Drummond's "Natural Law in the Spiritual World" is far

away the most widely read work in the religious literature of the present day. BISHOP DOANE pronounces it: "A Great work." BISHOP COXE: "Grand reading." *The Christian Union*: "Almost a revelation." *The Churchman*: "Those who fail to read will suffer a serious loss." DR. CHAS. F. DEEMS: "If you read only one book this year, let it be

From \$1.50 Natural Law in the Spiritual World." *The Chicago Standard*: "One of those rare books which find a new point of view from which old things become new." DR. HENSON: "None of the nonsense of the new theology, but the old theology splendidly illuminated." *The Non-conformist*: "A most original and ingenious book, instructive and suggestive in the highest degree." *Aberdeen Free Press*: "It is difficult to say whether the scientific or the religious reader

will be the most surprised and delighted as he reads." This work was first published in this country at the price of \$1.50, then reduced by competition to \$1.00. I have just issued a new and beautiful Ideal Edition, unabridged, large type, handsomely bound in cloth, price 25 cents; postage, 8c.; an extra copy free for a club of five.
