

Town & Counties

The Council's Council meets in the Court House, here, on Monday the 11th. Will there not be a collision with the Co. Court?

Tramp, Tramp, Tramp, to the store of D. Kerr Jr. & Co. where a large stock of boots and shoes will be found.

Miss M. M. Taylor has added Drum Making to the Millinery branch of her business. Give her a call.

The recent showers have had a most favorable influence upon the trees planted in the square, most of which are beginning to grow nicely.

Mad Donna.—It is reported that one or two 'mad dogs' have been seen about town. If this is true, an anti-dog proclamation should be issued.

Deaths in bed in work in our midst. During the past few days a large number of our citizens have been called to mourn the departure of dear friends.

Attention is directed to the adv. of Messrs. Ashburn & Smith, who have a good stock on hand, and who are determined to keep up to the mark, by the success of energy and perseverance.

Although lying sick in bed, Capt. Goodwin of the Hamilton Infantry, got up this morning at 5 o'clock and started after his company in a buggy.

Several communications and articles are laid over for want of room, but will appear in our next.

The County Judge is still laboring under a severe illness, and is unable to leave his bed or attend to business. He was a little better yesterday, but feels very weak.

We are gratified to learn that a move is being made towards furnishing Mr. John Gilmore, who suffered so severely by fire, not long since, with the tools, &c., necessary for re-commencing business.

Mr. G. is a most worthy young man, and deserves all the encouragement that can be shown him.

The Court of Quarter Sessions will be held in Goderich on Tuesday the 13th inst. His Honor, the County Judge, is, we are sorry to say extremely ill, and as it will be impossible for him to attend in his duties a memorial has been got up asking that M. C. Cameron Esq., be appointed to preside on this occasion.

Mr. Cameron, we feel satisfied, will fill the breach with dignity and credit.

The emigration to the United States, and particularly to Wisconsin, is unprecedented this spring. The new comers are mostly Germans, Danes and Norwegians. On Sunday last 400 Scandinavians reached Milwaukee—fresh from the old country. They all had gold in their pockets.

The Family Herald of London, Eng., says that the ice on Lake Huron was 15 feet thick last winter. That must have been of Sangson and Larocher for there is a large quantity of ice at that place, as we write, on the 1st of June!

The inhabitants of the village held an indignation meeting the other night and voted the whole thing 'a disgraceful affair.'

Plenty of Rain.—During the past few days we have had copious rains, which have thoroughly wet the ground; and as the dampness has not been followed by any frost to speak of, except a slight touch this morning, (June 1st) the crops throughout the Country will get a splendid start. Fall wheat, generally, is in and stalky, and it is doubtful if the crop will reach an average, all spring grains, (and a great breath has been blown), wear a most promising appearance. We are glad to hear that farmers have taken our advice to sow more barley than usual.

A Good Action.—We are informed that a rabid dog bit a pig and a dog belonging to Mr. G. Edwards a few days ago. On hearing the alarm, Mr. Edwards seized his gun, and parsing the brute, shot it before further damage was done. The bitten animals were shot, of course.

The attention of our agricultural friends is directed to the adv. of Messrs. Stewart & Gordon. The St. Catherine's Narcotics stand very high, and those gentlemen, as agents here, may be depended upon as perfectly reliable in every respect.

Parliamentary Agent.—In another column will be found the adv. of Mr. H. Y. Grier, Parliamentary Agent at Ottawa.—We have known Mr. G. for some years, and his reputation for promptitude and careful attention to business is such that we have no hesitation in recommending parties requiring the assistance of an agent at the Capital, in any branch of departmental business, to give him a trial.

Amputation Wanted.—It has been suggested to us by military men that it would be well for the various municipalities to order a quantity of powder and buckshot from Toronto or Hamilton at once. Wagon loads of men armed with shot-guns are constantly arriving, and it would be well to have lots of ammunition.

Two More Cholera Ships.—Cholera ships continue to cross the ocean. The steamer Victoria, from Liverpool, arrived at New York on Tuesday, having lost from cholera no less than thirty-three passengers during the voyage. Fifteen cases were reported on board when she arrived. She is now in quarantine, and if strict regulations are carried out in this respect, we have no doubt that the plague will not spread to the shores of the United States.

Royal Canadian Bank.—Mr. Woodside, General Manager, of this institution, was in town yesterday, May 31st, that being the day appointed for the payment of 10 per cent of the stock subscribed by our business men. Notwithstanding the fact that two or three declined to hold their stock, the amount actually paid amounted to about 11 per cent of the total amount of \$500,000. It is the intention to establish the bank, for the present in the brick building belonging to Mr. Widger, on North St., and it will be open

The Exodus from Ireland.

Although labor is scarce and wages high in almost every part of Ireland, the exodus from that country is still going on with unabated vigor.

A FALSE ALARM.—About 6 o'clock this (Tuesday) morning an alarm was spread through Goderich Township, that seven vessels were landing Fishermen here and Bayfield.

The alarm was given in time by the ringing of the bell and the firing of a cannon.—Major Ross was on the alert at once, and ordered bugler Halsehurst to sound the alarm. The New Hamburg infantry company being on duty, were the first on the ground, and started down the Bayfield road in quick time, cheering lustily.

They were closely followed by Capt. Barker's company, and the rest of the volunteers were setting out in hot haste when the alarm was brought back by the Major that there was a false alarm.

The people from the surrounding country flocked in by scores, all being eager for the fray.

Goderich Township. Meeting Council. The Municipal Council of Goderich Township met on Monday the 21st day of May, 1866. Present the Mayor and all the Councilors.

The certificate of Henry Fort, Esq., and the report of the Board of Health, in relation to a Sheep killed on the night of the 12th ult., the cause of said dog or dogs unknown to said Mr. Fort, were read and approved.

Moved by Mr. Patton seconded by Mr. Sheppard, that the account of the account of the sum of seven dollars (for damages done to Sheep) out of the funds accruing from the dog tax be paid to the said Mr. Fort.

Moved by Mr. Patton seconded by Mr. Sheppard, that the account of the account of the sum of seven dollars (for damages done to Sheep) out of the funds accruing from the dog tax be paid to the said Mr. Fort.

Moved by Mr. Patton seconded by Mr. Sheppard, that the account of the account of the sum of seven dollars (for damages done to Sheep) out of the funds accruing from the dog tax be paid to the said Mr. Fort.
