The potatoes crop in some of the outports has been very seriously affected by the disease. Throughout the island this eculet is much inferior to last year's growth.

The Public Ledger, one of the best conducted newspapers in Saint John's, is very happy to observe, how again made its appearance in its old size and form.

The Administrator of the Government has notified several appointments to the Bench. The most interesting, but melancholy news, is of a disastrous gale which swept the Colony on the 19th, 20th and 21st inst.

The storm commenced on the 19th, with the wind blowing from the East N. E. accompanied by incessant torrents of rain. The wind during the day had increased to a perfect hurricane.

About a dozen other buildings are mentioned as having been partially destroyed or moved from their proper positions.

Several bridges were carried away. The destruction to shipping and life in the harbour has been most deplorable.

The appearance of dismasted shipping is most distressing. Wrecks cover the waters and dead bodies are continually being washed on shore.

THE ELECTION.

CLOSE OF THE ELECTION.—The candidates returned to serve in General Assembly for this county, were openly declared in the Court House on Tuesday at ten minutes to three o'clock.

Mr. Boyd's vote was demanded a scrutiny of Mr. Fitzgerald's votes; it was decided that the scrutiny should commence on Thursday (to-morrow). Mr. Robinson also requested a scrutiny of the whole votes, and S. G. Andrews for Mr. Hill's representative, also demanded a scrutiny on the part of that Gentleman.

The Candidates and Representatives elect, then addressed the Electors the speeches delivered were very appropriate, but far too lengthy for our columns, the following however is a mere outline.

Mr. Chandler after thanking the Electors for the handsome support he received, then addressed the Electors the speeches delivered were very appropriate, but far too lengthy for our columns, the following however is a mere outline.

Another Union Rumour is current at Montreal, as follows.—A federal junction of all the British Provinces on this continent, at the head of which is to be appointed a Viceroy or Lord Lieutenant with the same powers as that functionary in Ireland—the constitution of the several Provinces to remain much the same as at present, only with certain alterations to suit the altered circumstances.

Melancholy.—It is our painful lot to have to announce the death of Dr. Weston, of St. Stephen, N. B., who was found drowned in a

pected support, had not voted at all—but he held it as a principle in Election matters—that those who did not vote for him were against him.

Dr. Thompson next addressed the Freeholders and promised to use his best endeavours to forward their interests which he said were identical with his own.

Mr. Brown followed.—He felt proud in standing at the head of the poll for the County of Charlotte. But being returned under the peculiar circumstances in which this election was to terminate, with a scrutiny depending.

Mr. Porter next addressed the freeholders after some preliminary observations, he observed that he was brought forward by the people, he had not offered himself; that he had been for many years connected intimately with the leading interests of the county.

Mr. Robinson next addressed the meeting in a neat and appropriate speech—he observed that altho' one of the unsuccessful candidates, he returned his warmest acknowledgements to the constituents for the liberal support he had received.

The High Sheriff here addressed the freeholders, and thanked them for the unanimity, good feeling and order which had been observed throughout the county during the Election, and acknowledged the obligations he was under to those gentlemen who had acted as his Deputies and Poll Clerks.

The following is the state of the Poll at its close in each Parish—Digdegwash Mills and the Rolling Dam being in St. Patrick.

Table with 6 columns: Name, Thonson, Boyd, House, Power, Freeholders. Lists names like St. James, St. Stephen, St. David, St. Andrews, Digdegwash, Rolling Dam, St. George, Pennfield, West Isles, Grand Marston.

We regret that we have the unpleasant duty of recording an instance of depravity, that we sincerely hope prevails no where else in this province.

Another Fire.—On the morning of Saturday last, about 2 o'clock, A. M. the house of Mr. Ephraim Turner, Oak Bay, was, with nearly all its contents, consumed by fire.

THE ELECTION.—We regret to learn that at the closing of the poll in Sunbury, some of the Electors were attacked on the Oranoceto Bridge by ruffians armed with bludgeons, and that Mr. Perley True, a relative Major Haywards, the leading Candidate, was severely beaten.

The new Election Law has worked well in this County, all that is wanted now is a Registration law, which we are happy to state will be applied for at the next meeting of the Legislature.

Broom Cask.—We have seen at the Broom factory of Mr. Sims, some new brooms manufactured from broom corn grown in this neighbourhood.

CATTLE SHOW AND FAIR.—On Saturday last, the Charlotte County Agricultural Society held its annual Fair, in the lots adjoining the Treasurer's office.

of God. Callous indeed must the heart of that man be, and brutal must be his nature, that could thus wantonly despoil a place set apart for the worship of Jehovah.

A suitable reward should be offered in place for the satisfaction of such a heinous and high handed offence. We have no doubt that the perpetrators of such a diabolical outrage will receive their reward sooner or later, but we should like to see a prompt and condign punishment administered to such ruthless violators of every law whether human or divine.
