FOR PROMOTING UNITY

Empire Could Have Nothing Better
 Than State-Owned Cables.

Sir Sandford Fleming Urges Scheme at
 Dinner of London Eighty Club—Free
 Distribution of Empire News Matter
 Through Cable Lines Made Self-
 Sustaining Through Other Business
 —Liberals Endorse Underlying Idea.

London, July 21.—(C. A. P.)—Sir
 Sandford Fleming and Hon. N. A. Bel-
 court were last night guests at the
 special dinner of the Eighty Club, sum-
 moned to hear an exposition of the plan
 of the empire cable intelligence ser-
 vice.

Sir Sandford urged greater inter-
 course between the Mother Country and
 the colonies, as promoting the unity of
 the Empire. This could be secured by
 a system of cables entirely state-owned,
 connecting all parts and affording the
 free distribution of news information,
 in addition to being self-sustaining by
 other business.

Mr. Belcourt and Hon. Colon Camp-
 bell spoke in support, pointing out the
 inadequacy of the present arrange-
 ments.

General discussion followed. Many
 prominent Liberals heartily endorse
 the underlying idea, which they had
 heard for the first time. Although re-
 cognizing the practical difficulties of
 working out details, they promised
 careful consideration.

Hannar Greenwood, in moving a vote
 of thanks to the guests, praised the
 work of Sir Sandford Fleming in be-
 half of the Empire. He thought the
 difficulties and details could be over-
 come and affirmed that in the heart of
 the Liberal party there was warm
 sympathy with over-sea dominions.

Lord Lucas presided and other Cana-
 dians present were, W. D. Matheson
 and Col. Stimson of Toronto.

EMPIRE PREFERENCE BY INDIA.

Would Discriminate Against Three-
 Quarters of Her Best Customers.

London, July 21.—In introducing the
 Indian budget in the House of Com-
 mons yesterday afternoon, Indian Sec-
 retary Morley sounded a warning note
 on the necessity of excluding India
 from the field of party politics.

The most engrossing of Great Brit-
 ain's foreign relations, he declared,
 were the Asiatic, those involving this
 country with China, Japan and Russia,
 which was a great Asiatic, as well as
 a European power.

Any false step in India would land
 Great Britain in a confusion infinitely
 more dire and disastrous than had the
 false step taken in South Africa.

"India came in the free trade son-
 trovery can be put in a nutshell," he
 declared. "Her prosperity and com-
 fort, the growth of her trade and com-
 merce, the solvency of India hang upon
 her exports. The United Kingdom takes

15 per cent. of her exports, while Eu-
 rope and the Far East takes 75 per cent.
 Thus, when the people of Great Brit-
 ain asked India for preferential duties
 they were asking her to discriminate
 against three-fourths of her customers."

Mr. Morley considered the time ripe
 for an advance in improvement of the
 system of the Government of India.
 Everybody knew that there was a new
 spirit abroad in India. There might be
 discontent, but there was no disaffec-
 tion among the people, and the present
 government of India was in full sym-
 pathy with the desires of the people
 for the introduction of more western
 ideas.

With this object in view the viceroy
 was appointing a commission to en-
 quire how far the extension of the re-
 presentative element in the Legislative
 Council could be expediently carried out.

The Indian Secretary also said he
 considered that the natives ought to be
 given greater access to the higher
 posts in the administration of India.

 son a lumberman living at Hamilton,

 court and Willis Stone, of Peterboro,
