You Can Solve the Problem
of raising young calves **ECONOMICALLY**
by using

Gardiner's Calf Meal

THE PERFECT CREAM SUBSTITUTE

along with your separated milk, this is no experiment but has been proven successful by thousands of our customers. The good reports from the users of our Calf Meal which are coming to us every day are our best guarantee as to the value of our Calf Meal for raising calves. Our Calf Meal prevents scours, in fact we have several customers who have given us positive proof that our Calf Meal has cured last cases of scouring in their calves. Why not give it a trial? If your dealer does not handle our meal write direct to our Special offer of a trial sack of 100 lbs. prepaid to your nearest station.

Save the Young Chick

One of the greatest sources of revenue in poultry raising is to be able to bring the maximum number of young chicks from the hatch on to full maturity. This can be done by feeding

Gardiner's Baby Chick Food

to the baby chicks for the first few weeks until they are old enough to take larger grain when they may be fed our Chick Food. Put up in 25 lb. packages or in 25 lb., 50 lb., and 100 lb. bags. Ask for our special prices of assorted orders of 100 lbs. of our Calf Meal and Poultry Foods. Manufactured by

GARDINER BROS., SARNIA, ONT.

SPRAYERS Are a Necessity and a Benefit

2 Of the Right Sort
Bull Calves from Record Blood

You will want a new bull for service next fall. Why not buy a bull calf now?

WE OFFER TWO with the choicest of breeding, either one good enough to head any herd. **1ST** Out of REGINA DE ROL OF ROSARDEN. Last year, a 2-yr-old she made 22.07 lbs. butter in 7 days. Not yet 3 years, she promises to make a mark in milk records. Her calf is a beauty—long, strong and mostly white. **2ND** Out of WILHELMINA OF ROSARDEN. As a 2-yr-old she gave 10,000 the milk. In official test she now producing 10 lbs. a day of 43 milk, and has just made 18.51 lbs. butter in 7 days at 3 years and 2 months. **CLOTHILDE LAD (1907)** is the SIRE of these calves. He is bred from heavy producers. His sire has more 30 lb. daughters than any other bull in Canada, and is by Saratoga Lad—the St. Louis World's Champion. **HIS DAM, Clothilde Maud's** Canary (1st as 2-year-old at Toronto in 1910 and 2nd in Guelph Dairy Test, 1911), is a 22 lb. daughter of Brightest Canary, who is a grandson of Madie Vale Concordia—the first 20 lb. cow, and a great-grand of Creamelle Vale—29.5 milk (world's record). **BREEDING COURSES**—The best is behind these two bull calves. **IF YOU NEED A CHOICE ONE** write or come and see them. **THEY ARE PRICED RIGHT.**

ROSARDEN FARM - LISTOWEL, ONT.

Firm Butter

Butter made from cream skimmed by the Standard cream separator is noted for its firmness. This is due to the fact that the curved wings of the Standard's centre piece prevent the breaking of the globules of butter fat during the process of separation. Just why the curved wings of the

Standard

do this is explained at length in our new separator catalog, which also gives other interesting information. Every dairyman knows that good, solid butter brings the highest price—and that's the kind of butter the Standard furnishes.
