Nothing Like These Results A Year Ago or Now

It is no trick to build a car that will go 65 or 70 miles an hour if it has a power plant big enough to haul a freight train.

It's a great achievement to get over 70 miles an hour out of a motor of 3-inch bore and 4 1/4-inch stroke, with gasoline mileage safely above 20 miles per gallon.

And that's the wonder of the Chrysler Six—a wonder so different and so superior that Chrysler was forced to build over \$2,000 cars to meet the first-year demand.

Of course you don't want to drive your Chrysler over 70 miles an hour. In fact you may never go that fast. But there is something you do want that only a speed-ability of 70 miles can give. That something is sure, steady power for steepest hill or deepest sand, a pick-up to flash you out of a traffic tangle, sturdiness, dogged pull so you can throttle to five, even two miles an hour, on high without "bucking."

That's Chrysler performance in a nutshell. You surely must drive the car. It's the only way you can fully appreciate that it is the best built car you ever rode in. We are always eager to demonstrate the Chrysler.

TO YOUNG MEN!

This is specially addressed to the young men who are following the trend of style especially as regards trousers. If you want the bell bottom trousers, with or without cuff, here is the place to get them; we are making and have made recently some splendid examples of this style. This also applies to the straight hanging English trousers hanging free from the hips to the cuff; with plenty of room at knees and bottom.

Horse Cough Mixture!

At the present time there are quite a few Horses in the city suffering from Coughs.

We have an excellent mixture that we have been making up the past five or six years for various horse owners in the city and which they say is the best they have ever used. We can supply you with a large bottle of this mixture for \$1.00.

You can get a bottle at either our Water Street, West End, Theatre Hill, or Wholesale Department, Duckworth Street Stores.
