

Don't Farm More Acres—Make Your Land More Productive

It is not the man with the largest farm that makes the most money. Your neighbor may be "land poor" and still make less money than you will from your 80 or 160 acres.

The secret lies in keeping up the fertility of your soil. Make every acre yield the highest possible returns by spreading the barnyard manure with one of the

I. H. C. Manure Spreaders

The Corn King Return Apron Spreader
The Cloverleaf Endless Apron Spreader

Either one of these machines will double the value of the manure by making it go farther and by placing it on the land in such a condition that none of it will be wasted.

And because the machine doubles the value of the manure, it will shortly double the producing power of your land.

Remember that farming more acres to produce larger crops means more fencing, more seed, more labor, more wages and more wear on machinery. Take the short cut to larger crops by investing in the machine that will double the yield of the land you are now farming.

Can you buy a farm machine that would be a better investment? Call and discuss the matter with the local agent handling one of the I. H. C. lines of spreaders. He will supply you with catalogs and full particulars. Or, write to the nearest branch house for any further information desired.

Pork and Profit

If you are feeding hogs for profit, aim to keep them growing every minute of every day, from the time they're "farrowed." This is not an impossibility—on the contrary it's easy to do. It is simply a matter of keeping the hog's digestive apparatus in a normal healthy condition, and appetite keen and sharp, so that the hog will steadily receive and put to use a large food ration. This is "The Dr. Hess Idea" of feeding and from successful experiment along this line has come

DR HESS STOCK FOOD

—an animal tonic which every feeder needs to make his work successful. It contains elements which medical authorities have always recommended as beneficial to the stomach and the digestive function. It regulates the bowels and expels poisonous matter from the system enabling the animal to resist the poisonous germs of disease. Sold on a written guarantee and fed twice a day in small doses.

190 lbs. \$7.00; 25 lb. pail \$2.00. Smaller quantities at a slight advance. Duty paid. DR. HESS & CLARK Ashland, Ohio, U. S. A.
