IT WAS CURED BY
DOAN'S KIDNEY PILLS.

Read This Wonderful Cure.
It May Do You or Your Friends Some Good to Know About It.

Miss Agnes Creelman, Under Smithfield, N.S., writes:—About 18 months ago I caught cold. It settled in my kidneys, and finally turned into Dropsy. My face, limbs, and feet were very much bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try DOAN'S KIDNEY PILLS, and before I had used half a box I could notice an improvement, and the one box completely cured me. I have never been troubled with it since, thanks to DOAN'S KIDNEY PILLS.

—Mr. Wilfrid J. Blackie has gone on a six weeks' trip to the Pacific coast in the interests of his firm. During his absence Mrs. Blackie and son Mervin will visit friends in Toronto, Detroit and Grand Rapids.

—In the absence of the rector, Rev. J. C. Farthing, who is to preach at the memorial services at Thorndale for the late Rev. Mr. Steen, the pulpit of New St. Paul's, Woodstock, will be occupied on Sunday by Very Rev. Dean Innes, of this city.

—The Bishop of Huron, Principal Weller, of Huron College, Rev. Canon Dunn, Rev. George B. Sage, and Rev. J. H. Moorhouse, all of this city, are to conduct the Wednesday evening service of the Opposition in the Anglican Church, St. Mary's.

—Woodstock Sentinel-Review: James Barnes, the Woodstock man, who was seriously injured in the Wanstead wreck, is home after having spent two months in Victoria Hospital, London. He is yet far from well, as several of his injuries are of a permanent nature.

—About forty members of the league in connection with the Hamilton Road Methodist Church, surprised the pastor, Rev. S. J. Allin, on Friday evening last, by meeting at the parsonage and presenting to him a couple of gifts, accompanied by an address expressing appreciation of the pastor's labors.

—The choir of Knox Church were entertained last evening at the home of Dr. R. Ferguson. About 60 young people enjoyed the hospitality of the doctor and his family. Cards and dancing formed the chief amusement of the evening, in the course of which a delicious collation was served. Altogether it was one of the most enjoyable affairs in South London.

—The portrait of Sir Matthew Crooks Cameron, recently painted by Miss Mildred Peel, daughter of Mr. R. Peel, of this city, has been added to the art gallery on the main staircase of the Parliament buildings, Toronto. Sir Matthew was chief justice and leader of the Opposition in the Local House for several years after 1871. Miss Peel is at present working on a bust of Chief Justice Moss for the Provincial Museum.

THE LATE MISS SALKELD.
Miss Alice Salkeld, aged 19 years, who died here on Saturday, was a daughter of Mr. and Mrs. Jos. Salkeld, Fishing Lake, Assa, N. W. T., formerly of Stratford. For several years past deceased and her sister Jennie had been boarders at Loretto Academy, in Stratford. Last week deceased went to St. Joseph's Hospital, London, to be treated for heart disease. Saturday night, having apparently fully recovered, she was taken to leave for Stratford, when she suddenly collapsed, and after another was in Stratford, having come to visit her daughters about two months ago, and the sudden death of one of them came as a great shock to her. Deceased was a general favorite at the academy, where her presence will be much missed. She leaves, besides her father and mother, one brother and three sisters, all of whom will have the deep sympathy of their many friends in the Classic City.

LIFE'S LITTLE ILLS
Are the Ones Which Cause the Greatest Amount of Suffering.

It is everyday life that distress most people, and to look with sympathy upon the sufferer, and to make him irritable, impatient and fault-finding. The root of these troubles lies in the blood and nerves, and you cannot get rid of them until the blood has been purified and the nerves strengthened and soothed. Dr. Williams' Pink Pills will do this, and will do it more speedily and with more lasting results than any other medicine. In proof of this Mrs. James Patterson, Chilliwick, B. C., says: "My daughter was in poor health, and her system badly run down. She was pale, suffered from severe headaches, and very nervous. We decided to give her Dr. Williams' Pink Pills, and after using six boxes she is a strong, healthy girl. I gladly recommend the pills in similar cases."

These pills cure all blood and nerve troubles, such as anaemia, neuralgia, indigestion, heart trouble, rheumatism, St. Vitus' dance, partial paresis, kidney troubles, and the weakness which afflict women. Be sure you get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People," printed on the wrapper around the box. If in doubt, send direct to the Dr. Williams' Medicine Company, Brockville, Ont., and the pills will be mailed, post paid, at 50c per box, or six boxes for \$2.50.

REGRET THEIR DEPARTURE

Star Lodge, A. O. U. W., Loses
Three Valued Members.

Messrs. Woolley, Marshall and Platt
to Leave This City.

Messrs. Thomas Woolley, Findlay Marshall and Thorndale Platt will shortly move from London to Toronto, with the London Mutual Fire Insurance Company. Their departure from this city is regretted by none of their friends more than by those whom they have made among the members of Star Lodge, No. 367, A. O. U. W., of which all three are officers, and have been regarded by their associates as among the most active workers in the city for the advancement of the order, and in particular of their own lodge. The latter sincerely regret the change that necessitates their removal from London, and appreciate what a loss it will mean to Star Lodge. Their meeting at Albion Block last night served as an opportunity for expressing these sentiments. The three retiring officers were present, and each was presented with a token of the lodge's regard—Bros. Marshall and Platt with a handsome jewel and Bro. Platt with a handsome pipe. The presentations were made by Bro. Stephen Grant, of the finance board of the Grand Lodge, who spoke for all the members in saying that their loss would be keenly felt. Messrs. Woolley, Marshall and Platt replied, and subsequently a very pleasant evening was spent, during which Bro. David Wright presided. Representatives of nearly every city lodge were present, among the visitors being Bro. Cook, of Lambeth. A number of speeches were made, and a containing reference to the esteem in which the departing Workmen are held by the brethren generally.

CIGARETTES AND "HOOKEY"
TWO EVILS DEALT WITH

Board of Education Sees Evil in Both of Them.

Education of London, the cigarette is becoming such a peril to our national life that it calls for special education and legislation. Therefore the movement now on foot to prohibit the manufacture, distribution and sale of this form of tobacco has our hearty sympathy, and we trust it will secure favorable consideration from the Dominion Government.

Furthermore, that this resolution (accompanied by a petition signed by the chairman and secretary of this board) shall be forwarded to the member for London, who shall be requested to present it to the House of Commons.

Permission was asked by the W. C. T. U. to allow Mr. Arthur Deal, purveyor agent for the Ontario Provincial W. C. T. U., to speak to schoolboys during school hours. Trustee Strong moved that the request be granted, and an amendment that it be referred to No. 1 committee being lost.

CAN GO AT EAST.

The resignation of Arthur Vanden from the commercial department at the Collegiate Institute was handed in. It asked that he be relieved from duty March 1. Trustee English moved that the resignation be accepted, but that it should not be effective until the end of the month. The board required a month's notice.

Princed Radcliffe's report for the month showed the following attendance:
On roll. Average. 483
General course..... 190
Commercial course..... 190

Totals..... 640
This showed an increase of 30 over February of 1922, and an increase of 180 over the same month of February, 1921.

Trustee MacRobert's motion that tenders for the printing of the annual report be called for, carried.

CONTRACT FOR LIGHT.
The board have always paid the regular rate for light, while the gas receives at a much lower rate, having a contract with the company. A motion to the effect that similar contract be made between the board and the light company carried.

Blackwell proposed that the iron fence surrounding the Talbot street school be replaced by an iron boulevard, as the former was dangerous and out of order. Referred to No. 2 committee.

A position as substitute on the city teaching staff was applied for by William Merritt.

THE FEAR OF HUSBUG.
Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their astuteness in never being taken in by a medicine, but they are humbugged, especially in medicine.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, hydrochloric acid, Golden Seal, bismuth, hyalitis and astringents. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package.

THE CIGARETTE.
Mrs. May R. Thornley and a number of other members of the W. C. T. U., appeared before the Board of Education to ask the board to vote in favor of the general abolition of the cigarette. She pointed out the evils of its use, and said that as many Canadian municipal bodies had been taking steps towards its extermination, it would not be out of order to ask the board to do something. They, as guardians of the growing boys, had most reason to deal with it. The board agreed with Mrs. Thornley and the following resolution was unanimously passed: "That in the opinion of the Board of Education, the use of the cigarette is a menace to the health and morals of the youth of this city, and it is the duty of the board to take steps to its abolition."

CONDENNS FORMER; Will Appoint Inspector for Latter.
The small boys of London addicted to the time-honored practice of playing "hooky," have been their peaceful hobby seriously disturbed this summer if they attempt to go swimming in school hours. A man who will have no other work than to watch "mitchers" will be appointed by the board of education. Up to the present a member of the police force has done the work, but hereafter his place will be taken by a municipal officer. It was suggested that the officers appointed from the police to go to the teachers, secure a list and hunt up the bad boys who were known to be doing the "hooky" work. The aim of the board was, however, to obtain not only those who go to school when they are not supposed to, but also those who, during school hours he will endeavor to find out why that boy is not studying.

NO FREE TEXT BOOKS.
The board, on a vote, in which the chairman, Mr. Blackwell, presided, refused to consider Trustee McLean's motion to the effect that a scheme for having text books loaned to the pupils be revised. While no very vigorous opposition was entered, the fact that no secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, hydrochloric acid, Golden Seal, bismuth, hyalitis and astringents. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package.

NEW MODERATOR CHOSEN

Rev. R. W. Leitch Elected by the London Presbytery.

Induction of Rev. James Rollins Set for March 19.

The election of a moderator for the ensuing six months was the first item of business before the London Presbytery at its meeting, held in Knox Church, St. Thomas, yesterday. Rev. J. H. Barnett, of Kintyre, was the retiring moderator, and in his place Rev. Robert W. Leitch, of Delaware, was unanimously chosen.

The call from King Street Church to Rev. James Rollins, of Elmvale, was considered, and in the event of its being accepted the induction was set for March 19, the new moderator to preside, Rev. Mr. Jameson, of Newbury, to preach, Dr. McCrae to address the minister, and Rev. D. R. Drummond to address the people.

The nomination of a successor to the late Principal McVicar, of Montreal College, was laid over until the next meeting of the presbytery.

On behalf of the home mission committee, Rev. G. A. MacGillivray reported a careful watch was being kept for any point where services might be begun. So far the only prospective point was in West London, where Sunday school work was being done under the care of St. Andrew's session.

Rev. H. W. Reede, of St. Thomas, convener of Young People's Societies, reported from 23 congregations, showing a great variety of organizations—Home Mission Societies, Christian Endeavor Clubs, Bible study, etc. The total membership reported was 1,142, an increase of 76 over last year. The offering for all purposes was \$1,648. Various forms of service were reported and the estimate of the work was very encouraging.

Recommendations were considered, regarding attention of sessions to the assembly's recommendations re young people; that all interested aim at converting music from being a hindrance to be a help to the higher life. After discussion the report was adopted.

Rev. D. R. Drummond reported the annual meeting of the Presbyterian W. F. M. S.

The question of transfer of Rev. Dr. McMillan, of the American Presbyterian Church, from the Presbytery of Minnesota, was laid over for further information.

NO MONEY FOR ATHLETICS.
A proposal from Trustee Macpherson, asking that the sum of \$200 be appropriated for the advancement of athletic training in the public schools, was defeated. Mr. Macpherson said that the matter was one which would not be decided by another play an important part in school culture. The motion, after being discussed considerably, was lost, more for lack of funds than for any other reason.

Only one clause of No. 1 committee's report was questioned, regarding the exchange of new typewriters for the old ones, which have become unfit for use, at the Collegiate. Two complaints had put in offers, and it was thought that all typewriter companies should be given the chance to tender. The clause was consequently referred back.

That Miss Ella Dickie's name be placed on the substitute list, was permitted. Miss Powell to go to the schools of which Messrs. Eckert and Althoff were principals, to teach drawing, and Miss Whitaker had been placed as substitute in Miss Powell's room in Wortley road school.

That the board had discovered that the collection of kindergarten fees had been discontinued two years ago.

That the following arrangement has been made for the attendance of the children of the school at the Normal training school: First period, Collegiate Institute, every morning; Friday: Victoria school, every Friday morning; Second period, Monday, Princess avenue; Tuesday, Colborne street and Aberdeen; Wednesday, Victoria street and Lorne avenue; Thursday, Talbot street and West London; Friday, Simcoe street.

Lorne avenue school had been closed on Feb. 18 and 19, owing to lack of hard coal, and Wortley road had been closed on Feb. 21, because of failure to obtain kindling wood, said Inspector Carson's report.

The members of the board present were Chairman Hamilton, Trustees Strong, MacRobert, McCormick, Ziegler, Fitzgerald, Evans, Gammon, Dromie, McLean, English, Teasdale, Blackwell, Macpherson, Secretary McElheran and Junior Merritt.

AMERICAN WAYS PREVAIL
One Reason Why Rev. Thomas Wilson Would Not Go to Thorold.

The call extended by the Presbyterian Church, Thorold, to Rev. Thomas Wilson, of this city, was sustained by the Hamilton Presbytery at its meeting yesterday, and ordered to be forwarded to Mr. Wilson. In view of the latter having accepted the call to Walkerton, there is but one thing for him to
