Trenton, May 2nd—The death took place yesterday of Mr. Henry Donaldson, father of Mrs. Alex. Gault, an old resident of Trenton. The funeral will be held on Monday next, at Front of Sidney cemetery. Mr. Donaldson was 74 years of age.

directed attention to the failure of the Dale Bank at Madoc, when Parliament met yesterday. He asked whether it was the intention of the Government to reimburse the depositors.

The report of Solicitor Abbott relative to the appointment of a park board, was read in open council last evening. In effect, it appeared to establish one and put it in operation, it will be necessary to have a petition signed by a certain number of ratepayers asking for submission of a bylaw to the people.

Trenton's assessment for 1913, was \$2,277,381, and population 4,083. This year the assessment is \$2,400,000, and population 4,619. A population increase of 536 for one year is not all bad, though we are quite sure that last year's figures were incorrect, so that the increase is really not so great as the figures indicate. Next year should see an increase of 1000 at least.

Baseball prospects never looked brighter. It is stated that Mr. Geo. Collins has given the baseball commission to use the old skating rink property controlled by the C.N.R. near the depot, and that he is supplementing this generous offer by clearing up the property so that no delay will be incurred in getting it to work with the many good men available in Trenton. Mr. Collins' generosity is one of the best things done for the young men we have yet heard of in this place.

Trenton, May 4—The Marmora St. residents have definite information that the street will be torn up this summer, probably soon, thus making any effort aside from boulevarding, inadvisable in the way of street improvement. It is not improbable that the council will take advantage of the council's consent curb along each side of the street if the residents would fill in and sod the boulevard.
