

was fixed at the East side of the town of St. Andrews, near Light House point, and it was agreed that the work should be formally commenced in about ten days. The grading of the first four miles will go on at once, and ten miles more, of which a contract Survey has been made, will be put under contract for next spring, the timber and other materials to be prepared during the winter. A Railway may now be said to have positively been commenced in New Brunswick, and our spirited neighbours of St. Andrews have undoubtedly carried of the pain from us on this occasion.

DR. WISTAR'S BALSAM OF WILD CHERRY.
This is a chemical extract of Wild Cherry and Tar. Every body knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption, and Lung affections generally, by our oldest and safest physicians. Various remedies, it is true, have been offered and puff'd into notice for the cure of diseases of the lungs, and some have been found to doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none has proved as successful as this. For Asthma, Shortness of Breath, and similar affections it may be regarded as a positive cure. It has cured Asthma in many cases of ten and twenty years standing, after physicians had declared the case beyond the reach of medicine.

This Balsam is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates. It is Nature's own medicine for the cure of these affections. It is not a drug, but the true Balsam of Wild Cherry. Let us not neglect her plainest dictates. None genuine, unless signed I. BUTTS on the wrapper. Sold by Thomas Sims, St. Andrews.
