"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa. Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are 'hoating around us ready to attack wherever there is a week point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Crul Service Gazette.

PEAT MOSS HOOF STUFFING \$1.25 per Sample Pail

Order sample pall and you will ever be without it. PEAT MOSS HOOF STUFFING of New York is an article that seems to be destined to have a place on the list of requisites for every well kept stable. The purpose of this preparation is to keep the hoof soft and pliable and to promote free growth of the horny shell. Owners and managers of large stables testify to the soothing as well as vitalizing qualities of the stuffing, and give it most excellent recommendation as a preventive of fever and other resultant diseased conditions of the foot. The stuffing has also the great advantage of being a clean article, ready for use, readily applied, doing away with the often troublesome operation
