The office of Dr. Coburn, treasurer of the college, has recently been moved to the college building where very commodious and comfortable quarters have been fitted up. The entrance is from the west end door on the south side.

Major and Mrs. E. F. McNeil, of Melvern Square, announce the marriage of their daughter, Ella Frances, to Edgar R. Power, of Kingston, to take place in the Methodist church, Melvern Square, on Dec. 28th, at 7:30 p. m.

Don't forget the best way of sending money is by express orders anywhere any amount. A. V. RAND, Agent.

The public school closed yesterday. Before leaving for the holidays the High School pupils presented Principal R. W. Ford with a fountain pen. The other grades had decorated their drawings with evergreen and Christmas programs, and in the afternoon gave recitations and dialogues, after which the teachers distributed candy among their scholars.

Spent some of your time in our store and we haven't a doubt you will want to spend some of your money as well. J. R. Webster & Co.

In another place will be found a local adv. from Mr. Geo. D. Cornstock, of Hantsport, to do work in piano and organ tuning. Mr. Cornstock, with whom we are personally acquainted, has a first-class reputation in this respect. He has had the tuning of the piano for the Ladies' Seminary here, and still has it, for a good many years and has given the utmost satisfaction in his work. There can be no doubt as to his efficiency. We believe in employing home talent.

Christmas goods, large stock. Brush and Comb Sets, Manicure Sets, Militarys, etc., etc., just opened at RAND'S.

There are events occurring in every community which, if reported in a local paper, would assist a community little dreamed of. What to report and what not to report often perplexes the editor. He is often justly accused of cowardice and favoritism, when all the time he is looking toward the good reputation of the town where his lot is cast. The local editor from necessity almost constantly finds himself between two fires, and whichever way he turns he is sure to be unjustly treated. This is one of the pleasures of the newspaper business.

If you contemplate giving jewelry to any of your friends just remember that J. R. Webster & Co. have the goods. One glance at our stock will convince you that it is the best one of its kind in Kings county.

The Christmas entertainment given by the members of the Methodist Sunday-school on Tuesday evening was a complete success. The school-room was tastefully trimmed for the occasion with Christmas decorations and evergreens, and presented a very tasty appearance. There was a good attendance. The program was interesting, and well rendered, including scripture recitations, Christmas stories and recitations, and other appropriate exercises. The young people supplied themselves in a manner reflecting much credit upon themselves and their teachers. Much credit is due to Mrs. (Dr.) Moore and Miss Frostwood, who had the altar in charge.

WOLFVILLE.

Personal Mention.

Dr. Clarence Hemmeon, of McGill University, is home for the Christmas vacation.

Mrs. J. F. Armstrong left on Wednesday for Florida, where she will spend the winter.

Mr. Claude Shaw left on Wednesday to spend a few weeks visiting friends in Massachusetts.

Mr. Dixon, of Amherst, was in town last week visiting at the home of his uncle, Rev. D. W. Crandall.

Miss Lilia Chase returned this week from Toronto, where she has been studying for the Christmas holidays.

Miss B. K. Saxton left on Tuesday to spend the holidays in New York and vicinity. She will be away some weeks.

Miss Flora Chambers, who has been taking a course in Kindergarten work in Boston, arrived home for the holidays on Wednesday evening.

Mr. and Mrs. Noble Crandall and family have gone to St. John, to spend Christmas with their son, Mr. Chas. S. Crandall, editor of the St. John Sun.

Messrs. William and Reginald Gillmore, of Boston, arrived on Saturday night last, to attend the funeral of their father, the late Capt. G. H. Gillmore.

Mrs. (Prof.) Haley and little daughter, who have been spending some weeks at the former's old home in Connecticut, arrived home on Wednesday evening.

Mrs. W. A. Cleveland and her daughter, Miss Berta, left on Tuesday to spend the winter at Sherbrook, Quebec, where Mrs. Cleveland has two married daughters living.

Miss Harriet E. Gourley, recently of this town, has been appointed pastor's assistant and bible school visitor of the North Baptist church, Halifax, at which Rev. A. F. Newcomb is pastor. Miss Gourley is exceedingly well qualified for the position.

Mr. and Mrs. J. H. Tabor and family left on Monday for their new home in Lethbridge, Alberta. We understand Mr. Tabor has secured a good position as traveller for a Calgary confectionery house. Their very many Wolfville friends will follow them with best wishes.

Hockey.

A meeting of the Wolfville Hockey Club was held in the Board of Trade rooms on the 21st inst. The following officers were elected for the present season: A. M. Young, president; W. C. B. Harris, vice president; A. T. Daniels, secretary-treasurer; D. Day, business manager. The club is entering a strong team in the Western Nova Scotia Hockey League and hope to win this year as they did last.

The schedule of this league appeared in our last issue. There will be five home games played in the rink here and five away, so that the club will be under heavy expense and they hope the citizens will extend their patronage to the games and also join the club and thus help to keep up the interest in this winter sport. The teams entered in the league are all composed of good players, some of whom played in last year's Nova Scotia senior league, so that good hockey and close games are assured.

PIANO AND ORGAN TUNING. Upon notice by post card or otherwise I will be pleased to go at any time to any address, to do work as above.
Geo. D. CORNROCK, Hantsport.

Mrs. Granville B. Reed.

At the home of her son-in-law, Capt. Tingley, Mrs. Sophie Reed passed peacefully away Sunday morning, Dec. 12th, after nearly a year's illness, aged 78 years. Mrs. Reed was the daughter of the late Eliza Pitch of Clarence, and is survived by one brother, Samuel, of Middleton, and one sister, Lavinia, Mrs. Misses, of Los Angeles. Fifty years ago she married the late Granville B. Reed, a man known and beloved throughout the valley for his business integrity. Together they delighted in beneficence and hospitality. Early in life she became a Christian and lived her religion to the last. She was a most lovable woman and her long life of usefulness was marked by acts of kindness all the way. Her mind was always active, her faith was wonderful, her charity never failed. She leaves four sons, Fred, in San Francisco, Harry, (postmaster), Granville and Aubrey, all of Middleton, and one daughter with whom she made her home the last few years. Also two step-sons, Charles, of Boston, and William, of Berwick.

MARRIED.

VAUGHAN—DAVISON—At Wolfville, Dec. 22nd, by Rev. M. F. Freeman, Mr. Joseph W. Vaughan, of Bishopville, to Miss Bessie Leona, daughter of Cyrus and Bessie Davison, of Gasperow.

An Honored Citizen Gone.

Death carried away one of our oldest and most esteemed citizens on Friday morning last, in the person of Captain George H. Gillmore, who died at his home on Main street in his 84th year. Of a naturally bright and youthful temperament he carried his age with wonderful ease, but during the past year he has been gradually failing and for some weeks it has been apparent that his end was not far off.

Captain Gillmore was born at Lower Horton, a son of the late George H. Gillmore and grand son of the late Rev. George H. Gillmore. At an early age he went to sea, and for over forty years was a well known mariner and commanded fine ships going to all parts of the world. On retiring from the sea he took up his residence in Wolfville, and has for many years been a well-known highly respected resident of this community.

He was twice married, his first wife being Miss Fuller of Lower Horton. They had seven children, the two surviving being George G. Gillmore of Chicago, and Mrs. Bertha Treney, Springfield. His second wife was Miss Anna Kaubach, of Lunenburg. By his second marriage he had eight children, all of whom are living—William H., John G., Robert G., Reginald and Miss Fina A., all of whom reside in Boston; Norma (Mrs. Van Allen) and Harold B., reside in New York, and Stanley L., of Wolfville. He also leaves one brother, Robert Gillmore, of Boston.

Captain Gillmore was a faithful member of St. Andrew's (Presbyterian) church and filled the office of elder for many years. For many years it was largely due to his faithfulness that the church was able to exist.

The funeral took place on Sunday afternoon and was largely attended. After a short service at the home the remains were taken to the church, where an appropriate service was held. Rev. George McMillan, of Kentville, officiated and Rev. Dr. MacKinnon, of Halifax, and Rev. R. F. Dixon assisted. Mrs. (Dr.) Moore sang an appropriate solo in her usual charming manner. The interment was at Willow Bank Cemetery, where the service was conducted by Rev. Dr. MacKinnon.

The Late Dr. Pineo.

We regret to record the death of Dr. James Pineo, which took place on Monday evening at the Lindens in this town, where he had been residing for the last two years. The funeral took place on Wednesday afternoon from the residence of his brother-in-law, Dr. James R. F. Dixon, of St. John's church, officiated and the remains were forwarded to Chester where they will be interred. James Pineo was a son of the late John O. Pineo and was born at Canning sixty four years ago. In 1859 his father moved to Wolfville and took up his residence at the Lindens where he farmed for many years. The subject of this sketch attended the Academy in this town, and then entered the New York Bellevue Medical College in 1879, from which he graduated about forty years ago. After practicing for a short time at Digby Neck and Canning, he went to Chester, where he remained for over twenty years, building up a large practice in that town. His health failing, him he went to the States where he practiced in Missouri and New Hampshire, returning to Nova Scotia about three years ago. Since then his health steadily failed and he gradually sank into a condition of almost complete helplessness. He bore his illness with great fortitude and resignation, and although prostrated with weakness retained all his faculties until a few days before his death. Dr. Pineo was married three times. His first wife was a Miss Treney, his second a Miss Gidley, whose father at one time was Surgeon at Arms of the House of Assembly, his third wife, who survives him, was Miss Ida Mills of Chester. By his second wife he has five children, three of whom (Richard, a travel agent for a Toronto drug house, Roger, of Halifax, and Mrs. Fall, of Chesler) are living. His surviving brothers and sisters are Richard E., of Ceylon, India, Joseph H. of Canning, Wm. S., of Middleton, Mrs. Jones, wife of the late Rev. J. P. Freeman, Mrs. McVicar, wife of Pin. McVicar, of Cambridge, Mass., and Mrs. James Harding, of St. John, N. B. He was the first cousin of Dr. DeWitt of this town.

The rendition of the Grecian play, 'Pygmalion and Galatea', by the lady students of the college last Friday evening in College Hall, was of a very high order, and elicited high praise from those who were present. All the parts were well taken, Miss Kate Mitchell, of this town, personating Pygmalion, the Arabian Sculptor. The costumes were pretty and appropriate, and much skill and taste was shown in the stage arrangement. It is to be hoped that the young ladies may be induced to repeat the play in the near future.

Sciatic Rheumatism

Unable to work or sleep—Six years of suffering—Cured by DR. A. W. CHASE'S NERVE FOOD.

Mr. Alex. Miller, Jr., Clarence Creek, Russell Co., Ont., writes—"My nervous system was run down to such an extent that I suffered a great deal from weakness of the nerves and sciatic rheumatism, and at times was like one paralyzed. I could not do any work, was unable to sleep, and had no appetite."

"Nothing seemed to build up my nerves until I made use of Dr. Chase's Nerve Food. After having used about \$12.00 worth of this medicine I feel like a new man. I can walk all right, do a great deal of work, have a good appetite and sleep well every night."

When you have tried of experiments at Acadia Pharmacy, that persistent treatment is bound to be rewarded with lasting results. But you must get the genuine, bearing portrait and signature of A. W. The Gaddy.

A correspondent who wishes people to understand that he belongs to the executive of the Fruit Growers' Association has been investigating the meaning of the word 'gaddy.' Had he perused his dictionary he might have learned also what a rhinoceros was and about as much pertinency as to what matter referred to in this column.

If the gaddy is able to get 'underneath the skin' of some of those gentlemen who are expounding and being exploited for personal and selfish ends, it might be justified in coming from somewhere and going nobody knows where.

That society the remnants of what was once an active and aggressive Fruit Growers' Association was expected to decide definitely this year as to whether fruit trees required fertilization and moisture. It seems that they sent to Ottawa for an expert and when he had spoken the impression seemed to be that both would be useful if applied during the summer months. We would like to see a gathering of farmers, one thousand strong, that have been growing apples along through the northern parts of Kings and Annapolis counties, farmers who may not have heard about these fruit-growing and horticultural experts but farmers who manure their land, plow it, grow potatoes upon the same and trust to the Almighty to supply the moisture. If at such a meeting you could compel the attendance of these highly scientific experts, fruit growers and horticulturists they might learn a lot about fruit growing.

If these organized and highly educated gentlemen when they gather would for one season drop this futile and insane chap-trap about pests, insects, fertilization and moisture and for a brief season get down to something that ordinary people, the people for instance, who grow apples for market, can understand.

How would it do when some of these scientific gents arrive from Ottawa or Toronto to ask them to explain why it is that Canadians have to pay \$1.50 duty upon a barrel of apples entering Germany, while apples from the United States are admitted into the same country at 50 cents per barrel. This discrimination by Germany against Canadian fruit is at quite as much importance as fertilization and moisture. Shippers believe that this handicap against our fruit might be removed.

We notice by the newspapers that Ottawa has suffered an earthquake shock and experts say it was due to a readjustment of the earth's crust. This explanation seems necessary, although in one might have imagined it was the crust of politicians and not of the earth that was in process of readjustment, though come to think a quake strong enough to effect the political crust at Ottawa would have shaken the whole Dominion.

A Christmas Gift.

Are you looking for a Christmas present to give your father, your mother, your brother or sister, your friend? Why not send THE ACADIAN for a year? No more suitable or enjoyable remembrance could be given. It is a perpetual gift, lasting all the year, and coming not once, but fifty-two times, as a reminder of your thoughtfulness. Send in your order to-day.
