

PROSPECTUS
OF
THE CANADA FARMER,
A NEW (FORTNIGHTLY) JOURNAL

OF
Agriculture, Horticulture, and Rural Affairs.

The Subscriber has determined to make the experiment whether a first-class Agricultural Journal can be sustained in Canada. He proposes to issue early in January, 1864, the first number of THE CANADA FARMER, and to continue the publication on the 1st and 15th days of each month. Each number will contain sixteen pages *quarto* of closely printed matter. It will be printed on fine paper, from an entirely new font of type. The services of an able agricultural writer as Editor-in-Chief have been secured, and he will be assisted by an efficient staff of Writers, Reporters and Correspondents. First-class Artists and Engravers have also been retained to prepare illustrations for the paper. No exertion or expenditure will be spared to render the new Journal a worthy representative and advocate of the Agricultural interests of Canada.

In the conduct of THE CANADA FARMER, the following ends will be zealously labored for:—

- 1.—To arouse public attention, by frank and temperate discussion, to all questions scientific, commercial, legislative or otherwise, specially affecting the Farming interest.
- 2.—To stimulate the Agriculturists of our country to adopt an improved system of husbandry, by blending the lessons of modern science with the practical experience of the Canadian farmer.
- 3.—To bring under the attention of our Farmers all improvements at home or abroad, worthy of adoption, affecting the management of FIELD CROPS—the BARN-YARD—the STABLE—the DAIRY—the ORCHARD—the POULTRY-YARD—the APIARY—the KITCHEN GARDEN, and the FLOWER GARDEN; and to excite an interest in the progress of Rural Architecture and Landscape Gardening, and in all that concerns the Domestic Economy of the Farm-house.
- 4.—To mark and report all improvements in Agricultural Machinery—foster new inven-

tions—and promote the adoption of all labor-saving machines in the work of the farm and garden.

- 5.—To keep prominently under attention all that specially concerns the Dairy-farmer and the Grazier;—the best breeds of Cattle—the best systems of feeding—the most approved processes of Cheese and Butter making—the best mode of packing—and the best markets to sell in.
- 6.—To keep prominently in view whatever is specially interesting to the Sheep-raiser and Wool-grower—the breeds best adapted to our climate—the best systems of winter and summer management—and the varying prospects of the Wool market.
- 7.—To afford the Farmers of Canada an ever-open medium for addressing their brother Agriculturists throughout the Province, suggesting matters of common interest and advantage, and eliciting information or advice on practical questions of difficulty or doubt.
- 8.—To report concisely the proceedings of Agricultural Shows, Fairs and Sales throughout the Province—note the condition and progress of the Herds and Flocks of prominent Stock-breeders; record the importation of Thoroughbred Stock from abroad, and publish Engravings of first-class Prize Animals.
- 9.—To watch and report carefully and promptly the actual state and probable prospects of the Produce Markets at home and abroad; and specially promote all movements designed to secure the best prices in the best markets for Canadian Farm Produce.
- 10.—To afford the Farmers of Canada a common medium where all who have for sale Live Stock, or Seed Grain, or Land, or who may wish to buy such, can make their desires known directly to the whole farming population of Canada.
