ADVERTISE IN THE EVENING TELEGRAM.

In Memoriam

PHILIP O'NEILL, Holyrood.

The Angel of Death within three
months has taken from the ranks of
the Star of the Sea Association four
members—the last being Philip O'-
Neill, who died on Dec. 19th, and we
now mourn the loss of a much re-
spected and highly respected citizen.
The deceased was entering on his
66th year, and had enjoyed compar-
atively good health, until twelve
months ago, when his health began
visibly to decline. He bravely and
patiently resisted the attack of the
disease, and was confined to his bed
only one week when he died. Dr.
Jones was called in attendance on
the sick man, but the disease had
reached the incurable stage. Rev.
Fr. Finn, P.P., visited him often and
administered the last sacraments to
the dying man.

Philip O'Neill was a son of the late
John O'Neill and a grandson of Den-
is O'Neill, an Irishman, and the first
schoolmaster of Holyrood, and unlike
Goldsmith's immortal schoolmaster,
the very spot where once he triumph-
ed is not forgot, but is fragrant in
the memory of the present or fifth
generation. Capt. Denis and Rich-
ard O'Neill—one-time famous seal
and fish killers of Hr. Grace and Bay
Roberts, were sons of the old school-
master and uncles of the deceased,
who in early life served with his
uncles at the fisheries. At the intro-
duction of the Railway in 1881, he
took up railroad work and stuck at
it, and was Section Foreman from
Broad Cove to Hr. Grace the year the
line went through and in '95 and '96.
Here he met and married Miss Mary
Hearty, of Turk's Cove, Trinity Bay,
in 1886, and was then transferred to
Holyrood as Section Foreman, and
served till 1918, as the trusted and
conscientious employee of the N. F.
Railway Co. and Reid Nfld. Co. when
he voluntarily retired on a well-earned
pension. Since his retirement he
engaged in farming and helping to
cater to the wants of the many guests
who quartered for summer holidays
at the O'Neill Hotel, at the Beach. He
was an exemplary parishioner, and a
conscientious citizen. His funeral
took place on Friday last, and was a
large one. Undertaker Dunphy had
charge of the funeral appointment,
and had prepared a costly casket to
enclose the remains in. The Star of
the Sea Association was in attendance
at the obsequies of their late brother
member. Quite a number of the city
friends of the deceased came out to
attend the last rites. The funeral
cortege proceeded from the home at
the Parish Church, where the burial
service was read by Rev. W. P. Finn,
P.P., thence to the Hillside Cemetery
where all that was mortal of Philip
O'Neill was laid to rest in the fa-
mily plot. May he rest in peace.

Mr. O'Neill leaves to mourn his
loss, his widow, one son, John, at
Sydney, C.B., five daughters: Mrs. J.
A. Hannan, and Mrs. J. A. Veitch,
Holyrood; Mrs. P. Mallowhey, Grand
Falls, and Misses Nellie and Rita, at
home, and two sisters, Mrs. A. R. Ful-
ler and Mrs. O. Sanbourne, U.S.A., to
all of whom we offer our sincere
sympathy in their sad bereavement.

MRS. A. D. LEIGH, (Manchester)

Mr. J. R. Ross of Messrs. Ayre &

chester yesterday morning apprising
him of the death of Mrs. Leigh, wife
of A. D. Leigh, Managing-Director of
the firm of Wm. Thorburn, Son & Co.,

ceased lady was well known to a large
number of Newfoundlanders, particu-
larly the buyers of the mercantile
firms, who always received a hearty
welcome when visiting Manchester.

Nothing for It But a
Close Season

Editor Evening Telegram
"Dear Sir—Where you have been
showing a most commendable interest
in the rapid decrease of our Caribou,
the following extract from a letter
recently received and which bears out
your views, may be considered worthy
of insertion:—"Caribou are practi-
cally extinct, not only here, but through-
out the land, and unless a long, closed
season is put on and enforced,
they will go the way of all such wild
animals before the advance of so-
called civilization." This opinion
coming from one who has lived for
many years in the interior, and whose
business is largely with tourists com-
ing here for Caribou shooting,
should carry some weight. Enclosing
card.

Czarina Dismasted;
Crew Rescued

Word has been received via the
Canadian Marconi Station at Cape
Race of the dismantling of the bargi.
Czarina and of the rescue of the crew
by the s.s. Cairn Mona, early this
morning. The following is the mes-
sage sent out by the rescuing ves-
sel: "I am. Taking crew off bargi.
Czarina of St. John's, dismantled and
waterlogged. Ship in sinking condi-
tion in lat. 49 38 N., long 51 40 W.
Cairn Mona bound to Portland,
Main." The Czarina was built at
Gosport, Hants, Eng. in 1877, formerly
a steam yacht owned by Lord Brassey.
She a few years ago passed to the
Monroe Export Co. She was a
vessel of 299 tons, and sailed from
St. John's on Wednesday last under
the command of Capt. Colin Taylor,
who has for many years been con-
nected with the company. She was
bound for Pernambuco and her cargo
consisted of 5,000 drums of fish. On
Wednesday the weather was perfect
but with a falling barometer, and ap-
parently the vessel was caught in the
storm which struck the east coast
at an early hour yesterday morning,
and which has been raging ever since.

Old Curler Dead

The death occurred suddenly on
Saturday of Nicholas Kendal, 4308
St. Catherine Street. Mr. Kendal was
in his 77th year. He was born in St.
John's, Newfoundland, and came to
Montreal 55 years ago. He is surviv-
ed by his widow and three children,
Richard, of Montreal; James, of
Saint Ste. Marie; and Mrs. W. A.
Harper, of Montreal. Mr. Kendal was
a life member of the Caledonia Curl-
ing Club, and an Anglican in religion.—Montreal Star, Dec. 17.

New Vapor Way
of Treating All
Cold TroublesA Salve That is Vaporized by
the Body Heat.

Colds are simply inflammations or
congestions of the mucous membrane
or lining of the respiratory organs—
air passages and lungs. They should
be treated in the same way as we treat
surface inflammations, such as burns
or cuts—that is, by applying the
medication directly to the inflamed
tissues. In the case of inflammations
of the air passages, the medication
can be introduced directly only by the
inhalation of vapors.

The old fashioned vapor treatments
were very costly and inconvenient, but
a druggist in a little town in North
Carolina, U.S.A., solved this problem
by inventing a salve which acts like
a vapor lamp.

He discovered a process of combin-
ing the world's best remedies for colds
—Camphor, Menthol, Eucalyptus,
Thyme and Turpentine—with other
volatile oils—in such a way that when
this remedy is rubbed on over the
throat and chest the body heat liberates
the volatile ingredients in the form
of vapors, which are inhaled with
each breath through the nose and
throat into the lungs, loosening the
phlegm and relieving the congestion.

At the same time, the preparation is
absorbed through and stimulates the
skin like a liniment, poultice or plaster
taking out that tightness and sore-
ness in the chest.

Just Come to St. John's.

This preparation, known as Vicks
VapoRub, has achieved a tremendous
sale in the United States—over 92
million jars being used in the last five
years. Local druggists have recently
been able for the first time to import
sufficient supplies of Vicks and are
now offering this wonderful new
treatment to their patrons.

For deep chest colds, sore throat,
bronchitis, tonsillitis, or threatened
pneumonia, Vicks should be applied
over the throat and chest and cover-
ed with a hot flannel. Leave the cloth-
ing loose around the neck, so the
vapors released by the body heat may
be freely inhaled.

For head colds, catarrh or asth-
matic troubles, Vicks can be either ap-
plied up the nostrils, or a little melted
in a spoon and the vapors inhaled.

Croup is usually relieved within 15
minutes. Just rub Vicks over throat
and chest until the breathing becomes
easy, then cover with warm flannel.
One application at bed-time will pre-
vent most night attacks.

Vicks is good also for skin inflam-
mations. It is applied as a salve for
burns, cuts, sprains, bruises, chapped
hands and lips and itching skin trou-
bles.

On sale at all druggists at 50 cents
per jar.—dec29.11

College Report

The United Business College closed
for the Christmas season last
week, and its report showed that the
attendance justified the continuance
of this institution that is supplying a
need for Newfoundland. The Prin-
cipal, Mr. P. G. Butler, B.C.S., read
several encouraging letters from
prominent business men showing
that satisfactory work had been done
by the students recently placed by
the school.

Addresses that were a source of
inspiration had been given at the
school during the term by prominent
business men and by Dr. Blackall,
and essays written on these speeches
the winners being Ross Gulliford,
and Mary Howe, to whom money
prizes were awarded by the Principal.
Other first places were won as fol-
lows:—English and Business Corre-
spondence, Jas. Wiseman; Spelling, J.
Wiseman, Jean Thomson; Penman-
ship, Harold Pippy; Rapid Circulation
and Arithmetic, G. Hennebury, C.
Withers, A. Richards; Business Law,
A. Duffett; Gregg Shorthand, Dorothy
White, C. Whitten; Sloan Shorthand,
Emma Morgan, Doris Stick; Ac-
counting, Salesmanship and Debating,
C. Withers and H. Drover; Book-
keeping and accounting, M. Clouston,
(Evening Class); Typewriting, Fern
Mann, Dorothy White, Eugenie Mews.
The following Gregg Shorthand Speed
Class students received their O. A. T.
Certificates:—E. Hancock, E. Vey, G.
Brushett, C. Moore, V. English, C.
Cook, R. Williams.

Other indications of success were
shown by the fact that forty-five
students had enrolled in the day
school, making a total of seventy-
eight students in the Business Col-
lege during the first term, not count-
ing students by mail, so that the in-
stitution has come to stay and to
grow in a united manner to help
every other institution in the coun-
try co-operating with it to secure
specialized business training and
positions. A larger number than usual
of its successful students had been
placed in positions in the city
and in Canada and U.S.A. during the
year.

The college is now in a position to
afford the training, examinations and
positions desired in Book-keeping,
Accounting, Stenography, Banking
Salesmanship or Clerical work, here
or in the big cities of Canada and the
United States. The instructors have
the qualifications for this work, and
the service of the International Ac-
credited Business Colleges Association
or the Business Educators Asso-
ciation of Canada with reliable
courses, examinations and certifi-
cates that are recognized everywhere
will be a great benefit to Newfound-
land in providing stimulus, inducing
earnestness and thoroughness, pro-
viding desirable reading as well as
study, encouraging instructors and
students so that they can see them-
selves as others see them and assess
their work more as the world as-
sesses it, thus proper competitive
tests are valuable to produce effi-
ciency and to render service valuable
to the country. The Principal hoped the
Board of Trade would encourage
these examinations for business and
be confidently anticipated positions
this year for at least seventy-five
more students as the school could
have placed thirty more during the
past year, and there is already a big
demand for stenographers and
book-keepers than last year at good
salaries, showing that business is
brightening up therefore it will pay
young people to prepare for this and
reach the right standard of efficiency
by faithful study in either day or
night school while they have the op-
portunity. A hearty vote of thanks
was extended to Dr. Blackall for
kindly placing two splendid class
rooms in the Synd Building at the
disposal of the school for Evening
Classes, and to the Principals and
the Directors of the city colleges and
of several out of town high schools
strongly supporting this valuable
service to Newfoundland.

The old year ends with conditions
much more favourable than they were
last year and general developments
throughout our Island warrant the hope
that 1924 will establish new records of
progress for you and us.

So we greet you warmly with the
old, old wish—

The Happiest of New Years.
