PROSECUTOR SUMS UP IN TRIAL OF PATRICK

Declares He Expects to Convict Without the Evidence of Violet Jones.

New York, March 25.—Assistant District Attorney Osborne summed up for the prosecution today in the trial of Albert T. Patrick, accused of the murder of William M. Rice. Mr. Osborne referred to what he called an attack on Capt. Baker by Lawyer Moore yesterday. "I was never so insulted," Mr. Osborne said.

Mr. Moore objected, and Judge Goff told Mr. Osborne to confine himself to his case.

"Your honor should have stopped Mr. Moore yesterday," Mr. Osborne protested.

"Go one with your case," ruled the judge.

"Mr. Moore said to you, gentlemen," the prosecutor continued, turning to

the jury, "that you disregard the testimony of Jones. Well, I agree with him. Disregard Jones. Out of the door goes Jones. The case against Patrick is proved without the testimony of Jones."

Mr. Osborne declared that crime and criminals must be stamped out. "Crime is rampant," he said. "A condition of anarchy is growing. There was more trial than I ever saw before in my life. The very foundations of society were attacked by the behavior of counsel and their conduct of the case."

Mr. Jones declared he killed Rice with chloroform at the instigation of Patrick. He admitted that he had told many lies in several alleged confessions concerning the crime.

THE REASON WHY.

"An" he says there's lots of farmers that says they can't make farmin' pay."

"Yes"

"An" I says, 'I'll tell yer what's the matter with some o' em. A man can't raise crops with his mouth.'"
