**The Razor Steel, Secret Temper, Cross-Cut Saw.**

WE take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge, and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge." This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than saws now made perfect taper from tooth to back. Now, we ask you, when you go to buy a saw to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand. It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work. Thousands of these saws are shipped to the United States and sold at a higher price than the best American saws. Manufactured only by

on the head of Angelique against the wild love of Le Gardeur, the empty admiration of Bigot, and the flatteries of the troop of idle gentlemen who dawdled around her.

He felt confident that in the end victory would be his, and the fair Angelique would one day lay her hand in his as the wife of Hugues de Pean.

De Pean knew that in her heart she had no love for the Intendant, and the Intendant no respect for her. Moreover, Bigot would not venture to marry the Queen of Sheba without the sanction of his jealous patroness at Court. He might possess a hundred mistresses if he liked, and be congratulated on his bonnes fortunes, but not one wife, under the penalty of losing the favor of La Pompadour, who had chosen a future wife for him out of the crowd of intrigantes who fluttered round her, basking like butterflies in the sunshine of her semi-regal splendor.

Bigot had passed a wild night at the Palace among the partners of the Grand Company, who had met to curse the peace and drink a speedy renewal of the war. Before sitting down to their debauch, however, they had discussed, with more regard to their peculiar interests than to the principles of the Decalogue, the condition and prospects of the Company.

The prospect was so little encouraging to the associates that they were glad when the Intendant bade them cheer up and remember that all was not lost that was in danger. "Philibert would yet undergo the fate of Actaeon, and be torn in pieces by his own dog," Bigot, as he said this, glanced from Le Gardeur to De Pean, with a look and a smile which caused Cadet, who knew its meaning, to shrug his shoulders and inquire of De Pean privately, "Is the trap set?"

"It is set!" replied De Pean in a whisper. "It will spring to-morrow and catch our game, I hope."

"You must have a crowd, and a row, mind! this thing, to be safe, must be done openly," whispered Cadet in reply.

"We will have both a crowd and a row, never fear! The new preacher of the Jesuits, who is fresh from Italy and knows nothing about our plot, is to inveigh in the market against the Jesuits and the Honnetes Gens. If that does not make both a crowd and a row, I do not know what will."

"You are a deep devil, De Pean! So deep that I doubt you will cheat yourself yet," answered Cadet gruffly.

"Never fear, Cadet! To-morrow night shall see the Palace gay with illumination, and the Golden Dog in darkness and despair."

**IMMIGRATION NUMBER**

A special immigration number issued by The Fort Saskatchewan Reporter contains much that is of interest regarding Alberta's resources. In fact, little is left unsaid as far as agricultural possibilities are concerned. The summary of facts is both interesting and instructive. High grade paper is used and illustrations are particularly clear.

When it comes to personal boasting the average veterinarian could learn things from members of some other profession, but lest somebody should jump at the conclusion that horse doctors are out of the running when it comes to advertising their versatile accomplishments we append the "matter" that is on a "business" card gotten out by a genius at Nez Perce, Idaho: "Dr. Cunningham, The 'Sure Winner' Veterinary Surgeon, Auctioneer and Evangelist of the Boss Barn, Nez Perce, will Doctor Your Horse. Cry Your Sale or Preach Your Funeral. You pay your money and Take Your Choice. If you don't see what you want, please order it. All kind of experience. Agent for the 'Easy Winger' Mop." It would seem that a man so resourceful ought to be able to live through the hard winter.

**And He Found Them to be all They  
were Advertised—How and Why  
Dodd's Kidney Pills Cure.**

Montreal, Que., Jan. 17. (Special.—"Dodd's Kidney Pills were recommended to me by our family physician, and I must say they have proved to be what they were advertised.")

This statement, made by L. J. R. Hubert, the well-known advocate, of 214 James St., is a double tribute to Dodd's Kidney Pills. It shows that they are recognized by reputable medical men as a peerless remedy for diseases of the Kidneys and also that they are now looked upon as a standard medicine by the best people in Canada.

And the reason for this is that they do just what they are advertised to do. They cure diseased Kidneys and put them in condition to clear all impurities out of the blood. They cure Bright's desase, Diabetes and Backache, because these are Kidney diseases. They cure Rheumatism, Lumbago and Heart Disease, because these are caused by impurities in the blood that the Kidneys would strain out of the blood if they were in good working order. If you haven't used them yourself, ask your neighbors about Dodd's Kidney Pills.
