A. Sabiston, the well known lithographer of Montreal, writes: "In the summer of 1888 I had to wor! very hard, and was troubled considerably with insomnia (sleep-lessness). I resolved to try your Paine's Celery Compound, and after taking the contents of two bottles, felt like a new man. A good night's rest gave me strength for the duties of the day, and instead of starting out to business in he morning feeling as if I had completed, day's work instead of being about to commence one I started out in good spirits, feeling fresh and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact "Paine's Celery Compound is a household word in our family."

"I was recently troubled with a dry cough which seemed to be caused by an irritation in the throat. My physician prescribed for me, but no relief was obtained. A little eyer a week ago, my attention being called to Ayer's Cherry Pectoral, I concluded to try it, and purchased a bottle. After taking this medicine only one day, I could see a change for the better, and, by the time I had used it a week, my cough had entirely disappeared."—H. W.
