### District and General.

The district meeting for West Middlesex Women's Institute will be held in Middlemiss on June 14.

Preparations are being made for the erection of a new flax mill at Alvinston on the grounds where the old one was recently burned.

The Pere Marquette railroad is making preparations to bring in a large number of southern United States negroes to train for firemen.

Malcolm Gillespie, a former Alvinston business man, died at his home in Victoria, B. C., a few days ago. He is survived by his wife and four children.

Harold Brock, aged 25 years, son of Mrs. Brock of West Lorne and of the late Dr. Brock, was accidentally drowned in New York harbor last week.

Miss Laura Lowery was awarded a verdict for \$10,000 damages for breach of promise, against F. B. Robins, a wealthy real estate man of Toronto and Detroit.

Under reciprocity arrangements motorists from 20 states in the American Union are now permitted to stay in Ontario for thirty days without a license, in return for a similar privilege to Ontario motorists.

At Windsor Freddie Nelson, eight years old, was instantly killed when he put out his hand to shove aside a live wire lying across the sidewalk to prevent his four-year-old brother getting hold of it.

A quiet wedding was solemnized at a home in Dutton on Wednesday of last week when John W. McAlpine and Miss Carrie Ellen Andrews, daughter of Mr. and Mrs. Garrick Andrews, were united in marriage by Rev. R. Stewart. The parties reside in Ekfrid.

Five hundred dollars damages were granted to R. M. Pincombe of Strathroy by the jury in the June sessions of the peace in London. The claim was for \$800 for the loss of 940 bushels of wheat through the negligence of the Archibald Cereal Mills Company of Woodstock and Beachville.

The Hamilton Herald makes a good suggestion that the Department of Militia hire some newspaper man who can write clear English to put the recent military orders in such shape that ordinary people can know what they mean. It also thinks that a condensation of the multitudinous food regulations would be helpful, and most people will agree to both these suggestions.

The Simcoe Reformer says:—A couple of strangers stopped at a farmer's in Oakland township a few days ago wanting their dinners. The good wife readily complied with their request and set out the best her house could afford, no doubt remembering that a stranger might be an angel in disguise. But not so with these, for a few days later the lady in question was summoned for disobeying the food regulations by serving meat on a meatless day. The fine was \$20.

The Watford Guide says:—One of those important events in which the whole community is interested transpired in the Methodist parsonage, when Rev. A. C. Tiffin united in the holy bonds of matrimony our townsman, Pte. John Sanford Stapleford and Miss Beatrice Irene Smith, daughter of Mr. and Mrs. C. W. Smith of Ekfrid township. The contracting parties were unattended. They left on the evening train on a brief honeymoon trip for Yale, Mich., and other western cities. They purpose making their home in Watford.

Under proclamation of May 4th, men of 19 years of age and those who attained 20 years on or since the 17th of October, 1917, not exempted under the Military Service Act, were required to register on or before June 1, 1918. These men on enlistment may be continued to be treated as volunteers. Every man so reporting must produce receipt from the registrar that he has registered. No man should be enlisted without producing documentary proof either that he does not come within Class I, or if he does, that he is complying with the law by having registered.

The attention of the Minister of Finance has been directed to the fact that in some cases municipalities are proceeding with new works other than those to which they were committed prior to or shortly after the outbreak of the war. The Minister announces that it is necessary in order that our financial resources may be conserved for the Dominion's war financing that no fresh municipal undertakings should be gone on with until the consent of the Finance Department has been obtained under the existing order-in-council relating to the issue of securities. All new commitments will be most closely scrutinized and permission withheld unless it is clearly established that the works in question are indispensably necessary in the public interest and cannot be postponed.

### Would Elect Farmers.

The delegates appointed at a general meeting of the farmers of Woolwich township called a meeting to present their report of the Ottawa proceedings. J. G. Hemat, one of the delegates, made use of the occasion to urge organization on the part of the farmers and the running of farmer candidates for parliament, as the only means by which a square deal can be secured. He also gave some of the planks of the farmers' platform, and discussed them. If they now had, he said, as law, initiative, referendum and recall plank of this platform, the farmers would have a weapon by which they could have the total cost of the registration will, it is expected, be kept very considerably below the million-dollar mark.

### Indian Skeleton Found.

John McDowell, near Thamesville, on whose farm the monument to the noted Indian chief Tecumseh was erected, was digging post holes for a wire fence on Monday, when the auger came in contact with some bones. Taking a shovel, he removed the earth carefully all about the hole and soon had unearthed a whole human skeleton, which is quite evident that of an Indian of more than average height.

Along with the skeleton were found two brass buttons of a soldier's uniform and a bullet such as those used for the army muskets of years ago. The position of the bullet and other evidences would indicate that the Indian had been shot in the neck and had died from the wound.

Where the remains were found is about 6 or 7 rods from Tecumseh's monument, on the battlefield where this noted chief fell in the war of 1812-13 on the 5th of October of the latter year. Speculation is not unreasonable that the remains may be those of the great warrior chief himself.

### McGill-Eddie.

A very pretty event took place at the Methodist parsonage, Fingal, on Saturday evening, June 8, when Frederick H. McGill and Thirza Winnifred Eddie, both of Ekfrid township, were united in wedlock. Rev. Wm. Sterling officiating. The ceremony was performed under an arch of pink and white, with a background of ferns, evergreens, peonies and orange blossoms. The wedding march (Lohengrin) was rendered by Miss Annabel McGill, sister of the groom, while little Miss Alice M. L. Pole, cousin of the bride, gracefully performed the part of flower girl. After the ceremony and signing of the register the party sat down to a sumptuous repast kindly prepared by Rev. and Mrs. Sterling. The guests present were the groom's parents, two brothers and two sisters, Mr. and Mrs. Wm. Pole, Alice M. Pole and Private James McDonald, cousins of the bride. The groom's present to the bride was a cheque to the pianist, a gold cameo ring, to the flower girl a gold bracelet.

The bride wore a travelling suit of peacock blue poplin with gold trimmings, the blouse being of maize georgette crepe. The happy couple left in a prettily decorated car under showers of confetti for London, Toronto, Niagara Falls and Detroit. On their return they will settle on the groom's farm near Glencoe, and will be at home to their friends on August 1st.

They were the recipients of some very valuable presents, among which was a substantial cheque from the groom's father. They have many friends wishing for them a very happy and prosperous future.

### A Pacific Coast Trip.

Seattle, Wash., May 24, 1918. Mr. Editor.—Thought I would write a few lines from this western part of the continent. The trip from Vancouver to Seattle, a distance of 180 miles, takes one through a country where lumbering is the chief industry. Great freight trains are continually logging the logs from the Cascade Mountains to the sawmills. The United States government is placing 20,000 men, physically unfit for the army, to manufacture lumber for shipbuilding, which is causing a boom in the cities along the Pacific coast. Then this is one of the finest dairy countries in the world. The climate is such that the grass always green, and never any drought. The state has been very liberal in its outlay on highways. The Pacific Road from Vancouver to San Francisco, 1,400 miles long, is a granite and asphalt pavement; besides this there are other paved roads, both parallel and crossing these.

The trip from Calgary to Vancouver through our Rockies needs to be seen to be understood.  
Yours very truly,  
J. R. SQUIRE.

### Bass Fry for Sydenham.

Through the influence of Dr. J. B. Martyn, M. P. for the riding of London, permission was obtained from Hon. Finlay Macdonald, minister of public works, to restock the Sydenham River with bass fry. About 2,000,000 bass fry will be placed in the river. They are not to be caught within three years.

### Called to Tait's Corners.

The joint congregations of Duff church and Tait's Corners have extended a call to John McKillop, a recent graduate of Queen's. His allowance will be \$1,250 and holidays. Mr. McKillop has notified the moderator that he will accept the call.

### Registrars' Pay.

The remuneration granted to the provincial or districts superintendents in charge of the National Registration to be taken up this month, has been fixed at \$8 per day for the time that they are actually engaged in the work. The registrars for each constituency who are being selected by the registration board are entitled to receive \$6 per day. The registrars are empowered to appoint deputy registrars, who are entitled to \$4 per day. All registrars and deputy registrars have been invited to give their services free, and many have agreed to do so. In hundreds of cases the deputy registrars will be women who have volunteered for the work. The total cost of the registration will, it is expected, be kept very considerably below the million-dollar mark.

### Registration Regulations.

Proclamation giving full particulars of the registration to be made throughout Canada on June 22nd will be issued in a few days. If there are points on which any person is not clear the district or deputy registrar should be consulted, or information may be obtained at the newspaper offices or through queries addressed to newspaper editors to be answered in their publications. Registration may be made two or three days prior to the date set for registration, and this should be taken advantage of as much as possible in order to avoid congestion of work upon registration day itself.

Charles George, municipal clerk, is the deputy-registrar appointed for Glencoe.

On another page will be found a copy of the registration card for males, together with other information. Severe penalties are provided for those failing to register and for those giving false answers to the questions.

Special provision is made for those who are ill or otherwise prevented from attending at a registration booth.

### Found Dead in Bed.

Death came suddenly to Duncan J. McPhail at his home in Dunwich on Tuesday night of last week, he being found in the morning by his son dead in bed. Mr. McPhail was around as usual the previous day, being in Dutton on Monday, and apparently in the best of health. Death was due to a sudden attack of heart failure.

The late Mr. McPhail had just reached his 71st year, and was born in Scotland, coming to Canada when a mere boy and settling with his parents on the farm on which he died, where he has since resided, being one of the best known residents of North Dunwich. He is survived by three daughters and one son: Mrs. A. Crawford, Mrs. A. M. Campbell, Dunwich; Mrs. Clair Wilkie, Mawer, Sask., and John, at home.

### Mosa Council.

A meeting of the Mosa council was held at Glencoe on May 25th. Members all present. The minutes of the last meeting were read, approved and signed.

A. McCubbin, \$39.25, for surveying the McCallum drain; A. E. Sutherland, \$25.25, for printing to date; Thos. Jones, \$2, for valuating sheep killed by dogs. Carried.

The council adjourned to meet at Newbury on June 15th, at 10 o'clock a.m.

C. C. McNAUGHTON, Clerk.

### Called To Alberta Bar.

The following, from the Edmonton Journal, refers to the son of D. A. Simpson of Lethbridge, Alberta, formerly of Glencoe:—

W. E. Simpson, of Wainwright, and well and favorably known in Edmonton was called to the bar yesterday. The young lawyer was introduced by Frank Ford, K. C., and welcomed to the bar by Mr. Justice Scott.

Mr. Simpson, who recently received his L. L. B. degree, first entered his chosen profession with Messrs. Conybeare, Church, McArthur and Davidson, of Lethbridge. From April 1919 to October 1917 he was with the Edmonton law firm of Hyndman, Milner and Matheson, and from October 1917 to the present time Mr. Simpson has been with Humphrey P. May, of Wainwright. He will now enter into partnership with Mr. May when the firm will be known as May & Simpson. Mr. Simpson, with his family, will reside in Wainwright.

### Glencoe Red Cross.

The Red Cross Society met at their rooms on June 11th. Mrs. Wright sent in her resignation as secretary and Miss M. Tait was appointed in her place.

The shipment to Hyman Hall for the month of May was 28 suits of pyjamas, 10 pairs hospital socks, 12 bed pads; overseas, 82 towels and 80 pairs hand-knit socks.

The rooms will be opened as usual every Tuesday and Friday afternoon over George's store.

M. TAIT, Secretary.

**Gardening Courtesies.**  
One morning Jorkins looked over his fence and said to his neighbor, Harkins:—

"What are you burying in that hole?"

"Just replanting some of my seeds, that's all," was the answer.

"Seeds!" exclaimed Jorkins, angrily. "It looks more like one of my hens!"

"That's all right," said the other. "The seeds are inside."
