TORONTO, CANADA.

HORSE

We make Horse Nails exclusively, and are the original and largest manufacturers of this article in Canada; our business was established in 1865.

Our "C" brand Horse Nails are manufactured from the best quality Swedish Charcoal Steel Nail Rods; these are "hot forged" and finished by machinery used by us alone in Canada.

Every box of Nails is carefully inspected and sorted by hand, and guaranteed perfect and ready for immediate use. They will wear and hold the shoe on longest, and are the most economical to use.

Our registered trade mark (the letter "C") and our name in full are on each box of our make; none otherwise are genuine.

Your orders, or enquiries for samples and prices, solicited.
