IT TELLS ABOUT THE WONDERFUL
PROFITS BEING MADE EVERY DAY

It tells how You can make big money in Minnesota Iron Mines

Farmers, merchants, clerks and office people are putting their spare money into Minnesota Iron Mines and are making big dividends on their savings. Our company makes this possible for the small investor.

No one need hesitate, because he has only a few dollars to spare. His few dollars will entitle him to share in the big profits that are almost a certainty.

One company in Northern Minnesota earned its stockholders \$1,500,000.00 in dividends this year. Our lands promise as great and as rich a yield of ore. If that promise is realized your investment with us will return you a rich harvest.

Ten dollars—the price of a share—puts you on the same footing in this company as the President and every other stockholder and will return you exactly the same rate of profit.

This company is incorporated for \$150,000.00 and owns land in the very heart of the richest ore belt in Minnesota. Its purpose is to acquire and develop Iron Lands for profit.

Back of your investment, and as a guarantee against loss, is the lands owned by the company. Most of these ore companies only lease the lands they mine. We own our lands.

A short distance North of our property a prominent ore company has sunk a shaft and is now mining. In every direction drills have disclosed valuable finds of iron ore. Within 80 rods of our land

drills have blocked out forty million tons of iron ore. The above ore company referred to has offered to supply us with money and take half the profits. We prefer, however, to develop it ourselves and divide the profits among those who invest with us and help develop this valuable land. Consequently, we believe this will be an excellent opportunity for you to receive good dividends on your investment.

This is the chance of a life-time for you to safely put a few dollars to work in a way that promises phenomenal returns. The tales of the wealth Minnesota Iron Mines are putting into the pockets of the people who have been farsighted enough and invested in and helped to develop them, sound like fairy stories—but the facts are that the truth, if all told, would stagger belief. One dollar invested has jumped to \$140, and so on. True not every one is so lucky—while most of those who have not been so fortunate have been the ones who were too impatient to wait and sold out just before the fortune came.

If you want to know more about our company and what it offers you in the way of a safe speculative investment, write today for our free illustrated prospectus—full of facts and figures that will open your eyes as to how some men got to be "Iron Kings."
