## FREDERICTON

Fredericton, Jan. 29.—(Special.)—Mayor Thomas and Ald. Guthrie who composed a civic delegation to Ottawa returned home today. They had interviews with the minister of public works and the minister of railways in regard to river dredging, location of the Valley Railway shops and other matters and were given an attentive hearing. They were given an assurance that Fredericton would be given every consideration.

Mike Murphy has signed with the Fredericton hockey team for the remainder of the season.

Professor J. H. Grisdale of the dominion agricultural department, spent yesterday in the city. In company with Secretary Hubbard he drove into the country to inspect several farms. It is believed that he has been sent here to report on sites for the proposed experimental farm.

Rev. Dr. McDonald and wife will leave on Thursday for Virginia to remain for some weeks. The doctor is making the trip for the benefit of his health.

Fredericton, Jan. 30.—Belgian miners were almost instantly killed and several members of his family had narrow escapes from death in an explosion of dynamite near Minto in the Grand Lake coal mining district, early last afternoon.

Word of the fatality was not received here until this morning when Michael Cakley, of Minto, arrived. According to his story the accident was one of the worst which has occurred in the Grand Lake district for some time.

Mr. Vanderbor, a Belgian miner, was engaged in throwing out some dynamite about 5:30 o'clock in the morning when the accident occurred. Mr. Vanderbor was in the kitchen of his house and had a stick of dynamite in each hand, while another was on the stove, when suddenly the explosion took place.

The shack was wrecked and Vanderbor's son and daughter were more or less bruised. As soon as word of the accident was received at Chipman a special train was sent to the King Mine where Mr. Vanderbor was employed and near where he lived. Doctors Hay and Armstrong were aboard the special train and did all in their power to save Mr. Vanderbor's life, but without success.

Mr. Vanderbor had been at Minto for the past four or five years and was one of the most progressive miners there and owned a good farm not far from the King Lumber Company's mine, where he was employed. He was about 45 years old and besides his wife is survived by one son and four daughters.

Charles McCarthy, train dispatcher at the C. P. R. station here for twelve years has been appointed agent in succession to J. S. Clayton, the new agent is very popular with patrons of the road here and the appointment gives much satisfaction.

A. R. Gould, president of the St. John & Quebec Railway Company, is here today. He says that the surveying parties on the valley railway are making good progress and it is likely that several contracts for construction will be awarded within a week or ten days.

St. Thomas Tait is also here today on business connected with the proposed Gibson & Minto railway.

The body of Miss Jane Walker, who died in St. John on Saturday was brought here last evening and the funeral took place this afternoon. She was a sister of Joseph, William, and Harry Walker of this city.

A. E. Quartermain has disposed of his home, Margaret Chimes, to Hamilton Kitchen.

## GRAND LAKE

Grand Lake, Que., Jan. 2nd, 1910. "My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. At last, I persuaded her to try 'Fruit-a-tives', and the effect was marvelous. Not only did 'Fruit-a-tives' entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured."

## INTEREST TO WOMEN

In cleaning the dark stain on the inside of aluminum vessels, you will find that by boiling water and borax, and letting this solution stand in it for some time all stains are removed.

When enamel becomes discolored, scour it with a damp flannel dipped in garden mud, then rinse in plenty of water. In this way the cleaning is effected without causing scratches or other damage.

Labeling articles and canned fruit should become a household duty. An easy way to accomplish this, saving time and trouble, is to clip off the flap containing the seal of an old or discarded envelope. This gives paper enough for a few words. Moisten the seal, and the label is ready to be placed on the article.

To preserve stories or articles from magazines, do not cut out the pages. Take the entire magazine to pieces, by removing the wire clasps used to bind it, and separate the pages. This will leave neat, wide margins on the stories, you save, and they will last longer.

Many people have wondered if the shiny appearance that a suit of clothes is apt to acquire can be removed. It can to a great extent by rubbing the shiny spots with very fine, black emery paper, that can be purchased at any hardware store for a few cents.

To get better results from a hot water bottle, wrap it in a soft cloth wrung out in hot water. This will give a steaming heat, and is much more effective for neuralgia, etc., than the dry heat of the bottle, as ordinarily applied.

Never sit on the edge of a sick person's bed, and never place your chair so that he must strain his eyes or turn his head to see you. Get directly in range of his vision, so that he may see you comfortably. Never whisper in a sickroom.

To destroy red ants, grease tin plates with lard and put them on the floor, with a few sticks for the ants to climb up. Soon the plates will be covered with ants, which prefer lard even to sugar. Turn the plates upside down on a hot fire.

Sussex, Jan. 31.—The directors of the Sussex and Studholm Agricultural Society have decided to consider plans for the ensuing year.

Owing to the fact that the Sussex hotel accommodation will not be sufficient for a number of visitors as usually at annual meetings, the municipal and town councils do not see their way clear to make grants for a 1912 exhibition at Sussex. It was deemed advisable not to hold an exhibition this year.
