Besides her husband acd three children, her father and mother, Mr. and Mrs. Fogler, one bother and two sisters survive. All re-sided in Chatham. The sisters are, Mrs. Wm. Paul, Edgar St., and Mrs. George Moore. Minard's Liniment Cures Colds, etc. DEATH OF MRS. DARLING.

In terrible screeches these words. the first he had uttered aloud, came from the negro. A terrible tugging at the chains, a succession of awful groans and screams, the negro's agony was at last breaking down his sullen composure. Not an oath escaped him, but he begged and pleaded to be shot. Suddenly, the rope noldinh his hands burned through. Then arms, head and shoulders slipped through the chains. For an instant the body stood erect, the arms were raised in suppli-cation while burning pieces of clothing dropped from them. The body them fell away from the fire, the head lower than the feet, still fastened to the rail. This was not expected, and for a few minutes those stolid men were discon-certed; they feared that the remaincerted; they feared that the remain-ing chain would give way. If this had occurred the partly burned human being would have dashed among them in his blazing garments. And not many would have cared to capture him again. But the chain held fast. The body was then in such a position that only the legs were in the fire. DEATH ENDED AGONY.

The cries of the wretch were re-doubled and he again begged to be shot, Some wanted to throw him over

shot, Some wanted to throw him over into the fire, others tried to dash oil upon him. Bourds were carried and a large pile made over the prostrate body. They were scontignited and the terrible heat and flame of air quickly rendered the victim unconscious-bringing death a few moments later. This terrible ceremony, out upon the rolling prairie, concluded the second tragedy upon the spot, the avenging of the first.

of the first. Through the entire affair but little was said. As they had calmly pre-pared for the avenging, so the people of the eastern part of the state car-ried out their plan coolly and delib-erately. ([There was not a hitch in the entire proceeding. Not a weapon was drawn. There was no angry dis-cussion. (After the fire had burned

that I would recover. I continued to drag along in this condition for sevdrag along in this condition for sev-eral months, when one day a cousin asked me why I did not try Dr. Williams' Pink Pills. I was will-ing to try any medicine that was likely to cure me, and I sent for a supply of the pills. After I had been using the pills for about three weeks I felt an improvement in my condi-tion. From that time I gradually grew better; new blood seemed coursing through my veins, the stiff-ness in my joints disappeared, and the agonizing pains which had so long tortured me, vanished. I took in all ten or twelve boxes of Dr. Williams' Pink Pills, and I have no hesitation in saying that I believe they saved my life, for when I re-turned to Canada, I had no hope of recovery.

turned to Canada, I had no hope of recovery. Mr. Bissell has since returned to his old home at Lincoln, Neb., but the statement made above can be vouched for by any of his friends in this section, and by all of the neigh-bors in the vicinity of his old home. Dr. Williams' Pink Pills cure such apparently hopeless cases as Mr. Bissell's, because they make new, rich, red blood, and thus reach the root of the trouble. These pills are the only medicine offered the pub-ic that can show a record of such mar-vellous cures after doctors had failed. If you are at all unwell, this medi-cine will restoree you to health, but be sure you get the genuine with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box.

the inhabitants of the old town of York, now known as Toronto, has just died. This was Mrs. King, mother of Mr. John King, Q. C., of 147 Beverber street. The deceased, who was in Ber 80th year, was the widow of Lieu-tenant John Kirg, R. A., who served in Canada during the rebellion of 1837-38, being present at what is known as the battle of the Windmill near Prescott. Lieutenant King died in Quebec many years ago. Mrs. King was a sister of the late D. McDougall, who for years filled the office of regis-ter of Waterloo, and who died in Ber-lin some few years since. After Mr. Macdougall's death Mrs. King return-ed to Toronto, she having been living in Berlin with her brother, and took up her residence with her son, re-maining with him until her death. MOUNTED INFANTRY CORPS.

Militia Department May F stablish Them in Canadian Northwest.

Ottawa, Nov. 17.- The Minister of Militia has had under consideration for some time the establishment of for some time the establishment of a mounted infantry corps at different points in the Canadian Northwest. Gen. Hutton, before leaving Canada, took a great interest in this matter, and explained it to the people of Man-itoba and the Northwest, when or a trip through the country. It has now been suggested to the depart-ment to make the Strathcona Horse, after the return of the regiment to Ald. Sulman has announced himself for Mayor. In his cirgular to the elec-tors he says: "I have represented wards 3 and 4 as councillor and the whole city as alderman for a number of years, and during all that time I have endeavored to advance the gen-eral internsits of the city of Chatham to the best of my judgment and with the greatest possible economy. My private interest as to the welfare of the city is the same as yours. I have no private ends to meet and if ambi-tion be my only fault I feel conscious of having earned the right to occupy the position. It is impossible for me to see every elector personally and I take this means of earnestly and respectfully soliciting your vote and for Mayor. In his circular to the elec after the return of the regiment to Canada, a neuclus for a mounted incanada, a neuclus for a mounted in-fantry corps for Western Canada, There is no doubt that Lord Strath-cona would be greatly of the Strathcona would be greatly pleased to see this carried out. He takes a warm interest in the movements of the regiment at present.

The merits of the cloth in a Suit or Overcuat are a perplexing problem to most people .- New goods are a pretty hard thing to size up with

A man may look and examine again and again, but in the end he generally has to take the clothier's word for it. So it is easy to see the importance of picking a reliable place to trade.
