Here and There

An addition to the Canadian Pacific Montreal-Toronto train service is a night train each way, making six trains every night between the two cities. The increase was found necessary on account of the heavy tourist traffic to Montreal from the West.

The opinion of Hon. T. D. Pattullo, Minister of Lands of British Columbia, is that "Canada can absorb at least 300,000 people annually, and this number can come on indefinitely. There is no limit to the requirements of the country. As many as we can get are wanted."

Nova Scotia is endeavoring to arrange an "old home" month during July or August of 1923, and it is expected that many from distant parts of Canada and the United States will visit the towns of their origin during the festival period set apart.

Incomparable Lake Louise has achieved new fame. The makers of the Gray-Dort car have put out a model in a new color which they term "Lake Louise Blue." It is of a lovely green-blue, and if it has caught anything of the glorious gleam of Canada's most beautiful mountain lake it should be a popular color for other than motor cars.

Big Bill, the last surviving buffalo at the Pinafore Park Zoo, St. Thomas, was recently shot. The animal had been suffering for some time from the same malady which carried off his mate a few months ago. Big Bill was said to have been the finest specimen of Buffalo east of the Government Park at Wainwright, Saskatchewan.

Albert Steedwell, Canadian Pacific Railway engineer at Fort William, has an alreale dog that is a wolf killer. Mr. Steedwell has a farm at Upsala, and while visiting the farm the dog routed out a brush wolf and chased it. During the subsequent battle one could hardly tell which was dog and which was wolf. Mr. Steedwell went to the assistance of his pet and together they finished the wolf.

T. W. McKenzie, Canadian Pacific Railway agent at Rosemary, Alberta, has received letters patent on a device for the purpose of locking automobiles. It is so constructed that when the switch is thrown off the car is automatically locked, thereby eliminating the possible chance of an owner leaving his car unprotected. The device cannot be operated nor the car started by an unauthorized person without causing an alarm.

The number of persons killed or injured while trespassing on railroad tracks were 50 per cent. less in 1922 than the average of the preceding fifteen years. The figures are 5,300 for nine months of 1922 compared with 10,736, the average for the previous year, according to an announcement made by the Safety Section of the American Railroad Association. This reduction in casualties is claimed to be due to the improved policing by the roads and to success of the Safety First movement.

From September 1 to March 31 inclusive, the Canadian Pacific Railway has transported to Vancouver 7,884 cars of grain, representing 11,663,328 bushels. Last year during the same period the movement amounted to 2,802 cars or 3,967,632 bushels. From the beginning of the crop season 13,571,320 bushels had been exported from Vancouver, of which 11,128,620 went to the United Kingdom, 2,242,300 to the Orient and 200,400 to South America. Last year during the same period export amounted to 5,000,000 bushels.

MAIL YOUR REMITTANCE
We have rendered our subscription accounts and would respectfully request each subscriber to remit us the amount due.

EDITORS MAIL

We are not responsible for opinions expressed by writers under this heading. Correspondents would oblige by writing legibly, and on one side of the paper only, name and address (not necessarily for publication) must always be sent. Correspondence should be as concise as possible.

Editor of Union Advocate,
Newcastle, N.B.

Dear Sir,
I am gratified that the people of Newcastle are taking such a keen interest in the baseball game this season. My only regret is that they did not do so many years ago. It is the greatest game of all sport and those who did not become enthusiastic over it years ago, really do not know what they have missed. But better late than never and my only hope is that they will not become indifferent to this great game in the years to come.

The brand of ball put up by the players to-day is good and with public support, such as they are receiving, should continue to improve. There is good material and with practise and good judgment, Newcastle should have no difficulty in being the fastest team on the Miramichi.

This reminds me of years ago, when interest in baseball was at a minimum, that Newcastle had the best baseball team on the Miramichi and many hard fought battles were won by them over their opponents from Fredericton, Moncton, Chatham, Campbellton etc. The players in those days had to provide everything for themselves and lose their day's wage as well. Collections at the gate or on the grounds was not thought of. I am not complaining that such is done now, because I believe in it and think that the fans have a perfect right to pay for their amusement. But I simply wish to point out the difference between to day and of years gone by. No baseball team can get along without funds and I often wonder how the old Corn Killers managed to exist at all.

I understand, that Labor Day in Campbellton is to be celebrated this year and an attempt is to be made to get all the old players in both teams lined up for a baseball game on that day. This is a grand idea and I hope it materializes, as I with many others would be tickled to death to see these old players once more on the diamond.

I have not the slightest doubt but that nine of the old players could be whipped into shape between now and Labor Day, so that they could give a good account of themselves. Some people say that "you can't come back" but I have my doubts about the old Newcastle Cornkillers.

Our esteemed friends, Kelly Murphy and Percy Lindon, who have left us and gone to the "Great Beyond" will be much missed, as will also Clay Adams, Will Power, "Brickey" Brooks, Everett Miller, Will Kennedy, Allan Troy and many others who have left Newcastle and gone to other parts of the world to make a livelihood. Oh! What a mistake it is that we are unable to keep our young men at home. If we could only keep them among us, Newcastle would be second to none on the map of Canada. Our native sons are the best citizens we could have and the sooner we realize this, the better it will be for our town.

However, we still have some of the old players in our midst such as: H. Graham, P. Keating, C. Keating, "Nick" Maloney, W. Ferguson, C. McCabe, W. Ashford, W. Durick, and a number of others, whose names at present I cannot recall and if these old time players were to be rounded up and warmed up a bit, I feel quite confident that they would still be able to give the fans something to think about.

In conclusion, I sincerely hope that it will be possible to arrange a

W.S. LOGGIE, EX-M.P. NOW MOVING ABOUT

W.S. Loggie, ex-M.P. for this county and one of the leading business men of the district, was able to travel by auto to his store last week, after an illness of over two years duration. He did not leave the car, in which Mrs. Loggie was also seated, but drove down to the warehouses on the wharf and had a look around there and then went to the Water street stores, where all the office staff and clerks came out and shook hands. There were some new faces in this number since Mr. Loggie was compelled by his long illness to give up direction of his business affairs, but the majority were familiar comrades who had been many years with his firm, which, by the way, recently celebrated its own fiftieth anniversary. —Chatham Gazette.

YOUNG MEN FROM ST. THOMAS COLLEGE, CHATHAM ENTER NOVITIATE

Messrs. Harold Nowlan and James Martin of Chatham, with Floyd Crowley and George Harrington of Loggieville left Wednesday for Toronto where they will enter St. Basil's Novitiate. These young men are four of a party of ten last year students of St. Thomas College who are entering Novitiate. The party is being accompanied by Rev. S. Nicholson C.S.B. They will also stop over at Ste. Anne de Beaupre to visit the famous shrine and will be joined there by Rev. J. Glavin, C.S.B. From there they will proceed to Toronto.

ST. ANDREW'S CHURCH

Last Sunday, the seventy-third Anniversary of the consecration of St. Andrew's Church was duly observed. A very interesting and inspiring historical account of the work of the Church of England, in the Miramichi district, with special reference to some of the parishes, including Newcastle, was given by the Rector, Rev. W. J. Bate, prominence being given to the faithful and ever to be remembered labors of the late Rev. Mr. Hudson. "His mortal remains rest in the graveyard, close to the Church, his noble work still lives in our midst."

The Rector announced at both morning and evening services, that the Church here would not be open for divine service on the following two Sundays, August 5th and 12th, as he will be away in Fredericton, taking services there and also on a short holiday.

BELYEA DEFEATED

W.E. Gilmore, Philadelphia, took the Canadian single amateur sculling championship Saturday from Hinton Belyea of St. John, who with Hoover, American champion was eliminated from the diamond skulls at Henley, England. Paul Costello of Philadelphia, who was equal favorite with Belyea, was three lengths to the rear in the final.

THE DOG

The Almighty, who gave the dog to be the companion of our pleasures and our toils, hath invested him with a nature noble and incapable of deceit. He forgets neither friend nor foe, remembers with accuracy both benefit and injury. He hath a share of man's intelligence, but no share of man's falsehood. You may bribe an assassin to slay a man, or a witness to take away his life by a false accusation, but you cannot make a dog tell his benefactor.

I came for Campbellton on Labor Day between the old star players of both towns and assure the players that if such is completed I am willing and ready to do all I possibly can to assist them in any way.

Thanking you, Mr. Editor, for space so kindly given me, I am
Respectfully,
AN OLD TIME FAN

ROGERSVILLE MEN CONFINED IN JAIL

Several residents of Rogersville and Collett district are in the county jail charged with stealing and depredations on Saturday night. Deputy Sheriff Doran of Newcastle and Inland Revenue officer Stewart of Chatham went to West Collett where they seized a still at the home of Collette Perry, while two large tubs of mash were found in the woods nearby. Perry was arrested by Sheriff Doran on a charge of stealing butter at Rogersville. He will now also have to face an Inland Revenue charge.

A quantity of beer was seized at his home last November and at that time he escaped with a warning from the department.

Andrew Landry and A. Gaudet are also in jail for stealing and are also suspected of being in the moonshine ring.

SALE OF Gingham Dresses

Every Dress in the store is reduced in price from 20 to 33¢

The styles are beautiful and values the best we ever offered. There are over 100 different dresses and lots of warm weather yet to wear them.

In Putting Away Winter Woolens Save By Washing This Way

Put away your winter woolens, this spring, clean and soft—without harmed colors or fabrics in washing. It will save a lot of money, you'll find, by giving longer wear.

In thousands of homes this is being done. Careful housekeepers now use PALM-OLIVE PRINCESS SOAP FLAKES for laundering all valuable fabrics.

Woolens, silks, satins, crepes, and expensive cottons; all come from washing with beauty renewed—and fabric uninjured.

Purest, unadulterated soap, these white, crinkly flakes save money two ways: By giving longer fabric wear; and by cutting down soap cost—because they last longer. They give richest, stiffest suds—in washing machine, tub, or bowl. It dissolves all dirt speedily but gently. Splendid for all household use.

Order one or more handy one-pound packages or bags today. Start saving next time you wash.

More Hebrideans Canada Bound

THE Hebrideans are a home loving race of people not much given to wandering from their native heath, but the arrival at St. John aboard the Canadian Pacific steamships Marloch and Metagama of over six hundred sturdy men and women of the western isles, forced by circumstance to seek their fortunes in the West, is not without precedent. In the year 1803 a company of 111 was brought from the Hebrides to the Red River settlement by Lord Selkirk to develop the sheep industry on St. Charles Farm, Kent County. If times were hard when these people left home, where it does to-day, it was not more kind to them after. Life will not be a bed of roses for they had settled here. Forty-five of those who have newly arrived and their number were carried off by the war of 1812 wiped out the settlement, homes, stock and crops. In 1812 Lord Selkirk's agent, Colin Robertson, of the Isle of Lewis, persuaded a number of his fellow islanders to whom the abolition of the Clan system had brought high rents and misery, to settle in the Red River district. This party encountered the hostilities of the Indians and through their industry and perseverance, the jealousy of the white traders, when the settlement was wiped out on one occasion and many of them were not a few families aboard the Montcalm, were possessed of over \$1,000. Some have stopped in Ontario but the larger proportion of them have gone to Red Deer, Alberta, where they will form a small colony.
