the fact that a government bill on the subject had been promised in the speech last season. The bill had been introduced and read a second time, but in consequence of the recognition of the manufacture o the fact that a government bill on the subject had been promised in the speech last season. The bill had been introduced and read a second time, but in consequence of the pressure of the business it had been left over. Mr. Martin if he looked carefully at the particulars of the bill, would find that the bill simply resolutions of the statutes.

The converging to the item of collins which were reduced from 35 per cent. to 25 per cent. Mr. McMullen wanted to know whether the department charged customs duty on coffins eccupied by corpses coming from the United States.

Hon. Mr. Wallace replied that it did not; it had only been tried once, and did not work.

Mr. Martin said his object was to place duties was confined to Charlton and the territories in the same position as the McMullen, and the burden of their rest of Canada.

house went into committee on ways and means.

The only change made was the inclusion of 'mclasses, n. o. p.,' in the inclusion of the following resolution:

The only change made was the inclusion of 'mclasses, n. o. p.,' in the item of syrups, etc., dutiable at half a cent a pound.

Cabbace—Follows Header.

same having been in actual use, not to include cuttings or clippings which can be used as iron or steel without re-manufacture, and steel bloom ends and cropends of steel rails \$3 per ton, and on and after the first day of January, 1895, \$4

Mr. Laurier called for an explanation Defaulting Ratepayers. as to why the duty on trap iron and steel had been increased from \$2 per ton. as to why the duty on trap iron and steel had been increased from \$2 per ton.

Mr. Foster said the object was to reduce the cost of merchantable iron

The defaulters lists for Poor and County rates for the Upper District of the Parish of Newcastle for 1892 and 1893 have been placed in my sands for immediate collection. Fersons interested will please take notice that used in the widely distributed iron unless paid on or before industries founded on pig iron, puddle bar and bar iron. In 1887 the duties a were increased on pig iron for the purpose of developing the iron production of the country. The government had extended the system of bounties in 1887 and ever since that there had been a fairly strong protection in the customs P. A. Holohan, M. D. duty added to the bounties for pig iron. Unfortunately, however, the door had been left open by allowing in scrap iron, which really had taken the place of S puddle bar iron. They had allowed Newcastle, May 8, 1894. scrap iron in at \$2 per ton, while the puddle bar had a customs duty of \$9 per ton. This had discouraged the making up of iron from pig into the puddle

bar. Now it was thought necessary to raise the scrap duties so that there might be an inducement to make puddle bar and pig iron and to get a better quality.

On Sunday last. The owner can have the same by calling at Wm. Cliff's, proving property and paying expenses.

On and after monay the 11th the trains of this Railway will (Sunday excepted) as follows:—

When a least the scrap duties so that there might be an inducement to make puddle bar are monay the 11th the trains of this Railway will (Sunday excepted) as follows:—

When a least the scrap duties at the trains of this Railway will (Sunday excepted) as follows:—

When a least the scrap duties are the scrap duties and the scrap duties are the scrap duties are the scrap duties as the scrap duties are the scrap duties are the scrap duties and the scrap duties are the scrap duties are the scrap duties and the scrap duties are the scrap duties and pig iron and to get a better quality May 8, 1894. of iron tried in the subsidiary industries. Scrap when used two or three times, has been found, lost its vitality. The government had in making this schedule three objects in view : To endeavor to keep up the protection and encouragement which was necessary for the iron industry as a whole ; to reduce the price Semi Annual Session 1894. Moncton, N. B., Set & S, 1896. of raw material to the makers of itou and to induce the working up of iron from puddled bar. Therefore the duty

on scrap had been raised.

Mr. Laurier said the government at 7,30 p. m. her. Laurier said the government intended to increase the manufacture of bar and pig iron in Canada, but heretofore they had faned in their efforts and the same time asking for certificate of the same time asking for certificate of had simply raised the prices of iron to purchase. This Certificate, signed by the Grand Scribe, will return them home free.

Mr. Foster denied the statement. The industry had been built up and the increased duty would not only aid the Grand industry, but would cheapen the prices in Canada to the consumer and the consumer would get a better quality of CLOTHING. iron when manufactured products were not made from scrap.

Mr. McDonnell of (Algoma), said this was a matter of vital interest to every 500 Suits of province of Canada. The furnaces had all the materials whereby to make this product. Canada today only manufac-tured one fifth of the iron used.

If they could preduce one half of the iron used they would keep millions of dollars in the country, instead of sending it abroad. Every farmer would benefit in the growth of this industry in this dollar's worth of scrap brought in had dispossessed just that much pig iron which should have been made in the country. He was heartily in support of the increased duty on scrap iron. (Hear, hear.)

virtually prohibit scrap iron from being AN ENGLISH CLERGYMAN. Sir Charles Hibbert Tupper read a statement showing the increase of the Makes a Statement on a Subject 15 cents to 25 cents per yard, same as sold elsewhere for 25c. to 45c. iron iadustry in the eastern provinces and Quebec since the bounties had been

Mr. Casey said this duty would

and Quebec since the bounties had been given. Since the erection of the iron furnaces at Ferrona, in Nova Scotia, there had been a drop in pig iron from \$22 per ton to \$15 per ton. There will be a drop in Toronto in a very short time,

Mr. McMillan advised the government to abolish the duty on iron and continue the bounty. This would give cheapiron to the Canadian farmer and offer sufficient encouragement to the iron roducer.

Mr. Davies could not understand why it was that the duties should be maintained when the N. P. had done its work so well as to enable the Canadian producer to place iron as cheap or cheaper than could be done in Eugland.

Sir Charles Tupper referred Mr. Davies to Mr. Mulcck, who had shown that the prices in Alabama were lower than in either Canada or Eugland.

Mr. MacLean sail that he was glad that the government had at least become protecti nists with reference to iron. The people of Ontario did not care that iron was cheap in the eastern provinces. What they wanted was the production of sheap iron within their owo province. (Hear, hear). If sufficient protection and bounty were given, this result might be secured. He was corry that an iron policy had not been adoated before the

be secured. He was corry that an iron policy had not been ado sted before the construction of the C. P. R. so that the rails used might have been all of Canadian manufacture. He trusted in construction of the construction of t future that in granting benuses the government would make it a condition that all iron used in the construction of the railway should be of Capadian manufacture. (Hear, hear).

After recess a number of private bills advanced a stage. The house then went into committee of ways and means.

The tariff item of bar iron under four Russell's store, in the Hays' building

of the bill to extend the ballot to the Another amen Iment added to Swedish Northwest Territories.

Sir John Thompson asked the member to consider the particulars of the bill.

There was no objection to the principle of the bill as it would be provided in diameter. For the manufacture of

pealed certain sections of the statutes. The opposition criticism of the sugar rest of Canada.

The bill was read a second time.

The house adjourned at 9.20 p. m.

Ottawa, May 4.—After routine the house went into committee on ways and the further decrease of sixteen cents per hundred weight in refined and the admission of West India sugars free up to 16 Dutch standard, the refiners would continue to make vast fortunes. Carrots-

Wrought, scrap iron and scrap steel, The committee then rose and reported being waste or refuse; wrought iron or and the house adjourned at 10.55 p.

Same having been in actual was actual was a steel, and the house adjourned at 10.55 p.
