obligations with Russia.

"The time for action by congress has come," said Mr. Sulzer. "There can be no arbitration of this situation and no more delay. A new treaty should be arranged in which Russia can find no loophole to enable her to discriminate against any class of American citizens on account of race or religion. The awakening has come with a keen realization of the affronts we have suffered for years at the hands of a government notorious for its lack of human sympathy."

PLAINTIFF GETS DAMAGES.

Vancouver, Dec. 13.—In the case of Capt. Johnson, of Sidney, against ex-consignees Moore and Ego for malicious arrest, the jury gave a verdict for \$60 for the plaintiff.

At the same time, in answer to questions submitted by Mr. Justice Murphy, they said that they believed that the constables conscientiously thought that Capt. Johnson was insane when they arrested him. Counsel for the defendants stated that he intended to bring the matter up in chambers, as he contends that the finding belies the verdict.

MILTON HENDERSON.

Similar thoughts entertained by young Henderson were those written by Erwin Smith in the note he left his wife. Only blacker were his hopes if that were possible. He wrote: "Dear Wife and Children—I don't think we can get out. We and Doris are burned badly. Let the house go back." He had just bought a home. "The camp owes me \$50. You can make the camp pay for my life Arthur and Duff started through entry No. 15. I don't know whether they can get out or not. Good-bye to all."

It is reported that Russia is satisfied with Persia's apology and that the Russian government will withdraw its demand for the dismissal of Morgan Shuster, the Persian finance minister, and also for indemnity. There will, however, in the future, be an Anglo-Russian control over appointments of officials by the Persian government.

KING'S SISTER ON STRANDED LINER

THE DELHI ASHORE ON MOROCCAN COAST

Gibraltar, Dec. 13.—British royalties, including King George's sister, the Princess Louise, Victoria, with her husband, the Duke of Fife, and her daughters, were placed in jeopardy today by the stranding of the P. & O. liner Delhi off Cape Spartel, Morocco. Immediately all available tug and several warships were dispatched at full speed to the scene. Lifesaving apparatus also was sent. A storm was raging and it was difficult for the rescuers to get close to the Delhi, but with the assistance of the French cruiser Friant, sent by the French naval authorities from Tangier, the women and children were taken off and landed. The Princess Royal and her family were among those rescued and they are now on their way to Gibraltar on a warship. "All are safe on board the Delhi."

The latest reports say the Delhi is lying broadside to the beach. There is a heavy swell. The Princess Royal and her family were not rescued by the French cruiser Friant, but were taken off the Delhi in a lifeboat and landed at Cape Spartel. From there they travelled overland to Tangier, where they went aboard a warship and proceeded to Gibraltar.

Rocket Apparatus Sent. London, Dec. 13.—The admiralty has ordered a rocket apparatus to be sent by land to assist in the rescue of the passengers on the steamer Delhi which is ashore at Cape Spartel, as it is feared that communication with the vessel from the sea will be difficult.
