Canada is supposed to pay for munition, equipments, etc., for her own soldiers but as can readily be imagined conditions of close co-operation among the imperial forces at the front and the interchange of supplies make it extremely difficult to check up and adjust proportionate items of cost. The government will not really know what government will not really know what the war has cost Canada until long after peace has been declared and a final adjustment of accounts has been made. ### BOURASS AGAIN ATTACKS LAURIER

Nicolet, Oct. 3-Round denunciation of Sir Wilfrid Laurier, who he described of Sir Wilfrid Laurier, who he described as "the most nefarious man the province of Quebec has ever produced," marked Henri Bourassa's speech here Sunday at the farewell meeting of Paul Emile Lamarche, M. P., the Nationalist member for Nicolat. for Nicolet, who has resigned his seat in protest against the extension of the term of parliament. About 5,000 people attended the assembly.

Mr. Bourassa at the outset referred to the Hon. T. Chase Casgrain, post-master-general, stating that the latter had asked him to oppose the Liberal naval policy and the principle of all contributions to the empire. Then he passed to Sir Wilfrid Laurier, and the latter's attitude on participation. latter's attitude on participation.

Sir Wilfrid, he said, was a man of great talent, but had put his ability to illegitimate uses. The speaker assailed the motives of Great Britain in parmotives of Great Britain in par-ating in the present war. He deother prominent Britons were money out of every shot fired by the German cannon, while Germans German cannon, while Germans were making money out of the British expenditure for war material. England felt called upon to protect

Belgium to guard her own coastline. England was in the habit of grasping all the territory she needed, while other nations to be moderate. As for Canadians, said Mr. Bourassa, their task was to clean up their own federal, provincial and municipal "houses of corruption," to construct a noble nationality for the future, avoiding the mistakes of the older countries.
"Let England fight, if she must, in

parts of the world where her rapine and cupidity bring her into conflict with other nations," he said. "What we have to do is to defend our own portion of the empire, and that is Canada."

## SALE OF PARTINGTON PROPERTY ANNOUNCED.

Bangor, Me., Oct. 2-Hon. Nathanie M. Jones of this city announced last night that at a conference of capitalists in New York the sale of the largest pulp and paper mill in the Canadian per mill in the Canadian maritime ces to a syndicate of Maine and New York men was arranged. The property, for which it is said \$2,000,000 will be paid, includes mills at the Reversing Falls, near St. John, and large timber lands in New Brunswick. The syndicate includes Hugh Chisholm of Portland, president of the Oxford Paper Company, and Maynard S. Bird also of Portland. Makes It Public.

Bangor, Me., Oct. 2—Hon. Nathaniel M. Jones made public today the sale of the Partington Pulp & Paper Com-pany's plant at St. John and 500,000 acres of timber land to the Oxford Paper Company of Rumford, Maine, and the Bryant Paper Company of Kalama-zoo, Mich, the principal members of a syndicate known as the Nashwaak Pulp & Paper Company, which has been organized for that purpose.

Mr. Jones refused to confirm or deny a report that the new syndicate will erect a pulp mill at Marysville, N. B., at the mouth of the Nashwaak river. Maynard S. Bird, of Portland, Maine, acted as broker in the transaction.

The fruit crop report issued by the The fruit crop report issued by the department of agriculture, Ottawa, for the last month states that the latest in dications are that the apple crop in the Annapolis valley will not exceed 500,000 barrels. The quality and color are very much better than last year. This is proved by the fact that the supply of "Large No. 3's" is not equal to the demand. The greater part of the output will be from orchards that have been well cared for during the past two years. Well sprayed orchards are 86 per cent clean. Gravensteins are extra well colored and clean but a smaller crop than 1915; Blenheims and Kings scarce; Ribstons an average crop of excellent color and quality. Winter varieties are generally a light crop except Fallawaters, which are exceptionally good.

With respect to the New Brunswick apple crop the report says: All winter apples are showing good color and size McIntosh are about 60 per cent spotted and Fameuse are also showing a large percentage of scab. Wealthy and McIntosh now being picked for storage.

The crop in Prince Edward Island will exceed that of 1915 by about 25 per cent. Continued dry weather is likely to reduce the size.

Continued dry weather is likely to reduce the size.

Owing to the extreme prevalence of apple scab this season, continues the report, there are many growers who intend to pack "special" No. 3 apples in order to distinguish such packs from the ordinary run of No. 5. Such grade marks will enable consumers to purchase sound fruit, with only slight blemishes, at a comparatively low figure and will also enable the grower to net larger returns than he would receive for barrels marked only "No. 5." As a matter of fact, the fewer packages of No. 8 apples that reach the market, the more satisfactory will the fruit season be to all concerned.

"The succeeding anys, relective work of the Nova Scotians, as follows:

in pectors cannot be less severe, on account of a "bad year." The requirements of the Fruit Marks Act do not wary from year to year. Consequently, apple packers should be careful to brand all packages with regard only to the quality of the fruit therein.

# STAMES SACHEN

Boston, Oct. 2—The steamer Sachem, arriving today from Liverpool, brought the crew of the barge Alexander Anderson, which became waterlogged in a storm off Cape Sable (N. S.) Saturday, while bound from Chatham (N. B.) for Portland (Me.) Mrs. Sadie Roberts, stewardess of the barge, and the seven men of the crew saved little of their clothing, and were still somewhat exhausted from exposure and lack of food for twenty-four hours while seas were breaking over their craft.

The tug Gettysburg, which had the barge in tow, together with the barge Aranac, was disabled by an accident to her engines during the storm. She saved the crew of the Aranac and was berself taken in tow for Yarmouth (N. S.) by the steamer Canadian.

The steamer Sachem came from Liverpool to St. John and sailed from this port to Boston.

I ever knew. Major Flowers and Lieut. Wetmore were wounded, also Lieut. Hilts, our scout officer. We passed over double through a hell of fire but we got through, driving everything before us and duy in about 100 yards the other side of the town. Hobkirk and I raced through the streets pot-potting at Fritzes; some of the beggars put up a fight but in most cases they put up their hands with 'Mercy Kamrad.' We bombed their dugouts and a trench howitser.

Received Highest Praise.

"Our battalion has received the highest praise for a most gallant charge and probably some one will write a more glowing account than I can. We held our new trenches till late on the night of the I7th when we were relieved by another battalion.

"We lost seventeen officers during the three days, five killed, twelve wounded and about 275 men.

At this point a motion was made to empower the county treasurer to pay the \$4,000 to the Victorian Order of Nurses. Councillor Wigmore suggested that \$2,000 might be paid now and \$2,000 be raised from next year's appropriation. This suggestion was acted upon.

The real spice and ginger was put into the meeting about 4.46 when Councillor Howard offered a resolution asking that the city of St. John submit a financial statement to the board showing the amounts of taxes levied, and the balance due the county of St. John.

A vote was finally taken and the resolution was passed, 17 to 8. The warden, after some little discussion, was empowered to appoint a committee to investing agate. "Boys," he said sternly, "I understand that this is not the first time you have been here for damaging property!"

Six feet shuffled uneasily.

"A street," he continued, beetling his brows, "is not a football ground, please understand, and I order that you be each sent to prison for seven days!"

"Oh, but you can't do that!" said the spokesman calmly. And the court looked for some new point of law.
