

Q. What make was it?
 A. Chevrolet.
 Q. Did you happen to take down its number?
 A. No, sir.
 Q. Did you see anyone take it down?
 A. No, sir.
 Q. Now, the Court has heard you saw McIntyre standing at the front of the parked Chevrolet.
 A. Yes, sir.
 Q. You and Love were in the middle of the road?
 A. Love was slightly behind me.
 Q. The vehicle was approaching you at a high rate of speed?
 A. Yes.
 Q. Tell the Court the sequence of events.
 A. The vehicle that was approaching struck the left rear side of the parked vehicle and the impact seemed to slow it down. It went on along the side of the parked vehicle and carried on up the street. When I looked over at the parked vehicle where Cpl. McIntyre had been, there was no sign of him at all.
 Q. When you saw the collision did you observe where Cpl. McIntyre was standing?
 A. No, I didn't.
 Q. Did you hear any noise indicating anything to you?
 A. All I heard was the crash and tear of the fender of the vehicle. It was smashed right in.
 Q. Where'd you go immediately afterwards?
 A. I ran to the front of the parked vehicle to see if Cpl. McIntyre was there.
 Q. Did you see him?
 A. No, sir.
 Q. Did you observe whether or not the other vehicle, that had collided with the parked vehicle, stopped?
 A. It hadn't stopped, sir.
 Q. What speed?
 A. In my opinion the speed was 40-45 m.p.h. after the impact.
 Q. Did you see it stop at all?
 A. No, sir, I didn't.
