

# On The Home Stretch

**Our Sixty-day Subscription Campaign is winding up with great enthusiasm!**

¶ We have got into the home stretch now and the campaign is showing more momentum every turn of the wheels. February and March returns are not nearly all in, but they show that results in previous months will be completely eclipsed. **Now for the last week!**

Let's make it the greatest single week in our history! If we can have as general and generous a response as in previous weeks, it will be a week long to be remembered.

¶ There is a great power in an organization of individuals who are struggling for the achievement of high aims. Promised tariff

revision has been withheld for years. Combinations, trusts, monopolies, interlocking directorates--the monster evils with which we are now grappling--have to be blotted out. The task which confronts us is a tremendous one, but the farmers of the West are equal to the occasion.

¶ Send in your renewal today and show your practical appreciation. Positively no subscriptions will be accepted at the \$1.50 rate for three years after March 31st. Now is the time to act. Take advantage of this great bargain. Do not delay.
