## PREMIER'S MESSAGE TO PEOPLE OF PROVINCE

Hon. W. H. Hearst Says Whitney Blazed the Trail Which Will be Followed—Gives Credit to His Various Colleagues.

Hon. W. H. Hearst yesterday issued the following statement, his first message to the people of Ontario as Premier of the province:

I desire in the first place to express my deep appreciation, and the sympathy so generously extended by the people of Ontario, and indeed of Canada generally, on the death of our late beloved and gifted leader, Ontario's most honored and trusted citizen, Sir James Whitney passed away genuinely mourned by the people of the province, after a distinguished and successful career such as it is given few men to enjoy. But while he has gone from us, he has left a record of good deeds, and of legislation for the development of the province and the betterment of its people that will be an inspiration for generations to come.

It will be the aim, object and determination of the new government to carry out the splendid traditions of government and works of the late Sir James Whitney, and to maintain unimpaired the many great works he has accomplished, and to carry to completion the works inaugurated and the plans devised by him for the benefit of the people of the province and the development of its resources. Above all, we will maintain unswayed and unimpaired the high standard of clean, honest administration of public affairs set by him.

Follow Blazed Trail.  
The legislation enacted under the guidance of Ontario's late Prime Minister has been so beneficial, and the works carried out under his direction so ample and complete, that his successors might well be satisfied to follow the trail that he has so well blazed out for them.

But complete and beneficial as the legislation and works of the late Government have been, a province blessed with such limitless resources of lake and forest, of mine and river, of such splendid types of wood and womanhood as ours constantly requires new measures and new laws for the development of its resources, and the comfort and happiness of its people.

The present Government will strive to meet these requirements to the full, and we will not hesitate to break new ground when the needs of the province demand. In earnest consecration to the interests of the people, by the efficient discharge of our trusteeship, and by wise and progressive legislation suited to the needs of this multi-faceted province we hope to retain the confidence, respect and support of the people of Ontario which were enjoyed to so marked a degree by the late Government of Sir James Whitney.

The Hydro Movement.  
We have not yet had time to give thought and consideration to new questions and subjects that may demand attention, but I desire at this, my earliest opportunity, to assume the public that the policy of hydro-electric development inaugurated under the Whitney Government and carried to such a triumphant success with unexampled energy, zeal and devotion to the public service by Sir Adam Beck, will be carried on with unabated vigor, until the boon of cheap light, cheap heat and cheap power is available to every section of the province and to every class of the community, and the food of the farm as well as the dweller in our towns and cities so far as it is practicable and feasible to accomplish this.

I must not let this opportunity pass without making public acknowledgment of the great debt of gratitude owed by the government, the Conservative party, and the province generally to Dr. Pyne, the Minister of Education, for his self-sacrificing devotion to and untiring care for our late Premier during his illness, and also for the splendid public service rendered by him during the many trying weeks when, as acting head of the executive council, the responsibility for the administration of the affairs of the province devolved upon him.

My colleagues, Mr. Foy, Dr. Pyne, Mr. Hanna, Mr. Duff and Mr. Lucas, will preside over the same departments as heretofore and the public may depend upon these gentlemen continuing to give that splendid conscientious service in the administration of these departments that so largely assisted in making the proud record achieved by the late government. Mr. Macdormid, who became Minister of Public Works, and successor to Dr. Reaume, brings marked ability and special capacity for work to the service of the province.

The splendid work carried on in the past by Mr. Hanna in the treat-

ment of prisoners and the care of the insane, will be maintained by him, and it is our confident hope that Ontario will continue to lead the world in humane and businesslike treatment of these classes.

Greater Food Production.  
Agriculture, the great basic industry of the province, will always receive the best consideration of the Government. An active campaign has been inaugurated and will be pressed on with increased vigor to stimulate a greater production of foodstuffs so urgently required now by the Empire as well as for home consumption. Additional efforts will be made to secure for the consumer the products of the farm without any unnecessary advancement in prices over that obtained by the producer.

The work of developing our great heritages in Northern Ontario will proceed with additional zeal and energy. Education, alike primary and secondary, and in its higher branches, will receive the same careful attention as in the past, and no effort will be spared to equip in the best manner possible our boys and girls with that knowledge that will best fit them for the battle of life.

The management of our finances at this trying time in the financial history of the world will receive most thoughtful care and consideration. Stock is now being taken of the value of our natural resources, particularly our timber, from which a very substantial percentage of our revenue has been derived in the past, and it is expected an early date we will have as complete information as possible with reference to the natural resources of the province, and that we may be the better able to determine the value of these resources from a revenue-producing standpoint for the future, and the best means of conserving and developing them so as to secure the most beneficial results as well for ourselves as those who come after us.

Welfare of Citizens.  
The welfare, comfort and happiness of the people will always have our care and consideration, and all such measures will be taken and legislation enacted as circumstances may require to improve the material and moral welfare of all classes of our citizens.

We feel it our duty to aid the Motherland in whatever way we properly can while she is engaged in her present titanic struggle on behalf of humanity.

And we will do all in our power to stimulate and support, and to minimize, so far as we can, the suffering caused by unemployment.

Considers of our many failings and of our liability to error, we give thanks for the service of our province the very best that is in us, following the light of duty, as we see it, with singleness of purpose, seeking such commendation and support as duty, faithfully done to the best of our ability, may merit.

Just a personal word in conclusion. I am deeply grateful for the support of my native province, of which I will endeavor to prove worthy, and I am thankful for the many evidences of confidence and support that I am receiving daily from all sources.

## MARKET REPORTS

CHICAGO, Oct. 6.—Notwithstanding that wheat at one time today showed a substantial upturn, the bears had the advantage during most of the session. Heavy total for the stocks in hand in the United States and Canada was made much of against the bulls. Prices closed weak, 1 1/2 to 1 3/4 under last night. Other leading staples, too, all suffered a net decline—wheat 1/2 to 3/4, oats 1/2 to 3/4, and provisions 1/2 to 3/4.

Peas, bushel, 1.25  
Oats, bushel, 75 to 80

Cheese, new, lb., 12 to 13  
Eggs, new, doz., 27 to 28  
Honey, new, lb., 1.15 to 1.18  
Honey, comb, dozen, 2.00 to 2.05

WINNIPEG GRAIN MARKET.  
WINNIPEG, Oct. 6.—Winnipeg wheat opened higher on strong cables, general bullish news and a good cash demand, but selling pressure proved too much in the absence of speculative trade and hedging in Winnipeg and Chicago. The close showed a decline of 1/2 for December and 1/4 for October. Oats were 1/2 to 1/4 lower.

Cars inspected Monday numbered 1151, and in sight were 200 cars. Cars inspected of all grains during the month of September were 34,528, against 37,913 in September, 1913.

The weather was generally fine and colder, with traces of rain and snow in Southern Alberta.

Deliveries thru the clearing house were: Wheat, 77,000 bushels, and flax, 21,000 bushels.

Winnipeg cash: Wheat—No. 1 northern, \$1.05 1/4; No. 2 do., \$1.03 1/4; No. 3 do., \$1.01 1/4; No. 4, \$0.98 1/4; No. 5, \$0.95 1/4; No. 6, \$0.92 1/4; feed, 78 1/2 c.

Oats—No. 2 C.W., 48 1/2 c.  
Barley—No. 1, 61 c.; No. 2, 60 c.  
Flax—No. 1 N.W.C., \$1.12 1/2; No. 2 C.W., \$1.09 1/2.

MONTREAL GRAIN MARKET.  
MONTREAL, Oct. 6.—Considerable grain was offered by local exporters over the cable last night, but the acceptances were few and far between today, as only sales of a few lots of wheat were made. The local market for coarse grain was also quiet, the demand for all lines being limited, but prices show no further change. Business in flour is quiet, both for local and export account and the market for mill feed is limited. In baled hay the feeling is easier and prices have declined 50c per ton with a fair demand from local exporters for all offerings.

The business is more active, with sales of some round lots of finest creamery to local houses. The trade in eggs is fairly active.

MINNEAPOLIS GRAIN MARKET.  
MINNEAPOLIS, Oct. 6.—Wheat—No. 1 hard, \$1.08 1/4; No. 1 northern, \$1.06 1/4; No. 2 do., \$1.04 1/4; No. 3 do., \$1.02 1/4; No. 4, \$0.99 1/4; No. 5, \$0.96 1/4; No. 6, \$0.93 1/4; feed, 78 1/2 c.

Corn—No. 3 yellow, 66c to 67c.  
Oats—No. 3 white, 42 1/2c to 43c.  
Flour and bran unchanged.
