and, with a few short gasps, was dead.

"Chilled and stupefied, yet perfectly conscious of the enormity of my sin, I watched by his side, gazing into the still open eyes, and alternately cursing myself and calling him names of endearment that he had never heard in life.

"How long it was before another hunter's voice recalled me to myself and my condition I do not know, but I know that during that time the sufferings of my mind made me unconscious of my bodily suffering. I was helped home, but for many weeks lay between life and death, and they said all of my unconscious ravings were of Stanley and that awful transaction by the lakeside. I have been a different person since, but I can never, in life, get away from that page in the book.

"You understand what I mean now, and all I have to say further is, boys, be kind to every living creature, and if you can do any good by repeating an old man's story, tell it again and again."

There was silence in the little group as once more the carriage wheels rolled noiselessly away; but presently the largest boy took some pennies from his pocket and bade two of the smaller ones "run to the market and get a good meaty bone." On their return it was laid where the stray dog could smell it, and then the boys quietly dispersed, each to tell some one else the old man's story, and put in practice, we trust, his admonition, "Be kind to every living creature."—Practical Farmer.

KEEP TRYING.

If boys should get discouraged
At lessons or at work,
And say, "There's no use trying,"
And all the hard tasks shirk,
And keep on shirking, shirking,
Till the boy become a man,
I wonder what the world would do
To carry out its plan?

The coward in the conflict
Gives up at first defeat;
If once repulsed, his courage
Lies shattered at his feet.
The brave heart wins the battle,
Because through thick and thin
He'll not give up as conquered—
He fights, and fights to win.

So, boys, don't get disheartened
Because at first you fail;
If you but keep on trying,
At last you will prevail;
Be stubborn against failure,
Try, try, and try again;
The boys who keep on trying
Have made the world's best men.

GETTING THE WORST.

A boy came to the door of a lady's house and asked if she did not wish some berries, for he had been out all day gathering them.

"Yes," said the lady, "I will take them." So she took the basket and stepped into the house, the boy remaining outside, whistling to some canary birds hanging in their cages on the porch.

"Why don't you come in and see that I measure your berries right?" said the lady; "how do you know but I may cheat you?"

"I am not afraid," said the boy, "for you would get the worst of it." does a wrong to another always gets the worst of it.

"Get the worst of it," said the lady; "what do you mean by that?"

"Why, madam," said the boy, "I should only lose my berries, and you would make yourself a thief. Don't you think you would be getting the worst of it?"

The boy was right. He who steals or does anything wrong or mean just to gain a few pence or a few shillings burdens himself with a sin which is worse than all gain. Let this be borne in mind; the one who

Good Health and Success

GO HAND IN HAND WHEN THE BLOOD IS KEPT PURE AND RICH BY

Dr. Chase's Nerve Food.

Red blood means health, strength, courage, cheerfulness, power of endurance and a well-nourished brain that likes to accomplish things.

The secret of health is, after all, in the blood, for with an abundance of rich, red blood the nervous system is nourished and sustained, the lungs, heart, stomach, liver and kidneys are filled with the vigor and energy necessary to accomplish their work, and there is no room for weakness and disease.

Dr. Chase's Nerve Food builds up, strengthens and invigorates the whole human body because it actually forms rich, red blood.

Indigestion, sleeplessness, nervous headache, irritability, nervousness, lack of energy and strength and failure of the bodily organs to perform their functions are almost invariably the result of poor, weak, watery blood.

The use of Dr. Chase's Nerve Food completely overcomes these symptoms and by filling the whole system with new vigor gives new hope and confidence and replaces weakness and disease with health and strength.

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or at Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Nestlé's Food requires no milk—no sterilizing. Just add water and it's ready for the bottle. Nestlé's Food is always the same taste—same form—same composition—winter and summer. Nestlé's Food Insures a Steady Increase in Weight protects babies against stomach troubles and summer complaints—gives to mothers a food that they know is absolutely pure and wholesome for babies.
