

AMBEROL RECORDS *for* The EDISON PHONOGRAPH

The greatest improvement in sound-reproducing instruments was made when Mr. Edison invented Amberol Records for the Edison Phonograph

No one thing has added so much to the pleasure of the Edison Phonograph as a Record which plays more than four minutes, and reproduces the melody or voice so clearly and perfectly that the illusion almost defies detection.

Edison Amberol Records are the same size as the ordinary Edison Records. They can be played upon any Edison Phonograph by the addition of an attachment which any dealer can supply and any dealer can affix.

Longer selections are now available for the Edison Phonograph than have ever been available before for any sound-reproducing machine, and these selections are better given.

No Edison Phonograph outfit is complete without the attachment to play Edison Amberol Records.

You can hear these new Records at any dealer's. Learn about the attachment and equip your Phonograph with it today. If you haven't an Edison Phonograph, you can now buy one which plays both styles of Records—the two-minute and four-minute.

We will be glad to send to anyone, however, a booklet describing the new attachment, describing the Amberol Records, giving a list of the music now available on these Records and giving all the other information necessary to make it possible for you to get more than twice as much enjoyment out of your Edison Phonograph as you are now getting.

We Desire Good, Live Dealers to sell Edison Phonographs in every town where we are not now well represented. Dealers having established stores should write at once to

National Phonograph Company, 112 Lakeside Avenue, Orange, N. J., U. S. A.

An Abundance of Water.

The Locked Wire Fence Co., Ltd.
HEAD OFFICE: HAMILTON, ONT.

ANOTHER YEAR HAS PROVEN THAT THE Niagara Brand Lime-Sulphur Solution

Is the most effective and economical spray material. Its extensive use throughout the United States and Canada establishes this fact beyond doubt.

It will destroy San Jose scale, oyster-shell louse and other sucking insects, and at the same time all fungous diseases of the orchard, vineyard and garden.

One 50-gallon barrel will make 12 bbls. of spray material for winter use, and 25 to 30 bbls. for summer use.

This solution takes the place of the home-boiled lime-sulphur wash and Bordeaux mixture. Arsenites will combine with the solution.

Quality and quantity fully guaranteed by the manufacturer. Ask your dealer for Niagara Brand, and take no other. Address:

NIAGARA SPRAYER CO.,

Middleport, N. Y.
