POWER PRESS

Has recently been added to the GAZETTE OFFICE, which enables the Proprietors to print a paper which must give satisfaction.

TO ADVERTISERS.

The GAZETTE circulates in every neighbourhood in the County of Prince Edward, besides it has a large circulation outside, and is consequently a good medium through which the public can be reached. Our terms are so low that all can afford to advertise, and none can afford to neglect so important a source of profit. Call and learn our prices.

THE BOOK AND JOB DEPARTMENT

Is very complete, and we are now doing better work, at a cheaper rate, than can be done in this or adjoining Counties. Printing in Gold or Colors neatly and cheaply executed. We only ask a trial!

DEEDS, MORTGAGES, and OTHER BLANKS, always on hand, or printed to order, at a cheap rate. Enquire our prices before going elsewhere.
