GRIPPE IS WITH US

Numerous Families in the City are Afflicted.

Some Pointers as to the Manner in Which it Should be Treated.

There are numerous cases of La Grippe in the city. There are individual cases, and cases where whole families are afflicted. Every day or two one misses a family face, and is told that the person is laid up with the grippe. This disease should be grappled with from the start. It is of an epidemic nature and is spread by contact with those in a weak or debilitated condition. One of the worst features is that it leaves its victims, those who survive, in very many cases so prostrated that they easily fall a prey to other forms of disease. This is true even where a person has only had a slight attack of grippe. Of course much depends upon the care that is taken. Unnecessary exposure and the failure to take proper steps to restore the system to its normal condition, are chiefly responsible for the ill that follow. As soon as the symptoms appear the patient should take a dose of Hawker's Liver Pills, and continue taking them from time to time as directed. Hawker's Balsam of Peppermint and Cherry should be freely taken to break up the cold, soothe the irritated throat and chest and relieve the cough. These simple remedies with ordinary care, will cure the grippe. Hawker's Balsam of Peppermint and Cherry is especially helpful in the case of children, who are very fond of it and will take it freely. For persons who may have had a bad case of grippe, and are badly run down nervous and depressed, there is a remedy called Hawker's Tonic and Hawker's Liver Pills, to restore the system to its former vigor. Sufferers from La Grippe will notice that the tongue is furred and coated, indicating debility and a disturbed stomach. It is essentially necessary therefore to begin commencing tonic treatment, in order to obtain its full beneficial results, to regulate the stomach and liver by the use of Hawker's Liver Pills, which are unequalled as a liver or stomach regulator. Hawker's Nerve and Stomach Tonic is a certain cure when faithfully used, for all disease arising from nerve exhaustion, weakened or impaired digestion, or an impairment of impure condition of the blood, such as nervousness, weakness, nervous headache, sleeplessness, neuralgia, loss of appetite, dyspepsia, hysteria, and the prostrating effects of La Grippe or any nerve weakness of head or brain arising from worry, overstrain of mind or body, or excessive use of any nature. Hawker's Nerve and Stomach Tonic and Hawker's Liver Pills can be obtained from all druggists and dealers. Tonic 50 cents a bottle or six bottles for \$2.50. Pills 25 cents a box. They are manufactured by the Hawker Medicine Co., Ltd., St. John, N. B., and New York City.

Love's Young Dream

A Springtime Hint to Young Men, and Old as well.

In the Spring the young man's fancy lightly turns to thoughts of love. No wrote Tennyson. But the poet might have gone a step farther. It may not be poetic, but it is a fact that when the young man's thoughts turn in this direction, or whether they do or not, he thinks a good deal about his personal appearance at this season of the year. In short, he thinks it is about time he had a new suit of clothes. And he is right. Especially is he right if in line with the poet's suggestion, his fancy turns also toward some gentle maid. His progress in her affections will be heightened if he is well dressed. There is no doubt about that. Sovell, Bros. & Co., of Oak Hall, St. John, may have had this in mind when they put in the magnificent selection of stylish spring suits they are now showing, and which are marked at prices within the reach of any and all. Or they will make up a suit to order from one of the finest selections of clothes to be found in the provinces. This firm are in special favor with country people, for they are country boys. Any customer who cannot visit the city should write to them. They have regular customers who have never seen them, but who have tried them by letter and found them the right sort every time. Every man who reads this, whether he be young or old, should make a note of it. It may be greatly to his advantage, whether now or in the future.

DEAR EDITOR.—I am much pleased with your high commendation of Dr. Goddard's last book: "The Ministry of the Spirit." I have never been so much benefited by the reading of any book, except the bible, as I have by the perusal of it. And I wish to say that I still have a supply of them on hand and will mail one to any address for one dollar and twenty cents. A number of orders have come in, and still they may come. No Christian can invest a dollar and twenty to better spiritual advantage than by securing that book. Yours fraternally, J. H. HIGGINS.

Contributions to the Building of the Sydney Church.

The Baptist church in Sydney wish, through your columns, to thank the friends outside the church and congregation who have so generously aided us in erecting our new house of worship. We are still heavily in debt and we are much in need of help and would earnestly request our brothers and sisters in the provinces to lend us a helping hand. The following contributions have been received from our friends, besides what has been paid and pledged by the church here: Plans and specifications kindly given by J. C. Dunsmuir, J. A. This is it.

This is the new shortening or cooking fat which is so fast taking the place of lard. It is an entirely new food product composed of clarified cotton seed oil and refined beef suet. You can see that

Cololene

Is clean, delicate, wholesome, appetizing, and economical—far superior to lard as the electric light is to the tallow dip. It takes only a fair trial, and a fair trial will convince you of its value. Sold in 5 and 10 pound tins, by all grocers

Summer Student Supply.

A number of our ministerial students at Wolfville and elsewhere, are asking us for work during the approaching vacation. So far as Home Mission fields are concerned, we see but few openings in prospect for these young men, as most of our fields in N. S. and P. E. I. are already supplied. But there are not some churches whose "strong central station" will act upon the advice or suggestion of Rev. E. M. Young, in his excellent article in the Messenger and Visitor for the 13th inst., and secure some of these young men to assist their overworked pastors. We shall be glad to hear from churches or pastors wishing to secure the services of these young men for the summer vacation. Cor. Sec'y H. M. B. Wolfville, March 20.

ACKNOWLEDGMENT.

I wish in this public way to acknowledge the receipt of \$5 in cash and \$7 in useful articles from the North Range section of the St. Mary's Bay church. May He who rewards the cups of water bless them. Rev. W. L. Parker and the writer are about beginning special services with them. Pray for Zion's welfare. W. McGRATH.

NOTICE.

Rev. A. C. Chute, of Halifax, desires to secure the minutes of the Eastern N. B. Association for the years 1860, 1863, 1866 and 1876. Any persons having these copies, or any of them, and willing to dispose of them will confer a favor on Mr. Chute by informing him of the fact. The next meeting of the P. E. I. Baptist Conference will be held with the Baptist church at Alberton, on Tuesday, April 8th and 9th. The churches are earnestly urged to send delegates. All who purpose attending may, on enquiry at station of departure, secure a return ticket at one first-class fare, to be accompanied by a certificate on request. M. C. HIGGINS, Sec'y. North River, March 28, '95.

Mrs. Counsell Wood, W. M. A. Society. We think it would be wise for all the pastors of the county to announce this from their pulpits, as the place of location has been but recently decided upon. Any coming by rail will come to Salem station from whence, we presume, they will be conveyed to Salem.

THE YARMOUTH COUNTY QUARTERLY MEETING

will be held with the Herby Baptist church on Tuesday, April 9th. The morning session opens at 10 o'clock, and after reports from the churches have been heard, Rev. T. M. Munroe will read a paper on "The orthodox length of passages." In the afternoon, Rev. E. M. Patton's paper on "How to raise the standard of Christian living in our churches," Rev. J. H. Foshaty's paper on "Church and inter-church fellowship" will elicit wholesome discussion. Rev. J. E. Goslar will conduct the conference meeting in the evening. This program, with the absence of theological moonshine through the day and good moonlight by which to drive home at night, ought to induce a goodly number to attend. J. B. CHAMBERLAIN, Sec. Treas. Small Pox!

Small Pox!

Horse Small Pox is raging in Halifax. Many horses and some men are reported to be dying from this terrible disease. It will doubtless be very fatal at this season of the year owing to the impure state of the blood in both man and beast. An ounce of prevention is worth a pound of cure. The wise man will prepare to meet the disease by purifying his horse's blood by using Manchester Tonic Powder, the acknowledged Superior of all spring medicine for horses.
