LONDON DERRY TIMES.

SATURDAY, OCT. 6th 1888.

Light as Darkness.

Now that the long winter evenings are beginning to close in upon us, it would not be well for the people of Acadia Mines to take some steps whereby our town might be properly lighted.

There are many reasons why it would be to make our town attractive, give it a business appearance and be to the safety and advantage of the numerous pedestrians whom business compels to patrol our unguarded streets at night.

A SAD CASE.

FROM A HOME OF LUXURY TO THE DOOR OF STARVATION COMES A CRIME FOR WHICH HE RECEIVES 15 YEARS IN THE PENITENTIARY.

St. John, Oct 2.—The case of Phillipine and Trafton for shooting the wife of Major Howes was given to the jury at 11.45 this morning, but up to 8.30 to-night they had not agreed upon a verdict.

Something new.

Seeing the labor candidate was elected for Montreal east by 672 majority. The workmen are certainly to be congratulated on their victory.

A MAN TRICK.

The manager has acted in rather an arbitrary manner when he gave notice of his intention to stop the two weeks pay, without ever intimating to the men his intention of doing so.

Billiards and Tobacco.

Billiards and Tobacco, Commercial Square, Books, Stationery, Magazines, School Supplies, ETC.

ance to his despotic will, in trying to get certain concessions which were only just and right. Now we all know Mr. Sutcliffe owns neither this town or the works, and receives orders from his superiors, the same as the men get theirs from him, and so far as closing any department is concerned, it is outside of his jurisdiction. He could recommend this medicine for the men but it is doubtful if the Co. would act upon it, as they will not sink thousands of dollars to gratify the spleen of one or two individuals. We have no doubt had the manager condescended to consult the men on his intention of returning to the old system of monthly pay, and put forward any good reason, if they would have made any serious objection. But there is one thing certain if the men wish it is not granted now the Co. may find in the course of a few months they will be compelled (by law) to pay not only fortnightly but weekly.

WANTED.

500 men, women and children to call on the subscriber, who has opened a Book and Stationery Store, next door to the American House, where he will be prepared to perform Surgical Operations.
