

THIS WEEK'S HOME

A sylvan setting with tall trees shading the gently sloping ravine property offers privacy for outdoor living. Sun-dappled patios surround the sparkling pool. The comfortable four-bedroom home was designed for active family living, with room for hobbies in the recreation room, a bright family room on the walkout level with a brick-wall fireplace and a rich looking solid oak bar (made for Hy's Restaurants) as focal points. The glass doors lead to a sunny terrace. On the upper level are four good bedrooms. The master bedroom has a dressing room with good closet space and a full bath ensuite. A profusion of plants are thriving in the large dining room window, with a view over the pool. The separate living room is spacious, yet cozy and accentuated by a fireplace. The property is at 680 Meadowwood Road and listed at \$144,900 with Johnston & Daniel Limited. For further information please call Joan Fitzpatrick at 823-2800 or 845-3118.
