N.B. Farmer Member Praises S. S. B.

In the House of Commons on May 7th Mr. Caldwell, who sits with the Progressive Wing and represents the new farmer movement in New Brunswick spoke of the operations of the Soldier Settlement Board in his own province. He had very warm praise for Mr. Milne, Mr. Black and the Government generally for what has been accomplished. Mr. Caldwell spoke as follows:

"I desire to make a few remarks on this subject, especially in view of the fact that I was very closely connected with the operation of the Soldier Settlement Act in the province from which I come. I was Chairman of the Qualification Board before whom the soldiers in my part of the country came for examination in regard to their fitness as settlers, and shortly after the work began I was made a member of the Loan Committee. I want to speak particularly in regard to the price per acre of land in the different provinces. I observed that some hon. members smiled when they heard what the price per acre was in New Brunswick, and I am inclined to think they got a wrong impression in that respect. Perhaps no one realizes better than I that the statement is correct, because I was one of the board who decided what should be paid. I realize this probably more than anybody else because I was one of the board who decided what farms should be bought and what we should pay for them. The soldier selected a farm and the inspector inspected it and put a valuation upon it. We did not in every case pay what the valuator said it was worth. We even turned down a number of farms that the farm inspector said were good value at the price asked for them. That is the reason why the prices were less per acre in New Brunswick than in some other provinces. But we estimated the value of these farms on the production basis. If a farm would not produce enough to enable the settler to sustain his family and to give him a pretty fair chance of making his payments the board asked the soldier to select another farm. In a great many cases the farms were good but were too heavy with buildings. We realized that the soldier could not make any money out of the buildings and while they would be a good investment for the man who had the money to pay for them we did not encourage soldiers to burden themselves with such farms. We refused different farms that were too heavy with buildings. That is another reason why our price per acre is smaller than in other provinces where they pur-

"I had an attack of Weeping Eczema so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' and 'Sootha-Salva'. Altogether, I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-tives', and am entirely well."

chased farms with better buildings. I know that farms were sold to private individuals, cash down for a price that we said the soldier could not pay and still I believe we were right. When the purchase was made by a man who had the money to pay for the farm and the buildings, there is no doubt that he made a good trade but there is a great difference between a man going on a farm and going into debt for it and a man who has the money to pay for it.

"I was in hopes that a Bill would have been brought down by the minister to extend the time for repayment of the advance on land, stock and equipment. I think the period should be longer. However, I suppose we should be grateful for small favours. I understand you extend the time for two years?" The Minister replied in the affirmative.

Mr. Caldwell did not think that was sufficient, but the time could be extended if necessary. He went on to say:

"I like the hon. member for Winnipeg (Mr. Andrews), feel like giving the Government every credit for this Act. I believe that it is a good thing and that it serves a good purpose. I believe that it will put returned soldiers into civil life who otherwise would not be able to establish themselves under such favourable condition. I hope the time for repayment will be extended if necessary and I feel sure it will be. The hon. member for Winnipeg (Mr. Andrews) made a suggestion with regard to insuring the settlers and I think that would be a wise provision. However, I do not believe that the board or the Government or the country takes any risk of losing anything by this transaction. The settler pays ten per cent of the purchase price down. He must do that. If he dies next year the Government has the property absolutely together with the ten per cent of the price which the settler has paid down. If he makes his payment for five years he will have paid approximately one-third of the purchase price and the Government still absolutely own the property because the soldier has no claim against it until it is fully paid for. I think there is very little chance of the Government losing through this scheme but I think that as an extra safeguard and as a protection to the settlers family he should be insured. If the settler dies the board will have to take the farm over and it may not be able to realize as much at forced sale as it otherwise would. You cannot sell a property at forced sale for all it is worth. In that case the family might be destitute and if the Government should insure the settler it would be a protection to themselves as well as to the soldier's family."

LORD BEAVERBROOK SCHOLARSHIP

The Lord Beaverbrook Scholarship Committee announces that the first five annual scholarships, founded by Lord Beaverbrook, will be open for award to candidates who pass the University of New Brunswick Matriculation Examinations to be held in July next.

These scholarships are each of the annual value of \$325.00, and may be awarded for university courses in arts, science, applied science, theology, law, medicine, engineering and forestry, and will be tenable in each case for the period of four years at any Canadian university which (except in the case of theology) is not a denominational institution.

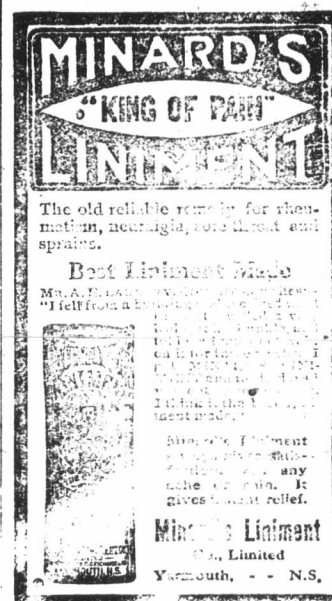

Harkin's Academy High School pupils may compete, and it is to be hoped that one of the scholars may come to New Brunswick. The scholarships may also be awarded to students outside of St. John and Fredericton.

Court Blackville No. 1965

The bi-monthly meeting of Court Blackville No. 1965, Independent Order of Foresters, was held at the Hall on Friday Evening at 8 o'clock. The court received a visit from Deputy Supreme Chief Ranger Joseph H. O'Brien.

The usual routine business was transacted, after which the following gentlemen were chosen, as delegates, to represent the Court, at the High Court session to be held at St. John on July 6th and 7th.

Don't Prod Your Liver to Action

NE Overcomes Bilelessness, Constipation, Sick Headaches, Giddiness, No Griping or Pain, Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NE Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes bilelessness, corrects constipation and quickly relieves sick headaches. Get your system thoroughly cleansed and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NE Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well. Get a 50c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or no pay. Nature's Remedy (NE Tablets) is guaranteed, and recommended by your druggist.
