

MANY BUILDINGS BURNED AT ROSSLAND

DAMAGES, SEVENTY-FIVE THOUSAND DOLLARS

Fire Companies From Mines Assisted the City Brigade in Fighting the Flames.

Rossland, Aug. 25.—In two hours this afternoon a fire did \$75,000 damage in the business and residential sections of Rossland. Earlier in the day it was believed that the loss would be substantially greater than this, but close scrutiny of the facts indicates that the lesser estimate is as nearly accurate as can be obtained for several days.

The fire broke out precisely at 3 o'clock in the establishment of P. Burns & Co., butchers, two doors south of First avenue, on Spokane street, where a fire was in use for rendering lard. The fire was not discovered until it had spread considerable headway, and by the time the alarm was turned in the flames were issuing from the roof. The department was on the ground quickly and water was playing on the flames two minutes after the alarm sounded. The Burns building was in the centre of a solid block of wooden buildings, and the strong breeze prevailing speedily spread the flames north and south, despite the torrents of water thrown by the firemen.

In two minutes from the first outbreak the fire had spread north into the Anacanda saloon, west of the M. & M. saloon, and south to the Coeur d'Alene saloon, while Thompson's restaurant, immediately adjoining the Burns block, was involved with the Burns place in the first outbreak. Within the space of time indicated the fire had jumped First avenue to two large three-story buildings used as stores, and these were totally wiped out. The fire then spread to a business house on what is known as the corner of the intersection of blocks 13, 15, 27 and 28 of the city townsite. The burned area comprises the north half of 13, the southwest corner of 15, the northeast corner of 27, and the northwest corner of 28, all adjoining the Coeur d'Alene saloon, but separated by a 30-foot vacant lot, is the International hotel and music hall, an immense wooden structure. This was in imminent danger for four or five minutes and at one juncture was given up as doomed. The sudden change in the wind saved the big building, and an important business section of the town, which the whole block of 28, and run the damage into hundreds of thousands of dollars.

As nearly as can be determined at this time, when the burned area is a great pile of smoking embers, the list of losses is as follows: W. J. Hugg, residence, \$15,000; A. E. Paton, two cottages, \$800; Mrs. McGaughey, residence, \$400; W. L. Lawry, two residences, \$800; C. Lowmy, two cottages, \$500; Mrs. Owen's boarding house, \$800; Hattie Hastings, residence, \$500; Columbia River brewery, unoccupied, \$500; Canadian Exploration Company, W. H. Corbould, owner, office, \$600; J. W. Thompson, three stores, \$3,000; contents, stock, cash and books, \$5,000; the run round house, \$1,000; People's store and two residences, \$2,000; Mrs. Louis Nadeau, hotel Spokane, \$3,000; J. L. Hammond, plumber, \$500; J. B. Johnson, two residences, \$1,500; Leslie Hill, residence, \$1,500; Blue Label building, \$2,500; P. Burns & Co., buildings, \$2,000; stock, \$8,000; fixtures, \$1,000; furniture, chattels, etc., of second story, \$2,000; J. W. Thompson, restaurant, etc., \$2,500; Martin, saloon, M. & M. saloon, \$2,500; McDonald & McPhee, Anacanda saloon, \$700; McDonald and Murchison, saloon, \$2,000; Henry Schmidt, butcher, building and stock, \$1,500; C. J. Shirley, banker, \$1,500; Mrs. E. C. Paulson, house, \$3,000; H. M. Bumbly, store, \$1,000; Mrs. Yates, three cottages, \$1,500; West Kootenay Power & Light Co., damage to building and stock, \$2,000.

The fire fighting service was admirable, and the water supply excellent. The city brigade was assisted by the War Eagle and Centre Star Miners' Companies well equipped fire brigade, and during the afternoon the Trail department arrived with 30 trained men and a thousand feet of hose. The run round Trail was made by a special train in 36 minutes. In addition scores of volunteers did good service at fighting the flames.

The only casualty was an accident to Chief Guthrie, of the city brigade, who was struck on the cheek by a live wire, but it did not burn nor render him unconscious. The accident led to a report that the chief had been killed, but he recovered immediately upon reaching the fire hall and resumed the direction of the brigade.

After the fire was in progress an hour, and it was believed that the business section was doomed, the principal streets presented an interesting spectacle. Merchants endeavored to move their stocks, and every conveyance in the city was pressed to carry goods to points of safety,

STRIKERS ATTACK NON-UNION MINERS

TRIED TO PREVENT RESUMPTION OF WORK

Soldiers on Duty at Scene of Trouble—Three Alleged Rioters in Custody.

Summit Hill, Pa., Aug. 26.—Excitement prevails throughout the Panther Creek valley to-day. At day-break the strikers assembled to prevent non-union men coming to work. Anticipating trouble Mayor Gearhart sent two companies of soldiers in trolley cars from the camp at Manalick park to this place and their presence prevented a possible outbreak. Several non-union men have been attacked and the town is in turmoil. The soldiers escorted the workmen through the mob, which had collected, and placed them in safety on the cars which carried them to their work.

TO MAKE APPOINTMENTS.

Congregation of the Propaganda to Meet in Rome on Monday.

Rome, Aug. 25.—Cardinal Gottiv, the new prefect of the Propaganda, has convoked the congregation of the Propaganda for September 1st. Among the matters to come up is the appointment of a coadjutor, with the right of succession to the archbishop of San Francisco, the Most Rev. Patrick William Klondike, D.D., and the nomination of an archbishop of New York.

The Associated Press learns that the congregation is almost unanimously in favor of Right Rev. Geo. Montgomery, bishop of Los Angeles, Cal., as coadjutor to the archbishop of San Francisco, and the Right Rev. John M. Farley as archbishop of New York.

The prevailing opinion at the Vatican is that the Pope is likely to appoint the Right Rev. James Cardinal Quinley, bishop of Buffalo, N. Y., to the archbishopric of Chicago, notwithstanding his expressed preference to remain in Buffalo. In the event of Bishop Quinley not being appointed, the congregation of the Propaganda are likely to request that a new list of candidates be submitted.

TO PROTECT NON-UNIONISTS.

Troops Called Out to Guard Miners on Their Way to Work.

Tamaqua, Pa., Aug. 25.—It was learned tonight that a portion of the First battalion of the 12th Regiment, stationed here, will be moved into Lansford at daybreak to-morrow to protect non-union men on their way to work. This evening Joseph King, a non-union man, went to Lansford and swore out a warrant for the arrest of a dozen strikers who, he alleges, throw a larrikin over his head when he goes to work. King says he held him a prisoner until he was rescued by the coal and iron police, with one exception all the men arrested are foreigners.

New York, Aug. 25.—To-day a committee of three young men from the mining regions called at the office of J. P. Morgan & Co., and Mr. Morgan had not arrived there, and the committee went away without seeing any member of the firm. None of the young men would speak of the purpose of their visit. It is understood that they are the committee of the People's Alliance of Hazleton, Pa., which is said to have a plan for the strike.

Indianapolis, Aug. 24.—A race riot broke out to-day at Haughville, a suburb of this city, between 200 negroes and whites employed by the National Malleable Casting Company. There has been bitter race fighting between them for several years, and trouble has frequently broken out. Two people have been killed. A ball game between the two factions caused excitement. As the crowd left the field, hostilities broke out. Stones, bricks, clubs and other missiles were used. Two hundred persons were immediately crushed together in a fighting mass. Twelve or fifteen shots were fired. The whites were victorious, driving the blacks from the field, and wounding a number of them. Several white people were badly injured. Ten arrests have been made and others will be made as rapidly as the persons are found.

Norfolk, Va., Aug. 24.—In a head-on collision between two cars on the Bay Shore terminal line late to-day three persons were killed and many others badly injured. The accident occurred three and a half miles from Norfolk. One car was coming from Ocean View and the other from Ocean View. The orders were that the southbound car should wait at the siding for the other. Motorman Yandell failed to obey the orders, and the crash came 400 yards beyond the siding. Yandell endeavored to jump, but was crushed by the telescoped cars, and died. Motorman Golden, of the other car, applied the brakes as soon as he saw the other car on the collision, and then tried to jump, as did Yandell, but he was killed outright. Golden was caught under the platform of the shorebound car, which was piled up on the other, and the state and capital cities were full of Sunday excursionists, a few escaped injury.

Buffalo, N. Y., Aug. 25.—At 11:45 o'clock to-night, while Policeman Orville Shickler was guarding three prisoners in a patrol wagon, taken from the corner of William street and Pilmore avenue, on the east side, to number 8 police station, one of the men pulled a gun and shot Shickler through the head. A second shot was fired at the head of the prisoner, and of grave uncertainty to its participants.

Toronto, Ont., Aug. 26.—At 1 o'clock this morning Fred Smith, a laborer, aged 24, and his wife, aged 22, were taken to St. Michael's hospital suffering from carbolic poisoning and burns. Smith and his wife had been drinking and he says that his wife after she had gone to bed swallowed a large dose of carbolic acid and afterwards threw the remainder in the bottle in his face. The woman fought against medicine at the hospital and will die. Smith, though badly burned, will recover.

Toronto, Ont., Aug. 26.—At 1 o'clock this morning Fred Smith, a laborer, aged 24, and his wife, aged 22, were taken to St. Michael's hospital suffering from carbolic poisoning and burns. Smith and his wife had been drinking and he says that his wife after she had gone to bed swallowed a large dose of carbolic acid and afterwards threw the remainder in the bottle in his face. The woman fought against medicine at the hospital and will die. Smith, though badly burned, will recover.

Vancouver, Aug. 25.—A special from Dawson this evening says: James McMillan was found guilty late on Saturday of having burned the steamers Mona and Gladys. He contracted himself repeatedly while on the stand. He tried to implicate Joseph Genelle as the instigator of his act, but Genelle was discharged, no suspicion attaching to him. McMillan was sentenced to ten years imprisonment.

WHITMAN DEFEATED BY R. F. DOHERTY

HE HAD NO CHANCE AGAINST ENGLISHMAN

Betting Favored American Player But Visitor had Match Pretty Much His Own Way.

Newport, R. I., Aug. 26.—The finest kind of weather to-day favored the final event in the National Lawn Tennis championship, and the Casino grounds were thronged by eager expectant crowds. When it was seen that the American was to meet R. F. Doherty, the betting was 4 to 1 in favor of Whitman. This result, though, was not long in doubt, for it was seen early in the playing that the American was in poor form. Save at intervals, the Englishman did almost as he pleased.

Winnipeg, Aug. 26.—Ernest Thompson-Seton is in the city on his way home from Hamilton, Ontario, where, with Mrs. Seton, he will travel through the mountains by the pack train. Mr. Seton is writing a story about early Winnipeg for the Ladies' Home Journal Christmas number.

Winnipeg, Aug. 26.—After the arrival of to-day's train, it is expected that not less than 11,000 harvesters will have been distributed. This year the call for female help has been responded to, and it has been estimated that from 1,600 to 2,000 women will come from the East by this year's harvesters' excursions.
