IN BOUNDARY MINES.

A Strike in Summit Camp—Banquet to Mr. Parrish.
 (Special to The Miner.)
 GREENWOOD, Feb. 7.—Archie Connors and Donald McInnis have run into a promising body of copper ore on the Summit mineral claim, in Summit Camp, about a mile west of the Oro Denoro. After running an open cut about 20 feet into the side of the hill they commenced tunneling. For 40 feet the tunnel passed through ledge matter and then entered an ore shoot which now shows four feet in thickness and the tunnel met yet through it. The ore carries all values in gold and silver as well as the copper. McInnis has a bond on W. J. Corbett's interest in this property, and with Connors has been prospecting it lately. Connors and Corbett did a deal of prospecting on the claim during several years, but they did not meet with a permanent shoot of ore, although bunches of good ore were occasionally encountered.
 R. P. Williams, agent at Greenwood for the Jencks Machine company, has sold a power plant to Dr. Wells, of the Columbia University School of Mines, New York, for use in prospecting the Morning Star, in Fairview Camp, Okanagan. This property was recently bonded by outside parties from S. Mangott, of Fairview, and at the time the transaction was made public it was stated that it was intended to sink 300 feet on the claim. The plant now purchased consists of a 30-horse power vertical boiler, 6 by 8 Bacon hoist, No. 5 Cameron sinking pump of plunger pattern, ropes, buckets, cars, pipes and all necessary accompaniments. M. E. Purcell, a mining man well known in the Rossland district, is in charge of the development work, which is now in progress at the mine.
 A banquet was given at the Hotel Armstrong tonight to S. F. Parrish, manager of the B. C. mine, the occasion being his impending departure for Rossland to take charge of the Le Roi mine and smelter in the capacity of general manager for the Le Roi Mining Company. Mr. Parrish is highly esteemed in the Boundary and his departure is much regretted throughout the district.

GREENWOOD NEWS.

A Teamster's Mishap—The Mayorality Contest.
 GREENWOOD, Feb. 4.—Duncan Donnelly driver of a logging team hauling logs to the Yale-Columbia Lumber company's sawmill at Deadwood, had a narrow escape from death yesterday afternoon. As it was he was badly shaken up and had his right shoulder dislocated, whilst one of the horses he was driving was killed outright and another was so badly injured that it is doubtful if he will live. Driving a four-horse team, Donnelly had just commenced the descent of the high hill near the Buckhorn mine when the loaded sleigh got beyond his control. For some distance he managed to keep the team on the winding road, but eventually the sleigh struck a stump, causing the heavy logs to shoot forward and carry driver and horses with them. The horse that was killed was so much crushed that nearly all the bones in his body were broken. Assistance was procured and Dr. Spink placed Donnelly's shoulder back in place. Those who saw the wreck say that it was a true horse man and horses were not all killed.
 Three Greenwood rinks of curlers played a like number of
