

Perpetual Motion.

When George Stephenson was asked, "Do you believe in perpetual motion?" he replied, "Yes, if you lift yourself by the waist-band of the trousers, and carry yourself three times round the room."

Just so, and a woman would just as soon believe that she has not to pay dearly for common premium soap, in the low quality of soap, in ruined hands and clothes. She would be kept in perpetual motion trying to do with common soap what she could so easily do with Sunlight Soap—Octagon Bar. 215

Curse DRINK

COLONIAL REMEDY

No taste. No odor. Can be given in glass of water, tea or coffee without patient's knowledge. Colonial Remedy will cure or destroy the disease appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, tippler, social drinker or drunkard. Impossible for anyone to have an appetite for alcoholic liquors after using Colonial Remedy.

Indorsed by Members of W. C. T. U.

Mrs. Moore, Superintendent of the Woman's Christian Temperance Union, Ventura, Cal., writes: "I have tested Colonial Remedy on very delicate drunkards, and the cures have been many in many cases the remedy was given secretly. I cheerfully recommend and endorse Colonial Remedy. All members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work."

Sold by druggists everywhere and by mail. P. I. St. Trial package for your member of the Woman's Christian Temperance Union, 224 St. Catherine St., Montreal. Sold at

DAVIS' DRUG STORE

COL. PRIOR IS PREMIER.

CHANGES IN THE BRITISH COLUMBIA CABINET.

Victoria, Nov. 22.—Premier Dumsair yesterday handed in his resignation to the Governor, and recommended Hon. E. G. Prior as his successor. Colonel Prior was seen for, and had a conference, at which it is understood the Governor expressed himself in the kindest terms, and gave him till evening to decide whether he could form a Cabinet.

At 6.30 last night Colonel Prior was sworn in as Premier and Minister of Mines, Mr. Prentice, the present Finance Minister, being re-sworn at the same time in his old portfolio. Mr. Wells did not arrive from the east till an hour later, but immediately on arriving saw Colonel Prior and Mr. Prentice, and consented to accept office under the new chief.

Death of A. Drexel's Daughter.

London, Nov. 21.—Anthony J. Drexel's nine-year-old daughter died to-day at Wytham Abbey, near Oxford, of appendicitis. Sir Frederick Treves, Surgeon to the King, and other great surgeons were telegraphed for by Mr. Drexel, but none of them could go to the Abbey. An operation was performed at midnight, but the child did not survive it.

THE MARKET REPORTS.

Wheat Lower in Chicago—Corn Also Declines—Live Stock Trade.

Friday Evening, Nov. 21.
Toronto St. Lawrence Market.

Business was rather quiet on the street market here today, although there was a fair amount of activity in the new St. Lawrence Market building. Receipts of grain and hay were moderate and prices were irregular. Vegetables were steady and there was a good inquiry for potatoes. Apples were fairly active, but dressed hogs and muttons were dull on account of the warm weather. The total receipts of grain were 2,300 bushels.

Wheat—One hundred bushels of white sold unchanged, and 200 bushels of red 1/2c higher at 72c to 73c. 200 bushels of good hard, uncleaned, at 70c, and 100 bushels of spring 4c higher at 72c.

Barley—One hundred bushels sold 1c lower at 40c to 41c.

Oats—Timothy sold 5c lower at \$14 to \$15 per ton, and clover or mixed was selling \$1 higher at \$6 to \$10 per ton. Deliveries were 25 tons.

Straw—Three hundred of straw sold 50c lower at \$12 to \$13 per ton.

Dressed hogs—Quiet and steady, with prices unchanged at \$8 to \$8.50 per cwt.

Cheese Markets.

Produce, Nov. 21.—The last meeting of the Cheese Board for this season was held at 10.30 a.m. on Nov. 21. The board consisted of Messrs. J. H. Brown, J. H. Brown, J. H. Brown, and six hundred and sixty-five cheese were presented, and colored and white cheese were sold at 10c to 11c per lb. No sales, buyers holding out for another day. This has been a successful season for the cheese trade, and the salesmen have reason to congratulate themselves on the good prices received, being equal, if not higher, than on neighboring boards. The board adjourned to meet on the 28th of Nov. 1902.

Toronto Live Stock.

The quality of the offerings at the Toronto Cattle Market today was not all that could be desired, and there was a dragging tendency among the lower grades. All the good stuff sold readily at satisfactory prices and there was a call for more of the kind. The tone was steady and there were no changes in prices for ordinary things. Milk cows were quiet and lambs were firmer. Quotations for other classes were unchanged. The run was not large and everything was practically cleaned up by noon. The total receipts were 10 cars, including 92 cattle, 1,814 sheep and lambs, 20 calves and 1,122 hogs.

Export Cattle—The last consignment of this season from Montreal sailed on Monday, and shippers are preparing to send forward more cattle. Most of the buyers are well supplied and they do not require any large quantity. Business was rather quiet, but a good tone prevailed, and there was no weakness. Prices for all shipping cattle were steady.

Butchers' Cattle—There was a scarcity of the high grades and the market for good cattle was strong. Buyers complained that there were too many light, half-bred cattle offered, for which there was little or no call. Heavy steers and heifers are in demand and firm at unchanged prices. There is a feeling of weakness among the inferior grades and they are slow to move.

Feeders and Stockers—The market is quiet with prices unchanged. Heavy steers are wanted and there is a particularly good demand for short-cut feeders.

Hogs—Steady and unchanged at \$6 1/2 to \$7. The run of the market was moderate to good.

Sheep and Lambs—The run was fairly large and the demand was good. Every grade was sold comparatively easily by the day. Sheep were steady and lambs were higher, at \$3.50 to \$3.90 per cwt. A few good ewes and wethers sold at \$4 per cwt.

Calves—Market is steady, with prices unchanged at \$3 to \$4 each. There is a steady call for good veals.

Hogs—Steady and unchanged at \$6 1/2 to \$7, per cwt for select and \$5.75 for lights and fats.

East Buffalo Cattle Market.

East Buffalo, Nov. 21.—Cattle—Receipts, 250 head; steady; top, \$8.25 to \$8.75; common to good, \$5.50 to \$8. Receipts, 15,000 lbs.; top, \$10 to \$11; heavy, \$6.35 to \$6.45; mixed, \$5.75 to \$6.25; lights, \$4.75 to \$5.25; roughs, \$4.75 to \$5.25; sheep and lambs—Receipts, 1,800 head; steady; top, \$4.50 to \$5.00; mixed, \$3.50 to \$4.00; lights, \$3.50 to \$4.00; roughs, \$3.50 to \$4.00; hogs—Receipts, 1,000 head; steady; top, \$3.50 to \$4.00; mixed, \$3.50 to \$4.00; lights, \$3.50 to \$4.00; roughs, \$3.50 to \$4.00.

Chicago Live Stock.

Chicago, Nov. 21.—Cattle—Receipts, 2,200, including 420 westerns; poor to medium, \$3 to \$5.50; stockers and feeders, \$2 to \$4.00; cows, \$1.40 to \$4.75; heifers, \$2 to \$5.00; canners, \$1.40 to \$2.40; bulls, \$2 to \$4.50; calves, \$3.50 to \$7; Texas fed steers, \$5 to \$6.50; mixed and out butchers, \$3.50 to \$6.50; Receipts, 32,000 head; left over, 9,000; top to 15c lower; mixed and butchers, \$3.50 to \$6.50; bulk of sales, \$4.50 to \$6.50. Sheep—Receipts, 12,000; steady; top, \$3.50 to \$4.50; good to choice, \$3.50 to \$4.50; fair to choice mixed, \$2.50 to \$3.50.

An Immense Copper and Steel Plant For Tonawanda.

Buffalo, Nov. 22.—A special to The Express from Tonawanda says:—A deal has been on foot during the last week and undoubtedly will be completed before the end of the present week to bring within three miles of this place one of the largest copper works and steel plants in the world. Today part of the proposed plan was carried out, when the representatives of the H. C. Frick Company of Pittsburg closed a contract for a 100-acre farm. Mrs. Litz, the owner of the property, left for Buffalo today to turn over the deeds of the property. The Litz farm will be the site of the copper smelting works. The plant will cover 75 acres. Negotiations are under way for the purchase of additional land adjoining the Litz farm for the steel plant, the whole property having a water frontage on the Niagara River of nearly a mile. The two most prominent men who have been mentioned with the deal are H. C. Frick of Pittsburg and Thomas W. Lawson of Boston.

The bill providing for the gift to the nation of the Ontario House estate by the King passed its second reading in the House of Commons.

INTERESTING FACTS.

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of Dyspepsia, called Stuart's Dyspepsia Tablets, and the claims made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing but 24 cents at any drug store made a complete cure and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine, tested testimonials and never publish the same one twice.

From James Yemmeliser, LaCrosse, Wis.: Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had Dyspepsia for six years and had taken a great deal of medicine, but the Tablets seemed to take a hold on me and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these Tablets.

From Mrs. M. K. Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion and she had the same good results.

From Mrs. Agnes K. Ralston, Cadillac, Mich.: I have been taking Stuart's Dyspepsia Tablets and I am very much better, and feel very grateful for the great benefit I have received in so short a time.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach trouble only, and physicians and druggists everywhere recommend them to all persons suffering from Nervous Dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

He can't afford to let her spend so much money. She—Well, perhaps he'd rather have trouble with his creditors than with his wife.

Coughs, colds, soreness, and other throat ailments are quickly relieved by Cresson's Tablets, ten-cent boxes. All druggists.

In a restaurant—He—Will you have a little lobster? She—Oh, John, this is so sudden.

A SKY WANDERER.

How a Photograph of Perrine's Comet Was Secured.

The new comet recently discovered by Perrine, which for some time has been visible to the naked eye, since the 8th of October, has been receding from the earth. On that date it made its nearest approach to our planet and was then at about 35,000,000 miles distant.

Just previous to the comet's turn to recede from the earth it was photographed in England and an exposure of ninety minutes was given, during which time the comet was kept stationary in the centre of the plate with a finding telescope attached to a camera and driven by clockwork in the usual way.

PHOTOGRAPH OF THE NEW COMET. The comet is the white blur in the centre of the picture. The long dashes of white were made by the motion of the stars.

While the comet has been visible to the naked eye, it has only been so in the form of a light haze on the blue-black background of the sky. It is moving with great speed toward the sun.

Tattooed Maori Women.

British explorers and scientists have just brought back a series of remarkable pictures of Maori tattooing from the interior of New Zealand. The most astonishing designs were found on the faces of the women, and one of the Maori belles is here pictured thus adorned.

A MAORI BELLE.

that they look as if they had on a tight fitting chintz dress!

The instrument employed in tattooing to obtain the deep furrows is usually made of bone, having a sharp edge like a chisel, and shaped in the fashion of a garden hoe. Another style is made of a shark's tooth.

The tattooing of the women is commenced when about the age of fifteen or sixteen. Most of the masters of the art are professionals, who go from village to village and are highly paid for their services. The pattern chosen to be engraved is first outlined on the face by a small stick dipped in powdered charcoal, after which the skin is gashed and the coloring or pigment is introduced into the flesh with a stick dipped into the liquid.

The coloring material used is generally the resin of a certain tree, which is burned, powdered and converted into a fluid.

Flour Made of Fish.

Fish flour is the name of a new variety of prepared food that the ingenious Norwegians are making and shipping abroad in large quantities. The centre of the industry is Bergen, the old headquarters of the codfish and cod liver oil trade. A foreign consul at that point in a recent letter says:

A great deal is done in Norway to improve and preserve the provisions produced in that country and to procure a market for them abroad. The fisheries represent one of Norway's chief industries, and quantities of fish are sold at very low rates, particularly during the summer. One way in which these are utilized is by means of an invention which quickly dries and pulverizes the flesh of fresh fish. The resulting product, called fish flour, is easy to transport from one place to another and has great nutritive value. A new and profitable branch of industry may yet be established by utilizing fish in this way.

Somebody. Somebody did a golden deed; Somebody proved a friend in need; Somebody sang a beautiful song; Somebody smiled the whole day long; Somebody thought, "This sweet to live!"

Somebody said, "I'm glad to give!" Somebody fought a valiant fight; Somebody lived to shield the right; Was that somebody you?

Photographers Barred.

The Duke of Bedford has issued instructions to his servants to prevent persons photographing or sketching anything in his park or grounds.

LOSS OF APPETITE

If your stomach is upset or in any way out of order—if food seems distasteful to you—if acidity, burning or fullness of the stomach prevents you from having an appetite—if you wish to eat and eat well—take, before each meal, a wine glassful of

VIN ST MICHEL

(ST. MICHAEL'S WINE)

It will create an appetite and restore to the palate that lost relishing taste for food. It will make the digestive organs act naturally and properly digest the food eaten, whether your stomach is in good order or not. No matter if you are young or old, sick or healthy
