J. G. Caldwell, Esq.

March 9th, 1938.

As stated to you in Ottawa, I am most optimistic of the results for the Indians and the Department in the reclaiming and farming of this valuable land.

Will gladly give any further information or do anything possible for the Department to assist in this project - this, of course, without any obligation whatsoever on the part of the Department.

Yours very truly,

E. B. POOLE.
