

fish, on Monday last, will land at Guysborough, and proceed thence to Antigonish. Sir Gaspar is probably en route to be present at the Proton Agricultural Exhibition, to take place at an early day.—*ib.*

The Sale of Fancy Articles, contributed by friends of the St. Margaret's Bay Mission, in Jersey and England, and advertised by the Rev. J. Stannago to take place on the 14th of October, has been postponed until Wednesday the 17th of December, when it will be held at the Masonic Hall.

An admirable address was delivered at Temperance Hall, on Wednesday evening, by J. W. Marriott, Esq., on the policy and results of the late war. As there was a Reporter present taking notes, we presume there will be a full account of it in some of the city papers. The speaker was loudly and repeatedly applauded, by a highly respectable audience. For soundness of sentiment, purity of diction, and elevation of thought, as well as gracefulness and ease of elocution, Mr. Marriott has indeed few equals on that platform, and we hope that those who cater for the public taste and improvement, will be enabled to secure his services on many future occasions.

Mr. Halliburton followed on the social customs of England, in ancient times.

Sweet music was discoursed during the evening from the fine Band of the 62nd Regiment.

We sincerely trust that a substantial result will reward the exertions of those praiseworthy individuals who have got up these improving entertainments.

Hugo Reid, Esq., was announced as the Lecturer for Wednesday evening next, and we have no doubt that an interesting address may be expected.—*Morning Journal.*

SHEDIAC RAILWAY.—We are happy to learn that the Railway between Shediac and the Bend is progressing more rapidly than was anticipated. Mr. Walker, of Quebec, the contractor of the Shediac end of the line, has 300 men at work, and adds to their number daily. He is pushing on most vigorously. The other two contractors have each nearly the same number, and we observe that Mr. Brookfield, the contractor near the Bend, has advertised for 200 more men in Prince Edward Island.

The locomotive at Shediac is being put in working order, and in another fortnight the scream of the steam-whistle will be heard along the railway for three miles along the Harbor of Shediac. It is anticipated that by the first of December next, the locomotive will be running 9 miles from Shediac toward the Bend; and from the general progress of the work, there seems little doubt, that the whole line from Shediac to the Bend, will be traversed by railway cars early in April next.

While the massive stone bridge across the Seadone river (near Shediac Harbor), is being finished, a temporary wooden bridge has been erected, and the ballasting of the line, by means of steam, will go on expeditiously. Mr. Light is doing his work very quietly, but in the most expeditious and efficient manner.—*St. John paper.*

HOLLOWAY'S PILLS.—The immense quantity of these extraordinary Pills sold in Canada, is at once a sufficient proof of the estimation in which they are held by the public, and the power they possess in vanquishing disease, is alike worthy of comment. Their extraordinary efficacy

in liver and stomach complaints, as well as dropsy, and affections of the liver and bilious disorders. It is presumed is the sole reason of their popularity, it is estimated that their effect upwards of 3000 cures per annum in Canada, alone, thereby showing that a vast number of the community at the present moment owe their health (many their lives) to the virtues possessed by these infallible Pills.
