DRESS AND MANTLE MAKING

The Fashionable West End.

To the Ladies:

We have during the past two years re-templated the establishment of a Dress Making DEPARTMENT, connected with our other branches. The difficulty of obtaining a suitable person to take charge, has up to the present time, only prevented us from doing so.

We have now great pleasure in informing you that we have secured the services of Miss MORRISON, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has by the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress-making Establishments in the City of Toronto.

Miss Morrison is also an experienced Mantle maker, and all orders entrusted to her will be executed in a style equal to anything that can be obtained in the largest cities.

Orders for these departments will be received on all days except Monday next, the 30th of July.

A. O. BUCHAN, Fashionable West End Dress, Mantle and Millinery Establishment.

THIS MORNING'S DESPATCHES

The Cholera in Prussia.

Election in Scotland.

Lynch Law in Indiana.

The Indians on the Frontier.

London, June 28th.—A Berlin despatch says the cholera has appeared in that city, and two deaths from the disease occurred yesterday. The inhabitants are reported to be greatly alarmed.

The election to fill the vacancy in the House of Commons for Berwickshire, Scotland, yesterday, resulted in the return of Mr. Millar, the Liberal candidate, by a majority of 114.

Madrid, June 28th.—Senator Pi y Margall has formed a compromise with the Ministry, which is constituted as follows: President of the Council and Minister of the Interior, Senator Pi y Margall; Minister of Foreign Affairs, Senator M. Aisonave; Minister of War, Senator Gonzalez; Minister of Finance, Senator Carvajal; Minister of Justice, Senator Bergh; Minister of Education, Senator Ariz; Minister of Colonies, Senator Sorni.

Washington, 1st mo., June 30.—Prohibitions—For middle States and Lower Lake region, gentle to fresh and occasionally brisk winds, mostly from Southeast and South west, generally cloudy weather and rain areas.

New York, June 30.—About two o'clock yesterday morning a body of masked men entered Salem, Indiana, and proceeding to the Jail, demanded the keys of deputy Sheriff Craycraft. The Sheriff refused, when he was seized and confined, and sledge hammers procured with the mob forced its way into the cell of Delos Heffren, who murdered Halstead a few days since. Heffren watched the progress of the mob and prepared himself as well as he could for desperate resistance with pieces of furniture. The mob knowing the desperate character of the man and that the first who entered would be killed, hesitated to attempt an entrance. They saturated balls of twine with coal oil and turpentine and threw them into the cell, lighting up and showing the whereabouts of the prisoner. Some twenty shots were fired, one of which entered his breast and another broke his arm. This incapacitated him from using his arm which held a chair he had sized to defend himself. A stone was thrown at him and struck him on the head and knocked him down and before he could recover he was seized, tied and dragged out of jail to a covered railroad bridge about two squares distant where he was hanged. Just before the rope was put around his neck Heffren asked time to pray, but the lynchers refused, saying they hadn't time. The lynchers dispersed immediately after the affair, and no clue can be obtained as to their identity.

St. Paul, June 28.—A private letter from the American boundary survey party, dated St. Joe Mountain, Dakota Territory, June 21st, says scouts of the English survey party were attacked by Indians at Turtle Mountain. Two scouts were taken prisoners, and others, thirty-three in number, driven from the mountain. The American party move forward on Monday.

POLICE COURT.

Before T. W. Saunders, Esq., P.M. Monday, June 30.

Eliphath Henry was charged with peddling fish through the streets, without having paid his market fees. Being ignorant of the law he was dismissed with a caution.

SELLING LIQUOR ON SATURDAY NIGHT.

The Police Magistrate gave his decision in the case of Jas. Parker and J. Fahry, charged by the Inspector with allowing liquor to be drunk on their premises after 7 o'clock on Saturday evening. The evidence given by the prosecutor was to the effect that there was a light in defendant's bar-rooms after 7 o'clock, which fact accorded to the new Act is made *prima facie* evidence of a sale or other disposal of liquor. Mr. Guthrie, on behalf of defendants, raised two objections, first that the charge was not proved, as there was no proof of liquor having been drunk, and second that the recent Act of the Ontario Legislature is unconstitutional and not binding.

With regard to this second objection the Magistrate gives it as his opinion that it is one which he does not feel called on to determine. As to the first objection, he has come to the conclusion that lights in a bar-room during prohibited hours is only *prima facie* evidence of a sale or other disposal of liquor by way of sale, and that it is not *prima facie* evidence of liquor having been drunk in the bar. Had the words "other disposal" used in the 23rd section of the Act, been intended to cover the drinking of liquor in a bar-room, then the Legislature would not in the same section, and in express words, have prohibited the drinking of liquor therein. The defendant, Parker, however, said he believed there was liquor drunk in his house on the Saturday night in question, after the hour named, which testimony, the Magistrate thinks, supports the information, and warrants him in convicting under it. To the objection made by Mr. Guthrie that defendant should not be questioned as to any time except that stated by the prosecutor, the Magistrate is of opinion that the prosecutor is not confined to any particular moment, but that if it is proved by evidence of drinking any time on Saturday night after 7 p.m., it is sufficient to warrant a conviction.

As regards the charge against Fahry, there were people sitting in the bar, but there was no evidence of liquor having been drunk. The case against him was therefore dismissed.

Mr. Guthrie, on behalf of Mr. Parker, intends to appeal from the above decision.

Local and Other Items.

NARRAGANSETTA FALL SHOW.—It has been decided to hold the fall show in this Township on the 7th October, at Easterbrook, on the Guelph road.

INVITE LEAVE.—The following are the officers of Irvine Lodge, Elora, for the ensuing year:—Br. F. Dalby, W. M., Br. J. McDonald, S. V., Br. J. H. Kenning, J. W. Bro. J. Gordon, Sec., Br. R. Dalby, Treas., Br. J. M. Fraser, S. P., Br. R. Dalby, J. D., Br. F. Vickers, I. G., Br. Wm. Strahan, Tyler, Mrs. Kirkman and J. Dalby stewards.

FOUND DEAD IN BED.—A saloon keeper named D. A. Hoag was found dead in his bed in St. Catherine's, on Saturday morning. He slept several hours of business, which was not opened on that morning, and none of his friends knowing how to account for his absence, decided to make an examination of his premises, when the body was found as above stated. He had retired on Friday evening all right apparently, and evidently died during the night of heart disease.

DAMNED ROBBERY IN TORONTO.—Another bold robbery took place in Toronto on Saturday morning. A Mr. Taylor, traveler for an agricultural manufacturing company, while walking in Queen's Park, was seized by two men, one knocking him down with his fist, while a third drew a revolver and held it to his head. His money (\$16) was abstracted from his pocket-book, which was returned to his pocket. The robbers as usual escaped.

A SPLIT AMONG THE MEMBERS.—The homoeopaths have seceded from the Medical Council. The reason assigned is want of fair play on the part of the Council, towards them; the end is not yet. The Council have at length made a strong effort towards meeting the views of medical students in the matter of reducing fees, entailing expenses and the construction of a better penal clause, which, if carried into effect, will remove objections held by them against appearing before Council for examination.

Fruit Growers Association.—The summer meeting of the Fruit Growers' Association of Ontario, was held in the Music Hall, Chatham, on Tuesday, 24th inst., commencing at eleven o'clock a.m. The attendance, owing to the unforeseen circumstances, was not nearly so large as the delegates expected, or as should have been. Still the meeting was a successful one, and a good deal of valuable information was obtained from and imparted to those present. The President, the Rev. Mr. Burnet, of Hamilton, occupied the chair, and the Vice-President, Mr. Rev. Mr. Allen, of Kingston, the Secretary-Treasurer.

CATERPILLARS.—The *Walker's Herald* says caterpillars are very numerous in some places in that County. In the bush on the Carrick Island within that Corporation they are to be counted by the sands. The trunk of every tree almost is covered with them marching up or down, and not a few are entirely stripped of their leaves. They appear to be gregarious, moving about in flocks. So the vicinity of Sheriff Sutton's bush, last Friday, that the train was actually stopped by them. It took twice back to the station yard to get a fresh start before it succeeded in getting through, the rails for a considerable distance being covered with caterpillars. This is a tall story and might pass muster on the other side of the line, still it is a fact notwithstanding.

FLAVOR OF AMERICAN CHEESE.—We observe that the principal objection to the cheese made in this country is its rank flavor. It is richer and more buttery than English made cheese, but it is "too strong." We have carefully looked at the reported transactions of our cheese makers here in order to learn what causes this rank flavor, and find it imputed to ripening the cheese "too rapidly." This may cause its tone to become decreed, but we are inclined to think it is the use of the rennet. That is used in the usual quantity, as it is in itself at the time of using, the terms which correspond into the objectionable flavor.

CONFEDERATE FRONTIER ASSOCIATION.—The *Ontario* writes: "The late session of the Dominion Parliament at Ottawa, an association was organized to promote the general interests of the Province throughout Canada. It is styled 'The Dominion Editors and Proprietors' Association,' and was immediately jointly members of the profession from every Province in the Dominion. Mr. E. W. White, of Montreal, was unanimously elected President, and Mr. S. Hutchinson, of Galt, Vice-President. The Council comprises representatives from Toronto, Montreal, Ottawa, Quebec, St. John, N. B., and Halifax, N. S. The society already numbers between thirty and forty members in Toronto alone.

Mr. Ewan McColl, the local bard, has more than a Canadian reputation. He is honored for his talented writings by the hundreds of readers of Scottish magazines, and for his early writings in the *Land* received at home, and the prophet there hath honor in his native country. In the last number of the Gaelic publication *Au Gardheal*, published in Glasgow, appears a fine portrait of the bard, and a list of his numbers in the *Land* and *Scott's Free Press*, which can at once be recognized as a reproduction of St. Andrew's Society Bard of Kingston. This honor is well merited from Mr. McColl's position, and is a graceful compliment.—*Why?*

It is well known that one of the best remedies for gout and rheumatism is asparagus. Besides, the plant is one of the earliest that can be raised in this climate, and it is certainly one of the greatest luxuries, selling at a very high price in the market. These being well established facts, it is impossible to assign any valid reason why asparagus should not be much more generally grown than it is. Half an acre of ground would produce, without much labor, five hundred dollars' worth of the vegetable in a single season lasting not over six weeks.

A meeting of the L. O. District Lodge, Mt. Forest District, held on the 14th inst., at Clifford, it was resolved to observe the approaching anniversary of the Battle of the Boyne, by a gathering of the various lodges in the district at Mt. Forest.

Short addresses and other entertainments will be given, to which the public are cordially invited. Admission free. The Guelph Division is in a flourishing condition, numbering nearly 70 members. The following are the officers elected:—W. P. Bro. W. Wilkie, W. A. Sigs, J. Haskings, R. S. Smith, F. E. Bro. E. W. P. Bro. Alex. Reed, Chaplain, Rev. Bro. Howie, Concl., Bro. J. W. Colson, A. Concl., Sis. Anderson, I. S. S. Bro. J. Newgating, O. S. S. Bro. J. Pearson, P. W. P. Bro. R. H. B.

SUDDEN DEATH OF AN OLD RESIDENT.—We regret to record the sudden death of Mr. William Nichols, Hotel keeper of this town, and a very old and respected resident, which took place on Sunday about noon. Mr. Nichols though frail and infirm for some time past was in the enjoyment of his usual health during the past week, and on Saturday night went to bed feeling as an ordinary old man. During the night he had a slight bilious attack, but nothing was thought of it, as he was subject to them. He did not get up on Sunday morning, but took a little breakfast which Mrs. Nichols brought to him. Some time after this while she was sitting by the bed side talking to him, she noticed him give a gasp, and manifest other symptoms which alarmed her and she called out to the other inmates of the house, who were in the garden, to come in. Before they reached the room he was dead, having died of heart disease, to which he had been more or less subject for twenty years. Dr. McGuire was at once sent for, but no efforts of any medical man were of any avail—life had fled. The deceased was a native of Norfolk, England, and came to Guelph on the 11th of June, 1832. He worked at his trade of carpenter, for some years, and in 1845 purchased and started business in the Court House Hotel, which he kept for 28 years, up to the day of his death. He was also for many years caretaker of the Court House. During that long period his house was a model of quietness and good order, and not a single complaint was ever preferred against him by either the authorities or the public. As a citizen he was quiet and unobtrusive, and was held in respect by all his friends and acquaintances.

FATAL ACCIDENT AT CORNBURG.—A sad accident occurred on Saturday evening, resulting fatally. As Mr. Peter Laing and wife were returning to their home in the township of Haldimand, passing the Grand Trunk Station their horses took fright, running away, and threw Mr. Laing out. The wheels passed over him killing him instantly. Mrs. Laing also sustained serious injury.

RIFLE MATCH—TORONTO VS. GUELPH.

On Saturday the team from the Toronto Rifle Club came up to Guelph to have a friendly match with the members of the Guelph Rifle Association. By some oversight the Secretary of the Guelph Club did not get the notice of their coming until the day previous, and consequently was unable to obtain some of the best shots of the Guelph Club from the country. They however made the best of it, and presented a bold front to their opponents. The match was fired at 200, 300, and 400 yards, five shots at each range and twelve men on each side. The match throughout was a very close one, and the shooting on both sides as will be seen by the score, was remarkably good.

The match resulted in favour of the Toronto Club by 22 points. The Guelph men made a capital stand, and the majority of 22 points by which they lost the match is very small, considering the strength of the team from the Toronto Club. The Toronto men were handsomely treated by the officers and members of the Guelph Association. The following is the score:

ELORA LITERARY SOCIETY.

The Elora High School Literary and Scientific Society held their last meeting for the term on Friday afternoon. A number of invited guests were present and took great interest in the proceedings. The exercises of the Society composed of readings and essays by the members; and a debate on the question, "Is England likely to decline among the nations of the world?" was well argued. The chairman, Rev. James Middlemiss, gave his decision for the affirmative.
