## POLICY OF NEW GREEK PREMIER EXPLAINED

Keep out of war until assured of Nation's integrity and retention of any territory acquired.

Athens, June 11, via London.—Premier Gounaris last night delivered to a large audience his first speech since he assumed office. The Premier explained the difference between his policy and that of his predecessor, M. Venizelos. He stated it was briefly that M. Venizelos was ready to have Greece enter the war without determining thoroughly the conditions under which she took up arms. His policy, M. Gounaris said, was to demand guarantees which would ensure the integrity of the kingdom and a successful outcome of its participation in the war.

## WORRY AND WEAKNESS Often Indicate Over-work, and a Run Down Nervous System,

Overwork and worry have an evil effect on the system and often give rise to nervousness and sleeplessness. Other signs include a weak back, headaches and indigestion. In time if matters are neglected a complete breakdown of the nervous system follows. On every hand one can observe victims of this state of nervous exhaustion who are at a loss to know what to do with themselves, their nervous debilitated state having baffled all ordinary treatment.

If you are a victim of exhausted nerves, if your symptoms are as described above, you need Dr. Williams' Pink Pills because they are powerful nerve tonic. Their strengthening action on weak nerves is due to the fact that they enrich and build up the blood through which the nerves are fed. Under the tonic influence of Dr. Williams' Pink Pills the traces of nervous weakness disappear together with the headaches, the insomnia, the feeling of intense weakness and depression of spirits that mark the victim of nervous ailments. Here is the proof. Mr. Henry Marr, Port Felix, N. S., says: "It gives me greatest pleasure to testify as to the value of Dr. Williams' Pink Pills. When I began their use I was a physical wreck; my nerves were all unstrung, I suffered from frequent headaches and backaches, and was almost wholly unfitted for work. I had tried several remedies without success, when I finally decided to give Dr. Williams' Pink Pills a trial. I took six boxes and they made a well man."

What these Pills did to Mr. Marr they will do for every other weak and nervous man, if given a fair trial. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

## VIEW IN THE DARDANELLES AFTER A BRISK ACTION

This view was obtained at the tip of the Gallipoli Peninsula, near a small, built up pierhead or stage for a mine. The picture shows old mine loaders knocked from their mounting during the general pounding of the sea front. These entirely obsolete guns probably formed a decorative group on this little pier. A British cruiser and a mine sweeper are lying off shore.

## Comfort and Cure for Baby's Skin Troubles

Dr. Chase's Ointment Cured When Baby's Body Was Covered With Distressing Eczema.

If every mother could try Dr. Chase's Ointment for the chafing, skin irritation and resulting eczema which tortures so many babies, what a blessing it would be for the little ones.

This letter will give you an idea of what a wonderful work this Ointment is doing in the way of bringing comfort to children who are so unfortunate as to contract eczema. It is so easy for this trouble to develop from chafing or irritation caused by the clothing, and so difficult to get it cured, that Dr. Chase's Ointment is appreciated when once its healing qualities are known.

Mr. M. L. Ducloux, Postmaster, Dugwayville, N. B., writes: "I believe it is my duty to recommend Dr. Chase's Ointment as a cure for eczema. My baby was seized with eczema and his face and arms were covered with this terrible disease. After trying all sorts of ointments the disease continued to

## COALITION CABINET IN RUSSIA?

Berlin, June 11, via London.—Reports received by the Vossische Zeitung indirectly from Petrograd point to the possibility of a ministerial crisis and the retirement of Premier Goremykin. A meeting of Duma leaders last Saturday, with President Rodzianko in the chair, at which a request to the Emperor to convoke the Duma at an early date was adopted had, according to the newspaper, the purpose of starting an agitation for a coalition ministry.

Prince Manoueff, the reports continue, presented a resolution that the Duma, immediately after its convocation, move an address to the Emperor and demand a ministry in which parliament would be represented. Members of the Extreme Right voted for the resolution in principle. It is stated, President Rodzianko went to the meeting after a long conference with Grand Duke Nicholas, commander-in-chief of the Russian forces at headquarters.

## GERMAN DEAD AT NEUVILLE CAN BE COUNTED IN HUNDREDS

Great Number of Dead Evidence of Signal Defeat of Enemy by French, who Captured Large Quantities of Ammunition.

Paris, June 11.—The official communication issued this evening says: "On Friday we fortified our positions in front of Neuville-St. Vaast."

"We continue to inventory the war material captured by us. We have found thus far in the ruins three 77-millimetre field guns, three bombthrowers and fifteen quick-firers, which were buried in the ground or damaged; thousands of grenades, one thousand rifles, eight hundred thousand cartridges, incendiary implements, a number of 105-millimetre shells, a very large number of engineers' implements and tools, numerous cases containing explosives and other articles of equipment."

"In the region of the Tontvent farm, to the southwest of Hebuterne, we have organized the positions captured by us yesterday night. This morning we captured a further batch of 150 prisoners, among them a Major. In addition many German wounded have been admitted to our ambulances. "The bodies of dead Germans can be counted by the hundreds." We have captured three more quick-firers. We have bent the German line on a length of more than two kilometres (one and one-third miles, and on a depth of one kilometre, (two-thirds of a mile). "This morning we completely repulsed a counter-attack by the enemy. "To the east of Tracy-Le-Mont, in the neighborhood of the Quenneviers farm, our trenches, which are strongly established, are in immediate contact with those of the enemy. The Germans have not yet counter-attacked. They confine themselves to using their artillery."

"In Champagne, in the region of Beausejour, the enemy has renewed his attempt against the trenches, the scene of the latest engagements here, which are now completely in our hands."
