HOT WEATHER AILMENTS

A medicine that will keep children well is a great boon to every mother. This is just what Baty's Own Tablets do. An occasional dose keeps the little stomach and bowels right and prevents sickness. During the hot summer months stomach troubles speedfly turn to fatal diarrhoea or cholera infantum and if Baby's Own Tablets are no tat hand the child may die within a tew hours. Wise mothers always keep the Tablets in the house and give their children an occasional dose to clear out the stomach and bowels and keep them well. Don't wait till baby is ill—the delay may cost a precious life. Get the tablets now and you may feel reasonably safe. Ivery mother who uses the Tablets praises them and that is the best evidence that there is no other medicine for children so good. The Tablets are sold by medicine dealers or by mail-at 25 cents a box from The Dr. Wil-liams., Brockville, Cnt.
