

Agricultural Society.
OF COMMITTEE, May 5, 1882.

The accounts from Kingston, Jamaica, are but of little moment. The Alta California estimates the shipments of specie, for the first fortnight in March, at \$2,000,000.

By private letters received from Nineveh, we learn that Colonel Rawlinson, who is now conducting the excavation abandoned by Mr. Layard, has opened out the entire plain of Nineveh and the ruins of Assyria. "There they lie," we are told, "in huge masses of masonry, with ponderous walls, decorated with the royal ornaments and costumes, just as they were deposited more than 3,000 years ago."—Edinburgh Courant.

Chloroform has been recently found to possess a decided and powerful antiseptic property, not only over animal matter, but also over fruits and seeds. It is estimated that a very small quantity of this article is sufficient to arrest or prevent the putrefaction of a piece of fresh meat.—Analyst of Pharmacy and Practical Chemistry.

The William Patrick Talbot, brother of Earl Talbot, is appointed private Secretary to Earl Derby, in the place of Colonel the Hon. Edward Wilbraham, and is now officiating in that capacity to the Premier, in conjunction with Mr. C. Stronge, of the Treasury.

It is stated that the Canadian Parliament is to assemble on the 1st of May.

Did.
Sabbath, at Spring Park, Sunday morning last, The Hon. EDWARD JAMES JARVIS, for many years Chief Justice of this island, aged 62 years. The deceased was universally respected for upright character and integrity as a Judge; for the purity of his manners as a Citizen; and for the mildness of his disposition as a Husband and Parent. He has left four sons and one daughter, with a numerous circle of relatives and friends, to mourn their sudden bereavement.—The funeral will take place, from his late residence, on Thursday next, at two o'clock, P. M.

At St. Peter's Bay, on Friday morning, the 7th inst., Mr. Angus McLean, aged 100 years.
